Nova House's annual Women's Wellness Day helps lift spirits

By Lindsey Enns

More than 150 women were treated to a day of pampering and were connected with local services during Nova House's annual Women's Wellness Day at Selkirk United Church last Wednesday.

Tracy Curle, an outreach counsellor at Nova House, said they were able to host this year's event thanks to funding provided through the federal government's Department of Justice. The theme of this year's event, which was held during Victims and Survivors of Crime Awareness week, was all about "transforming the culture together."

"When we think of this event, this event is not just for Selkirk, it's for Selkirk and surrounding area," Curle said. "I love that we can connect with each other and that agencies can connect with each other."

Although the day is about providing free services for women, Curle said she hopes it also helps women start a new chapter in their lives.

"The pampering draws people in and we want people to feel important and special but to also take care of themselves in all aspects of their lives," she said.

Some of the self-care stations available this year included skin care and makeup sessions, henna tattoos, hairstyling, mini-manicures as well as arm and hand massages just to name a few.

"I think it's wonderful," said a cur-

rent Nova House client who asked to remain anonymous. "It's just kind of overwhelming the stuff they're doing for us, for the women.

"It lifts our spirits and gives us some hope and the fact that there are all of these

services that are here for us that we didn't know about before."

Along with the pampering, the event hosted several information booths that women could visit to learn more about the resources offered throughout the Interlake. Some of the booths included the Addictions Foundation of Manitoba, Growing Years Family Resource Centre, Interlake Sexual Exploitation Educators, the Interlake-Eastern Regional Health Authority's Mobile Wellness Team, the RCMP as well as the Sexual Assault Recovery and Healing program.

Curle said Nova House has been organizing a Women's Wellness Day in Selkirk for more than 16 years. Origi-

nally, the event was open only to Nova House clients, but Curle says they realized it was important for all women in the Interlake to participate.

For Viktoria Westgate, Nova House's new executive director, this was her first Women's Wellness Day and she said they plan to continue hosting this annual community event for many years to come.

"I think it's absolutely fantastic," Westgate said. "The staff at Nova House has put this together themselves, it is just incredible how the whole community comes out and supports it.

"It just goes to show how supportive Selkirk is. Being here makes me proud to be working with Nova House."

Health, housing and finances among top concerns for seniors: Report

By Justin Luschinski

Pensions, affordable housing, and health care are the top issues for seniors, according to a report issued by the Kildonan-St. Paul Seniors Council last week.

The report, which was presented to Liberal MP MaryAnn Mihychuk (Kildonan–St. Paul) last Friday, was a result of six public hearings, where seniors voiced their concerns to an independent council of residents. These concerns would then be compiled and presented to Prime Minister Justin Trudeau, as well as Jean-Yves Duclos, federal minister of families, children and social development.

Mihychuk said she's hoping this report will inspire the federal government to act.

"One of the most driving issues was the call for attention for those precarious seniors. Who are living day to day, hoping they don't fall into a place where they can't support themselves," Mihychuk said. "I think this report, with me giving it to the Prime Minister directly, will give these issues more attention."

The report separates their recommendations into five categories: Housing, Finances, Health, Quality of Life, and Services for Seniors.

For housing, the council recommends the government allocate a portion of the \$40 billion commitment to affordable housing towards creating low-income senior residencies. They also recommend a national Pharmacare program, and tax exemptions to help cover health costs, such as hearing aids or CPAP machines.

Bob McIntosh, co-chair of the Kildonan-St. Paul Seniors Council, said he was surprised to learn about the senior's quality of life issues.

"One of the things that stood out was mobility for seniors," McIntosh said. "In the winter especially, our seniors are stuck at home, and when you're on your own, it can get lonely, and that's not good for your health. You're quality of life is so important, everything else follows that."

According to the report, 116 people attended the public hearings, with 77 per cent of those attendees being women. A total of 89 women and 27 men attended, but no gender breakdown is available for the 14 people who submitted written responses.

The responses were somewhat evenly split between Housing, Health, Finances, and Quality of Life issues, with Health at the top with 21 presentations from seniors.

The council was formed with Mihychuk's support, providing a representative to organize the public hearings, as well as an official writer. Mihychuk said she doesn't know when she'll be able to meet with the Prime Minister, but she plans to let the council know when she does.

RECORD PHOTO BY JUSTIN LUSCHINSKI

Pictured from left to right: Liberal MP MaryAnn Mihychuk (Kildonan–St. Paul), Melody Bodnarchuk, and Bob McIntosh hold up the Kildonan-St. Paul Seniors Council report, which was released last Friday. Mihychuk plans to present the council's findings to Prime Minister Justin Trudeau in the near future.

Forge and Forum helps build community for local blacksmiths

By Lindsey Enns

Those interested in learning more about what it takes to be a blacksmith and about the ancient craft came together during the third annual Forge and Forum at Cloverdale Forge in St. Andrews last Saturday.

Karen Rudolph, who along with her husband Matt Jenkins own Cloverdale Forge, said they started the daylong event three years ago to help build a community for forgers and blacksmiths.

During Forge and Forum, which is held on the first Saturday in June, the local blacksmith business owners bring in a demonstrator and allow those interested in learning more about the craft to ask questions and learn new skills.

"It's to create community, have dis-

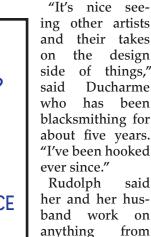

cussions," Rudolph said. "We really encourage youth to come.

"One of the things for us is to encourage the passing down of the terminology and techniques of this ancient craft to keep it alive."

During this year's Forge and Forum, attendees got a front row seat as internationally renowned blacksmith Lynda Metcalfe lit up the forge.

"Learning the craft is a lifelong process of learning techniques then pushing them further with new ideas and designs," Metcalfe said in a handout.

Among the nearly 75 people who attended this year's Forge and Forum was Steve Ducharme of Winnipeg. Ducharme said this was his third year attending and thinks its a great event for Manitoba.

said her and her husband work on fromrailings, gates, hinges and hardsmall projects, fire hookers and boot

"We also do custom work," she said. "It's really up to the maker to push the craft." Jenkins

everyone who grew up in this area's childhood."

Jenkins said he grew up around blacksmithing. His father worked at Lower Fort Garry for many years as a blacksmith and as he got older, Jenkins followed in his father's footsteps.

"I really didn't get started until about 25 years ago, when I was in university," Jenkins said." I like the physical manifestation of an idea so I can take kind of a rusty pice of steel ... and I can hammer it and mash it into the shape I need, which is kind of cool."

Jenkins said Forge and Forum helps bring outside knowledge about the craft to Manitoba.

"Manitoba doesn't have a very active (blacksmithing) community so we're trying to build that," he said. "We're trying to spark that fire in the blacksmithing community."

Selkirk Park plays host to Kids Fishing For A Cure

By Lindsey Enns

A little wind and rain didn't stop 26 children and their family members from enjoying this year's Kids Fishing For A Cure derby in Selkirk Park last Saturday.

Selkirk resident Bobbi Carter, who has been helping organize the derby in some capacity for more than 20 years, said the free event is all about letting kids who are currently undergoing cancer treatment just be kids for a day.

"The very first year we did it I think we had 11 participants, but it's grown from there," said Carter, who is currently the event's secretary and derby chairperson. "It's just all about seeing the happiness on the kids faces. A lot of them have never even been on a boat ride so they can come out and go fishing and they have a wonderful time."

Various fundraisers are organized to raise money for the annual fishing derby, along with the help of sponsors and donations. Derby day includes a pancake breakfast, boat operators

Children and their family members from across Manitoba took part in this year's Kids Fishing For A Cure derby held in Selkirk Park last Saturday.

taking participants out to fish on the Red River, followed by a lunch of hot dogs, hamburgers, drinks and treats. This year there was also face painting and visits from various local and area mascots.

There was also a raffle and silent auction, then a presentation of trophies, medallions and the presentation of a bicycle to the overall derby winner.

Kids Fishing For A Cure is a nonprofit organization, with net proceeds going to benefit pediatric cancer patients. To date, the Kids Fishing For A Cure organization has donated more than \$150,000 in cash and gifts to Children's Hospital pediatric oncology ward, the playroom at CancerCare Manitoba as well as the CancerCare Manitoba Foundation.

"What we want to do is raise enough funds to keep this derby going for children, that's what we're all about," Carter said.

Those interested in volunteering with next year's derby can contact Bobbi Carter directly at 204-785-8526 or find "Kids Fishing For A Cure Manitoba" on Facebook.

St. Andrews garage sale helps bring community together

By Lindsey Enns

An annual garage sale in the RM of St. Andrews helped bring community and area members together once again last weekend.

"It's amazing," said Lisa Anderson, one of the organizers behind this year's Garage Sale and Family Fun Day fundraiser at the St. Andrews Community Club last Saturday morning. "People keep donating, people are volunteering, people are coming and it's beautiful to see the community come together and feel the support. It's great. I love it."

This year's event helped raise more than \$15,000 in honour of Anderson's son Gordon, a seven-year-old boy from St. Andrews who passed away in a car accident on his way to a piano lesson the night of his Christmas con-

RECORD PHOTOS BY LINDSEY ENNS

Community and area members comb through book donations during this year's Garage Sale and Family Fun Day fundraiser, which featured live music, at the St. Andrews Community Club last Saturday.

cert in 2012.

Over the years, the more than \$50,000 raised during the garage sale has helped St. Andrews School purchase musical instruments for their music program, and St. Andrews Community Club buy new equipment.

This year, funds will be split between the community club, the school's music program and the new Selkirk Youth Community Choir, because Gordon would have been in Grade 7 this year.

"There's not really anything for choir for that age group," Anderson said, adding the choir is expected to start up sometime in the fall. "It's happening and we're helping to support that. I'm super excited about that."

The annual garage sale was started in 2013 by Gracie, a seven-year-old St. Andrews girl, who tragically passed away the following year. Gracie's family and the community repeated the sale that year in her memory, and invited the Anderson family to join in memory of their son Gordon the next year. The Herntier family have now passed the torch to the Andersons to continue the garage sale.

"Ana and Tony (Gracie's grandparents) were such a big help so of course I was feeling the pressure this year not having them but they were done and it's understandable," Anderson said. "It's a really big job ... but I'm still getting a lot of support from the community. It's a great event."

Donations of gently used clothes, toys, household items, books and electronics were just some of things that filled the St. Andrews Community Club during the two-day garage sale that took place last Friday evening and last Saturday.

This year's event also included hot dogs and pizza, face painting, a bouncy castle, tractor train rides, a silent auction and new this year to the event was live music.

Community comes together for ANAF Ladies Auxiliary spring tea

By Justin Luschinski

The Army Navy and Air Force (ANAF) Ladies Auxiliary hosted their annual spring tea last Sunday afternoon.

The tea brought together community members and local dignitaries, including Selkirk Mayor Larry Johannson, to enjoy snacks and of course tea. The 86th annual event, which took place inside the ANAF's club room along Clandeboye Avenue, was organized by the Ladies Auxiliary. Evelyn Milner, the president of the

Ladies Auxiliary, said that it's a very important event for Selkirk.

"It's a lot of fun, you get to meet different people ... It's a chance to bring everyone together for a good cause. We help out through the organizations we donate to, a lot of work goes into putting on the tea," Milner said.

Faye Drummond and Chris Bowman, two Selkirk residents, said it's important to come and support veter-

ans and the Ladies Auxiliary.

"This is very necessary, it's a chance to raise some money for a good cause, and talk to different people," Drummond said.

"It's always lovely, everything

looks beautiful. The Ladies Auxiliary doesn't have a lot of members, but the people they do have are capable, and they always do a great job," Bowman. The funds raised at the tea will go

towards the Ladies Auxiliary as well

as several other charitable organizations throughout the city, such as the Sea Cadets.

To learn more about the ANAF Ladies Auxiliary, call 204-482-3941.

Comp students compete in Churchill

SUBMITTED PHOTO

Last weekend, a team of five high school students from the Comp competed in the Manitoba Envirothon in Churchill, Man. They won this event and have been chosen to represent Manitoba at the North American Envirothon in Pocatello, Idaho this July. This year's team from the Comp (Deirdre Rooney, Andrea Baeza, Stephanie Atkins, Kinnon Lycan, and Melissa Vieira) is the first team from the Selkirk high school to ever win the Manitoba event. The Envirothon is a hands-on environmental education competition for high school students. The competition has two parts: a field test and an oral presentation. There are five main areas of study - soils and land use, forestry, aquatic ecology, wildlife, and a current theme that changes each year. This approach to environmental education helps students develop skills necessary to address environmental issues, such as team work, problem-solving, critical thinking, and public debate.

Students to host grad car wash fundraiser June 9

SUBMITTED PHOTO

A group of Selkirk high school students are gearing up to host a fundraising car wash for their upcoming safe grad event. Grade 12 Comp students will be washing vehicles outside Selkirk's Boyd Auto Body, located at 139 Main St., from 10 a.m. to 2 p.m. on Saturday, June 9. Proceeds will go towards the Comp's annual safe grad event taking place at the Selkirk Rec Complex on Thursday, June 28.

Always bring more minnows

get RED RIVER > CHALET BEACH > LAKE WINNIPEG

Hello again fellow fishers.

> ARNIE WEIDL

Drifts of Zebra Mussel shells were strewn aside or crushed under my shuffling feet as I plodded through the sand, stones and shells on the north shore of the Winnipeg Beach Marina. A lone angler off in the distance laid casually on a huge rock, his weathered cap shading his eyes from the sun. Within arm's reach his fishing rod was jammed between some rocks with its line well out offshore. I approached him clinking through the shells on last Tuesday's bright early calm morning."I don't see you having any fish yet." I remarked. "No, nothing," he returned with a distinctive British accent. "I'm Arnie Weidl. It's nice out here," I said starting a conversation."Grant Reynolds," he responded, shifting his body on the rock with the fluidity of an athlete. Short grey hair peeked out from under his cap. His grey handle bar mustache was full and wide. He had the rugged vitality of a guy who might have seen the inside of a boxing ring at one time. "Would you have a fishing story for us? " I asked. He seemed a man not given to talking much but began in a deep forceful voice recalling when he was eighteen working in rescue operations close to the Earl of Scarborough's' grounds. Apparently, the Earl was a very nice fellow and let the crew member's fish on his grounds any time they wished. He smiled remembering how they used to hand make shiny tin foil lures and caught all the bass and drum they wanted. The peacefulness of our surroundings overtook us for a moment and we sat in silence. When I rose to leave, in keeping with the mood, I simply said, "Have a good one Grant."

RECORD PHOTO BY ARNIE WEIDL Russ Okun, pictured left, and Jim Roberts, right, with one of their many catches on the Red by the blue bridge downstream of Selkirk.

getting his boat ready for launching. pulled up beside his rig and lowering my drivers window, was about to strike up a conversation when he quickly left his boat and came up to my door saying, "You're Arnie Weidl, my wife and I read you every week." "Well, thank you," I said, "So I suppose you know what I'm about to ask you." Our new friend offered his name as Duncan Wain. He stood tall in a firm frame seemingly born to a life on the winter's ice and the summer's waters with his swarthy looks and unkempt salt and pepper hair. He was a Marine Biologist, he said, from Garson by Highland Glen. He began talking about his work and I having had the good fortune to have met other professionals like Duncan who loved their work, wisely kept my mouth shut and hung onto his words. He spoke with the timber of an educated

man but his outlook on work showed he was practical and used his education as a tool to get his job done. Like many driven people, Duncan went on enthusiastically about his work and in time told of a trick to transport certain species from one waterway to another. You place burlap sacks where the fish spawn and the fertilized eggs will stick onto it then you pick it up and move it where you want. This was obviously a technique that should only be used by authorized professionals. Then he recalled when he was young and fishing at Nutimik Lake he wanted to catch a sturgeon so he baited his hook with night crawlers but wound up catching nothing but walleye. Ok, he thought, if that's the way it's going to be, I'll use minnows. Who knows, he reckoned, a sturgeon might bite! He baited up, threw in his line and soon caught a five foot sturgeon! Duncan, smiling at me, moralized, "That's when I learned, when it comes to fishing you may think you know everything and that's when those fish will do the unpredictable!"

The low water in the Red River had allowed anglers to make cushioned walkways of the reeds along its banks by the blue bridge downstream of Selkirk. I met two of the nicest regular guys ever when I was there last Friday. Standing with them, it was hard to carry on a conversation because they were so busy catching and releasing one drum after another. I finally got their names as Russ Okun and Jim Roberts from Winnipeg between catches. After a bit, Jim looked at Russ and said, "I guess we'll have to quit fishing buddy, we're out of minnows!" I couldn't help chuckling to myself wondering how many minnows they had started with as I made my way up the bank to my car!

Come by next week and we'll share more fishing stories.

WSP receives over \$87K in gov't funding to fight Dutch elm disease

Staff

The RM of West St. Paul is receiving \$87,583 to support Dutch elm disease management in their community, St. Paul MLA Ron Schuler announced on Monday morning.

"I am pleased to announce funding to the RM of Springfield, given the importance of mature trees to our environment," Schuler stated in a release on Monday."The Dutch Elm Disease Management Program will continue to support management, and work to curb the spread-of Dutch Elm Disease."

The Government of Manitoba encourages and supports ongoing management of Dutch elm disease to allow trees to retain mature urban tree canopies that provide valuable benefits, such as wind reduction, shade, wildlife habitat, and cleaner air, Schuler added.

"The community of West St. Paul is very pleased to receive the funding ... we rely on our provincial partners in government to recognize and provide our community with funding that allows our community to preserve and maintain our trees,"West St. Paul Mayor Bruce Henley stated in a release.

Many communities, in co-operation with the Manitoba government, have been successfully managing Dutch elm disease for more than 40 years.

The Manitoba Government provides sustainable development funding to projects championed by community-led organizations to help build, upgrade, expand, or acquire facilities focused on culture, recreation, and wellness. Successful grant applicants must also contribute to project forts, grants from other sources, or donated labour and materials.

Selkirk high school goes into lock down mode following stabbing

By Lindsey Enns

Selkirk's high school was forced to go into lock down mode on Monday morning after a student was reportedly stabbed in the hand with an unknown object.

RCMP said officers arrived at the Comp at 9:38 a.m. on Monday following a weapons complaint.

"When officers arrived, a 17-year-old male was suffering from a stab wound to the hand and the suspect had fled," an RCMP spokesperon told the Record via email. "Through investigation, officers were able to track the suspect to a nearby residence. A 14-year-old male was arrested. He is facing charges of Aggravated Assault and Possess Weapon for Dangerous Purpose. The investigation is continuing."

The 14-year-old remains in custody, the spokesperson added.

Lord Selkirk School Division Supt. Michele Polinuk said the Grade 11 Comp student was stabbed in the hand along the sidewalk in front of the school on Monday morning.

Although the sidewalk in front of the school isn't considered school property, Polinuk said the Comp went into lock down mode as a precaution. She added the school went into lock down mode around 9:35 a.m. until around 10:05 a.m.

"The staff and students followed the procedures to a tee and it ended when the RCMP had the assailant in custody," Polinuk said, adding this is the first time the school has had to go into lock down mode for an actual incident. "We've never had a lock down with a

real incident this would be the closest thing." Polinuk said the Grade 11 student required some stitches to his hand and was expected to return to school early this week.

Talented teen hopes his drawings will lead to a career in filmmaking

By Justin Luschinski

Ramsey Desjarlais is living proof that you should never judge a book by its cover.

The mild mannered Grade 12 Comp student from Brokenhead Ojibway Nation mostly keeps to himself. He has a hard time with school and he requires a modified teaching program.

But if you look in his sketchbook, it's filled with detailed drawings of creatures of his own creation. He's a talented artist, and only a few teachers know about his hidden talent.

Steve Richard, the Indigenous student advisor at the Comp, first noticed Desjarlais' artistic abilities after one of his leadership committee meetings.

"I knew he'd been scribbling for years. One year, after a PASS committee meeting, we were scheduling our first ever fall feast. We wanted people to come and take part, and I said to (Desjarlais) "hey, why don't you bring some of your art, and we'll do a miniature gallery?" Richard said.

Richard has since helped Ramsey by hosting one-on-one counselling sessions to help boost Ramsey's confidence as well as helping him achieve his dream of taking film classes at university.

Ramsey said he's inspired by the computer graphics in modern films.

"I'm really inspired by the animation and CG in films. Directors like

Comp student Ramsey Desjarlais holds up two of his drawings inside the local high school last week. Desjarlais is hoping his drawings will help lead to a career in filmmaking in the future.

George Lucas, James Cameron, and Steven Spielberg. I really want to create my own movies, my own stories," he said.

Ramsey is also creating his own fantasy world, inspired by the Medicine Wheel, an Indigenous concept that represents the different races in our world. In Desjarlais' world, Indigenous people are called Cyboriginals, and are cyclops human hybrids, a reference to the "third eye" spirituality of Indigenous cultures. He doesn't have all the details worked out, but

"I REALLY WANT TO CREATE MY OWN MOVIES, MY OWN STORIES."

the world features animal human hybrids, and a physical world and a spirit world. One of his characters, Spirit Wing, is a character in this universe.

Richard said that he's hoping the teachers at the school are pleasantly surprised by Ramsey's hidden gift.

"(Ramsey) has had a psychologist

& Neil Young

said he needs an adapted curriculum. He's battled through that, but he's got a gift. I remember his culinary arts teacher saying 'he should be doing something else' ... but he doesn't know this other side of Desjarlais. He's going to be so surprised when he hears about this."

Ramsey plans to hone his reading and writing skills as well as his confidence, with the help of Richard. Ramsey said he's a "slow-learner" and it causes him to doubt himself. After he graduates, he plans to attend the University of Manitoba and get into filmmaking.

St. Andrews residents question costs surrounding wastewater project

By Justin Luschinski

St. Andrews unveiled their 2018 financial plan recently, which brought forward concerns regarding the RM's wastewater project.

The RM held a public hearing on May 14 where some residents expressed concern over the south St. Andrews wastewater project.

The project includes constructing a forcemain extension through West St. Paul, which would carry wastewater to the City of Winnipeg's North End Water Pollution Control Centre for treatment.

According to the RM, engineering studies and discussions with neighbouring RMs determined that this was the most "cost-effective means to bring permanent wastewater service to South St. Andrews."

St. Andrews and West St. Paul also made a joint application for project support under the Building Canada Fund, which provided an initial \$8 million federal and provincial grant for a regional wastewater system. The RM has also continued to work with other levels of government to secure

additional grant funding for the proj- It's got nothing to do with us. We conect.

However, St. Andrews resident Karen McKenzie, who made a presentation during the public hearing in May, believes the RM is overpaying when it comes to the wastewater project.

"In my opinion, the RM needs to provide more information, they haven't done their due diligence, they should be asking for more details," McKenzie said.

McKenzie said she filed a FIPPA request with the Manitoba Water Services Board and believes that St. Andrews is paying for West St. Paul specific upgrades that don't apply to St. Andrews residents.

But the RM says it isn't paying for anything above what they have promised. St. Andrews Mayor George Pike, said the RM doesn't pay for water me-West St. Paul's end.

firmed the numbers with the Water Services Board," Pike said.

According to a statement provided by the RM, the Manitoba Water Services Board confirmed that St. Andrews was paying their 50 per cent share of the costs, which is \$2,300,206. The board also stated that West St. Paul entered into a separate agreement with them for the five wastewater LID's, such as Rivercrest, and those costs are not included in the St. Andrews payment. The RM did ask that the board identify the project costs in a separate letter, so that St. Andrews can make that information public.

During a special meeting of council

on May 15, which was called to approve to RM's financial plan, St. Andrews Coun. Joy Sul also expressed concern over what she feels is a lack of due diligence on the RM's part regarding the wastewater project.

"In the past, I have asked for a breakdown of costs and to date, have never seen or been provided with any document containing this information," Sul said following the meeting.

The RM's 2018 financial plan was later given a second and third reading during the special meeting of council. More information about the south St. Andrews wastewater project can be found online at rmofstandrews.com.

Lassie ladies gearing up for 22nd annual golf tournament

By Justin Luschinski

DATE:

TIME:

The Lassie Tournament at Larters is looking to drive towards a cure for cancer.

The 22nd annual ladies-only golf tournament will take place on Tuesday, July 1, at Larters at St. Andrews Golf and Country Club. The tournament aims to raise money towards cancer research, and all proceeds go towards CancerCare Manitoba.

Karen Kearney, one of the Lassie committee members, said that almost everyone has to deal with cancer in some way.

"I think everybody knows someone who's experienced cancer, whether that's through a family member or themselves ... We've lost a few members to cancer, it's sort of near and

dear to everyone. We're proud that we can give so much to Cancer-Care every year," Kearney said.

The tournament has raised around \$45,000 over the years, usually raising more than \$4,000 per year.

The tournament can accommodate 144 participants, and there's a silent auction with each prize being worth around \$200 to \$250. The tournament also has flight or handicap prizes, ranging from gift bags to instructions from a pro

Pictured from left to right: Debbie Heroux, Shirley Moster, Tanis Banister, Wendy Sowa, pictured centre, Rachel Berard and Karen Kearney are some of the committee members for the Lassie Tournament at Larters Golf Course in St. Andrews. The event has raised more than \$45,000 for CancerCare Manitoba over the years.

golfer.

Wendy Sowa, one of the Lassie committee members, said she's looking forward to this year's tournament.

"Some people have said it's one of the better tournaments around. We've got some great responses from businesses, we usually have around 30 silent auction prizes," Sowa said.

Sowa said the Lassie tournament

did not start as a fundraiser. The first event was such a success, the committee decided to put the proceeds towards a cause of their choosing, which was cancer research.

Those seeking more information or wanting to register for the tournament can contact Karen Kearney directly via email at kkearney@shaw.ca, or phone Larters at 204-334-2107.

Selkirk Junior Rifle club earns 8 trophies

St. Andrews Rectory looks to attract more visitors this summer

By Justin Luschinski

A historic site located in the heart of the RM of St. Andrews is gearing up for a summer filled with fun and activities for community members and visitors.

The St. Andrews Heritage Centre, which is also known as the Rectory, is transitioning into it's summer programming, featuring several new events that aim to bring some more interest to the heritage site. Some of the new events include a River Road bike tour, a Geocache hunt, and a grain grinding session.

Amanda Sinclair, a co-ordinator for the Rectory, said they're hoping these new events will draw in more residents.

"Some of these events are pretty new to the space. We're just trying to give the Rectory a new look, the biggest thing is getting people in here. When (tourists) see that we're open, they come here, have a great time, and bring their friends back for another visit," Sinclair said.

Sinclair said they're looking to use

RECORD PHOTO BY JUSTIN LUSCHINSKI Summer programming and activities at the St. Andrews Heritage Centre began on Tuesday and runs until the end of August.

the Rectory in unique ways, such as hosting morning yoga classes. Throughout July and August the Rectory will also be hosting a family night

every Wednesday from 6:30 p.m. to 7:30 p.m. On Thursday's in July and August there will also be free activities for kids from 1 p.m. to 4 p.m.

Sinclair said they are also looking to change some of the displays to become more representative of Indigenous Peoples.

"We're trying to balance between the Indigenous history, and the settler history. You can see in a lot of the books, Indigenous people haven't been well represented. We're changing some of the exhibits, bringing in and celebrating Indigenous culture," Sinclair said.

The Rectory has received some artifacts from the old Captain Kennedy house, and will be creating an exhibit based on him. They will also be bringing in some Indigenous and Métis artwork, and creating a "community" room, that will showcase the communities that lived here.

The St. Andrews Heritage Centre, located at 374 River Rd. in St. Andrews, opened on June 5 for their summer season, which runs until August.

For full event listings and more information, call 204-339-6396 or visit standrewsrectory.ca.

Sons of the Pioneers to perform at St. Andrews Community Club June 15

Submitted

Roy Rogers Jr. (Dusty) has joined the legendary Sons of the Pioneers and together will be appearing in concert on Friday, June 15, at the St. Andrews Community Club at 7:30 p.m.

Tickets are available online at brownpapertickets.com or by calling 1-800-838-3006.

The Sons of the Pioneers are synonymous with the ultimate in Cowboy music. For decades the premier western singing group has musically painted unforgettable images and stories of horses, cattle, cowboys, "night herds", tall timber, cool water, canyons and prairies. Their original songs like "Tumbling Tumbleweeds", "Cool Water" and "Ghost Riders in the Sky" are classics forever entwined into the lore and mystique of the North American West. Both "Tumbleweeds" and "Cool Water" have been inducted into the Grammy Hall of Fame.

Founded by Roy Rogers Sr. and the gifted songwriters (Winnipeg born) Bob Nolan and Tim Spencer; the group garnered national and international fans through appearance in almost 100 western films during the '30s, '40s and '50s. Numerous albums were recorded under contracts with Decca, Columbia, RCA and others. The group provided songs for several John Ford westerns including the soundtrack for "The Searchers" starring John Wayne. When television came along they regularly appeared on the Roy Rogers Show and

had guest appearances on such programs as the Barbara Mandrell Show. Walt Disney called upon the Pioneers to supply the soundtrack for the film "Pecos Bill". They were the first cowboy musical group to perform at Carnegie Hall and the first to headline in Las Vegas casinos.

The current group's configuration is part of a continuous and uninterrupted 84-year existence in which they have accumulated more coveted honors and awards than anyone in Western music. Current members include Roy Rogers Jr. (Dusty), Tommy Nallie, Ken Lattimore, John Fullerton, and Bruce Hoffman (fiddler). The group has historically been inducted into the Country Music Hall of Fame, the Western Music Association Hall of Fame and the National Cowboy Hall of Fame among

Welcome Roy Rogers Jr.

(Dusty) to Manitoba!

others. The Smithsonian Institute named them as "National Treasures."

When not performing their regular theater concert season in September/October in Branson, Missouri, the Pioneers have recently been invited to perform on RFD-TV, PBS program, Nashville's on Grand Ol' Opry and at various theaters and festivals across the country.

youth with employment opportunities

By Justin Luschinski

Are you looking for work this summer? The Selkirk Youth Job Centre might be able to help you out.

Businesses and community members that have full-time, part-time, or casual employment positions to fill can place job orders with the local centre. The centre then refers registered students and youth (ages 16-29) who have the best qualifications for the job. The centre's Odd Job Squad also provides opportunities for youth ages 12-16 to gain work experience and earn money.

The centre also assists young people by providing resume tips, job hunting expertise, as well as hands-on work experience.

Melissa Wall, the youth engagement leader for the centre, said the biggest challenge young people face is a lack of job experience.

"The biggest challenge that teens and kids face when looking for work is probably the fact that they usually have little, if any, previous work experience ... That's why we help teens and kids learn job skills so that they can gain work experience in the future more easily," Wall said in an email statement.

Wall said that many of their applicants are hired to do one-off odd jobs, such as painting or mowing the lawn. The Odd Job Squad will give youth a chance to work various jobs and promote themselves to future employers, while the First Jobs Certificate Program teaches youth the basic skills they need before they start working.

Wall said that kids need to be vigilant when looking for work.

"When looking for work, people should continuously search the internet and newspapers. I also recommend calling or visiting employers to ask if they're hiring. Even if an employer hasn't advertised any positions, they may still be hiring," Wall said.

Wall plans to organize promotional and fundraising events that registrants can participate in, allowing them to learn job skills, and possibly make some money. The centre also offers courses on cover letter writing, resume construction, job search tactics, among others.

For more information, contact Melissa Wall directly at 204-485-3230, or via email at SelkirkMYJC@gov.mb.ca, or drop by the centre's office located at 100 - 260 Superior Avenue in Selkirk.

Selkirk job centre looks to connect Oak Hammock Marsh Interpretive **Centre marks milestone**

By Jennifer McFee

A great grey owl, a tarantula and oodles of insects were all in attendance for the 25th-annivesary celebration of the Oak Hammock Marsh Interpretive Centre last weekend.

On Saturday, June 2, the interpretive centre marked the milestone with a day of festivities, including a live owl presentation with Dr. Jim Duncan of Manitoba Sustainable Development.

Other highlights included entertainment by master of illusion Brian Glow, as well as a live reptile display by Prairie Exotics, water bug identification and guided marsh walks.

For the kiddies, there was much to enjoy with a bouncy castle and slide, face painting, crafts and, of course, sweet slices of anniversary cake.

Jacques Bourgeois, promotions and marketing co-ordinator for the marsh, drew attention to some of the most memorable achievements.

In particular, he points to being named the best outdoor site in Canada in 2000 by Attractions Canada. Then in 2002, British Airways Tourism for Tomorrow named them the global winner for environmental experience.

Two years later, the interpretive centre earned the award of excellence for environmental education by EECOM, and the list goes on, including accolades for their green roof

"Those are some of the key moments in the life of Oak Hammock Marsh Interpretive Centre. We built a centre in the middle of nowhere not knowing what to expect and it became a key at-

traction for the province and beyond," Bourgeois said.

"Nationally, we're regarded as a really great nature centre for wetlands. We received the designation of important bird area, as well, as a place that's important to conserve different species."

However, it wasn't always smooth path on the road to creating the interpretive centre.

"There were some people opposed to us building this beautiful interpretive centre in the wetlands that we're supposed to protect," Bourgeois said.

"It turns out that now there are actually more bird species here than ever, even before the construction. Over two million visitors have had the chance to come and experience hands-on what a wetland is all about." Since the doors opened to the public on May 1, 1993, attitudes towards the marsh have evolved.

"For so long, a wetland was seen as a wasteland. People didn't really see the value or benefits of wetlands. But by having them come here and experience it and see it for themselves, they can see how beneficial it is - not just for wildlife but for us as well. it basically opened a lot of people's eyes and changed a lot of minds," Bourgeois said.

"It went from a wasteland to something is worth actually conserving. And that's the goal of this place here: we're trying to raise awareness about the importance of this crucial habitat

Litterbugs need to be caught in the act

My husband and I walk regularly along the River Road North of the Lockport Bridge in the RM of St. Andrews.

This beautiful part of River Road North to Highway 9 is used a lot by people driving, biking or walking and is heavily used by people enjoying a day of fishing on the Red River.

However, much to our dismay we continually find garbage littered along the ditches and shoulders of the road. Everything from beer cans, liquor bottles, plastic bottles and containers, cardboard pizza boxes, paper etc. You name it, we have seen it. (Not to mention the piles of dog excrement that is left on the shoulders of the road as well).

We are disgusted at seeing the gar-

bage that is left just north of Lyall Drive and on the West side of River Road, which are near two popular fishing spots, as well as all along that stretch of River Road, including the parking area provided immediately North of the bridge that is equipped with garbage containers. The ignorance and laziness of individuals to just leave their garbage behind is appalling. I wouldn't want to see what is left behind at the fishing sites.

We feel that it would be within the municipality's best interests to slam a few of these slobs with welldeserved fines. One weekend monitoring these two areas would pay for itself in no time at all!! It wouldn't take much to "catch them in the act" and then maybe they would think twice about taking their garbage with them or making use of the garbage receptacles that are provided. *Alane Cason*

Selkirk hosts successful Grassroots Soccer Festival

Submitted by MSA

The Manitoba Soccer Association held its first Grassroots Festival of the outdoor season in Selkirk on May 26-27.

Over 300 players attended the festival, coming from as far as Swan River and Winnipegosis.

This is the third consecutive year the Interlake region has held a Grassroots Festival and plans are already underway for a Futsal festival this winter.

"The festivals are certainly one of the highlights of my year, as players from all over Manitoba and northern Ontario come together for a weekend of soccer that's purpose is to develop the player both on and off the field," said Scott Ansell, the Manitoba Soccer Grassroots manager.

"It is tough to find playing environments where players feel safe to make mistakes and have the confidence to take risks without consequence. It was refreshing to see players dribbling out of pressure and taking opponents on all over the field."

Grassroots festivals are one of the programs Manitoba Soccer is cur-

rently involved in with the Interlake region. As part of their Community Outreach Program, they are supporting Tri-S Soccer with their new Interlake Skill Centre Program which began at the end of April.

The program is run through each of five community clubs in the region and has been very well received so far by parents, coaches, and players.

"This is a fantastic program that Tri-S Soccer has developed which offers all Interlake soccer players the opportunity to participate in a quality program regardless of the competition stream they are currently playing," Ansell said.

"It is vital that every player is given the opportunity to learn and develop fundamental skills and physical literacy, so they can enjoy playing the game at the level they wish.

"I want to commend the tireless work of all volunteers involved at Tri-S and Interlake community clubs who are committed to providing quality programming for all their soccer participants."

Tri-S Soccer and community club

RECORD PHOTOS SUBMITTED

convenors have been the driving force behind developing soccer in the Interlake region which has seen increasing numbers of new soccer participants and better retention rates.

The region is also experiencing greater demand for soccer throughout the fall and winter months.

"The Tri-S Soccer Club is committed to bringing quality soccer experiences to players of all ages, regardless of their current skill level," said Tri-S Soccer president Vikki Gouveia.

"Our recreational and developmental committees continue to discuss how we can further develop our programs to meet the needs of our players."

Midget Pirates compete at WABA tournament

By Brian Bowman

The North Winnipeg Pirates Midget baseball team finished with a 2-3 record at a WABA tournament last weekend.

North Winnipeg started the tournament Friday with a 14-4 win over Thunder Bay and then was defeated 11-6 by Inside Pitch Academy from Regina.

The Pirates surrendered 12 walks with an inexperienced pitching staff against Regina, said Pirates' head coach Gary Dear.

"It's tough to win when you give up 12 walks," he reasoned.

On Saturday, North Winnipeg lost 13-10 to Alberta's Badlands Academy before dropping a 9-1 decision to the Winnipeg South Chiefs.

The Pirates wrapped up play Sunday with a 6-2 win over Bonivital.

"It wasn't as good as we hoped but we had a lot of kids playing high school (baseball), so we didn't have a lot (of our players) out there," Dear noted. "But it worked out OK."

The tournament was a good way for the Pirates to play a lot of baseball in a short period of time.

"It was huge because we hadn't had a lot of games before (the weekend) during our regular

season," Dear said. "We had only played eight games, so getting that (tournament) in was huge for us."

In league play, the Pirates are red-hot as they were on a five-game winning streak - while boasting a 6-2 record - heading into this week.

"Defensively, I'm going to say up until this tournament, we probably made three errors in the first six or seven games," Dear said. "That was good and our pitchers had been doing extremely well."

North Winnipeg played at St. James this past Tuesday and then will battle the Elmwood Giants in a doubleheader at Koskie Field this Friday with games beginning at 7 p.m. and 9 p.m.

On Saturday, the Pirates will travel to Portage la Prairie for a doubleheader. Games will start at 3 p.m. and 6 p.m.

North Winnipeg will also be busy next week with several games but, fortunately for them, this year's edition of the Pirates have plenty of players that can pitch.

"That's the good thing about this (busy schedule) happening," Dear said. "I have a really strong starting five right now and they have been getting quite a bit of work between what we have and high school.

"Of our 13-man roster, we have, I think 11 players that were, at one time or another, pitchers."

Selkirk crushes Glenlawn to end lacrosse season

By Brian Bowman

The Selkirk Royals' lacrosse team wrapped up its season with a victory.

Selkirk won the consolation side of Division 1B after a solid 12-4 victory over Glenlawn Collegiate last weekend.

"You always want to win your last one, whether it's the final or bronzemedal game," said Royals' head coach Chris Poponick. "We ended up winning the bronze medal in our division and that was kind of nice, especially for the Grade 12s.

"It was a good way to go out."

The Royals left it all out there on the field in their final game of the season.

Draven Clemons paced Selkirk with four goals while Ryley Purse had a hat trick. Both players are seniors.

"They had a good game," Chris Poponick said. "Brady Hrymak, another Grade 12 was missing because he had to work that day, and Ryley really stepped up and had a good game, same with Draven."

Josh Poponick and Evan Anderson each added a pair of goals while Jeremy Rusk also tallied.

Selkirk started action with a tough 7-6 loss to the Edward Schreyer School Barons. It was a back-and-forth affair between both clubs.

Josh Poponick led Selkirk with four goals several of them of a highlight variety - while Clemons and Brady Hrymak added singles.

The end of the Royals' season also means the end of the high school lacrosse careers for the players that were part of Selkirk's program that started three years ago.

The Royals expect to field a team again next year but their numbers may be down from this season.

"I don't want to see this die but the challenge will be finding players," said Chris Poponick, adding he will be back as coach next season.

"That's going to be our big challenge - recruiting."

Chris Poponick said he would be open to the idea of having a co-op with players from another school joining the Royals' program if their school doesn't offer lacrosse.

One example of that joint venture was at Teulon Collegiate this season. Their lacrosse team welcomed players from Warren Collegiate and Powerview and finished with a respectable

RECORD PHOTO BY BRETT MITCHELL

The Selkirk Royals' Ryley Purse protects the ball from an opponent during lacrosse playoff action last Saturday.

7-5 record.

"It's not out of the realm of possibility," Chris Poponick said. "I know Manitoba field lacrosse would like to keep a team going and they would do whatever they can to make sure that they have players."

Steelers build for future with MJHL Bantam draft

By Brian Bowman

The Selkirk Steelers were building their team for the future at the MJHL Bantam draft last Sunday.

And they really like the players that they were able to welcome to the Steelers' organization after this year's draft.

"It went really well," said Steelers' head coach and director of hockey operations Nick Lubimiv. "We got four guys that we targeted and we would have been happy if we got two of them."

Selkirk had the fifth overall pick and selected St. Andrews' defenceman Jared Chapel.

"He's a mature kid," Lubimiv praised."He's a very strong skater and has a high hockey IQ. He has good vision and he shoots the puck very hard. He's a guy that I would expect to play (with us) at 16.

"His ceiling is very high."

Chapel scored three goals and had 12 assists in 29 regular-season games for the Rink H.A. Nationals Bantam Prep team.

In the second round, Selkirk took Winnipeg Sharks' forward Mathieu Catellier.

Catellier is an offensively-talented centre, who had 26 goals and 57 points

in 32 games this past season.

"He's tall and his body is going to fill out and he has very soft hands and is offensively gifted," Lubimiv noted. "He can shoot it and pass it and play the game anyway you want it. He's projected as a top-line centre for us in a couple of years."

The third round saw Selkirk pick Winnipeg Monarchs' blueliner Sam Mitani, a small, sturdy defenceman.

With their next pick, the Steelers snagged Winnipeg Warriors' forward Michael Tanchak.

Tanchak is good on draws and has a high compete level, who is offensively gifted, said Lubimiv.

Selkirk did not have a pick in either the fifth or sixth round as they were traded away previously to Portage and Neepawa.

"We are very happy with how the draft went for us today," Lubimiv said. "With only four picks, we went fourfor-four. All players were high on our list and we were happy they were still available when our pick came around."

The Steelers' two auto-protected players included Nate Goodbrandson, projected to be a top-six power forward in the MJHL, and goaltender Cole Plowman. "Cole Plowman is one of the top goalies in Manitoba for his age group," Lubimiv said. "He's big, he's athletic, and moves well. He has good rebound control for a player that age and when you talk to him, he's a mature kid and he know where he needs to improve. The sky's the limit for him."

The Winkler Flyers had the first overall pick in the annual MJHL Bantam draft and they selected Virden forward Grady Lane.

Lane had 22 goals and 42 points with the Southwest Cougars. The 6-foot, 176-pounder also racked up 99 penalty minutes.

Local players taken in the draft included:

East St. Paul's Branden Huminuk by the Winnipeg Blues (first round, sixth overall).

St. Andrews' Ryland Kuczek by the Virden Oil Capitals (fourth round, 43rd overall).

Narol's Aiden Dufault by the Neepawa Natives (fifth round, 47th overall).

West St. Paul's Adam Ingram by the Portage Terriers (fifth round, 53rd overall).

The Steelers, meanwhile, were also busy on the trade front, acquiring Brett Namaka ('99-born centre) and Mason Waite ('00-born defence-

Jared Chapel

man) from the Neepawa Natives for goalie Nik Anderson ('99), forward Reid Robertson ('00), forward Nathan Driver ('01), a talented player from St. Andrews, and a 2019 fifth-round conditional draft pick.

"It took some work and we got a guy (Namaka) that will play in our top nine," Lubimiv said. "He can play centre, wing, and was a captain of the (Winnipeg) Wild a couple of years ago.

"He can do everything well - power play, penalty kill, and he's a leader he's a very responsible player."

Lancers have record-breaking day at LSSD track and field meet

By Brian Bowman

The Lockport School Lancers had a record-breaking day at the recent Lord Selkirk School Division track and field meet.

A whopping seven LSSD records were broken by Lockport.

Dylan Duguay broke three records and tied another in the Grade 8 boys' category.

He smashed the 100-metre record with a sizzling time of 11.675 seconds.

Duguay also broke a record in the triple jump with a leap of 11.01m (his best this season was 11.90m).

He was equally good in the long jump, breaking a record at 5.05m (his season best jump was 5.50m).

Duguay also tied a divisional high jump record which was set in 2012, finishing at 1.60m.

He also won in hurdles and placed in several other events.

Meanwhile, three records were set in discus.

Benjamin Olafson set the new mark of 32.69m (the old record was 31.70m set in 2007). Olafson's season best is over 36m.

Danica Kubay and Morgan Lenchuk smashed discus records, bettering the previous records by over four metres.

Kubay threw the discus 22.80m (the old Grade 7 girls' record was 18.57

from 2010) while Lenchuk threw it 24.53m (old record was 20.38m in 2015).

Kubay also won the discus event.

"These (Grade 7) girls' had all the realms of track and field covered and put in a performance for the ages," said Lockport Phys. Ed. teacher Marc Morelli in an email.

Lockport was led by Emma Romans (high jump, long jump, hurdles, 4x100m relay), Roxy Gatchell (triple jump, 200m, 300m, 4x100m relay), and Haley Ichiiwa (shot put, 1200m, 800m, and 4x100m relay), who each won four events.

"This group cruised to victory and a divisional banner with an superstrong team effort," Morelli said.

The Lancers' Grade 7 boys were also very good.

"The boys also had all their bases covered and performed incredibly," Morelli praised. Lockport was led by Brennan Feschuk (800m, 2000m, triple jump, 4x100m relay), and Dawson Zeller (hurdles, high jump, long jump, and 4x100m relay), who also won four events each.

Sam Sawchuk won the 100m for the Grade 7 boys, who had a strong and deep contingent on hand. They also captured their divisional banner by a comfortable margin.

The Grade 8 boys were led by Duguay, Liam Cody (first in javelin) while the remainder of Lockport's athletes had to battle tough competition and eked out a banner victory by only a few points, according to Morelli.

Lockport's Grade 8 girls were paced by Lenchuk (first in discus), Isabelle Rickards (tops in high jump), and a wide array of talented teammates.

"The girls were able to grind out a narrow banner victory the old fashion way," Morelli said. "Great communication, effort, skill, and grit."

Lockport's Grade 9 boys were led by Rylan Van Kooten, whose three victories (high jump, long jump, and triple jump) were all near LSSD record marks.

This was a rare sweep of all three jumping events.

Olafson swept the throwing events (shot put and discus) while the rest of his teammates had to really work for all their points as East Selkirk Middle School, Ecole Selkirk Junior High, and Walter Whyte were all strong contingents, said Morelli.

In the end, Lockport's Grade 9 boys' team was able to muster a narrow victory and another banner.

The Lancers' Grade 9 girls, meanwhile, were led by Sierra Buchanen (fastest in the 200m). "The rest of their talented team really worked hard all the way to the end," Morelli said. "In fact, this team may have had to work the hardest as ESMS, ESJH, and WW had such strong teams present.

"In the end, the girls came up three points short in the points standing. The banner went to ESMS but it wasn't an easy victory for them and that makes the coaches very proud of our Grade 9 girls and their fight."

Morelli was really impressed with the performances of all Lockport athletes.

"What the results don't show are the unsung performances by several of our teammates just trying track and field for the first time this season," Morelli said. "They trained hard and qualified legitimately. We are thrilled by our emerging track stars, their results, and the record breakers, of course.

"But the performances of the novices and the athletes that fly under the radar really impressed us. too. As did their impeccable behaviour and sportsmanship on the day. All in all, it was one great day of track and field for the school," he continued.

Loeppky wins McDonald's Leadership Award

Staff

The Selkirk Royals' Annika Loeppky was one of the 16 Manitoba High Schools Athletic Association winners of the 2018 McDonald's Leadership Awards.

Loeppky had an academic average of 98 per cent.

The other female winners included Kristen Brewer (Westpark School), Alina Derksen (Morris School), Jenna Miller (Glenboro School), Brittany Johnson (R.D. Parker Collegiate), Tessley Korchinski (Hapnot Collegiate), Zara Ramlal (Centre scolaire Léo-Rémillard) and Holly Simpson (River East Collegiate).

The male recipients featured Erik

Buchsmann (Morden Collegiate), Greg Campbell Miles (Kisemattawa School), Alex Clemis (Carman Collegiate), Matthew Hedden (St. Paul's High School), Kowan Kukurudz (Ste. Rose School), Lucas Meyer (Vincent Massey Collegiate in Winnipeg),

David Muller (Swan Valley Regional Secondary School), and Lyndon Zimmer (Major Pratt School).

Each of the winners received a \$1,000 scholarship courtesy of Mc-Donald's Manitoba.

The presentation took place at the Seasons of Tuxedo McDonald's at the 457 Sterling Lyon Parkway in Winnipeg on May 29.

Hitting the links

Petersfield's Easton Donohoe was one of several local players that participated at the GM Match Play Championship last Saturday in Teulon. Players were often bundled up while battling the cold, wet conditions delivered by Mother Nature.

ANNOUNCEMENT

Charles (Carl) Skrypec October 2, 1937 - June 6, 2013 Five years have gone since you have passed, Seems like forever since we talked last. We miss your voice, our talks, our laughs, When will this pain end, I often ask, All the memories that are left behind, Just go to show, you were one of a kind. Our lives go on without you, But nothing is the same; We have to hide our heartache. When someone speaks your name. Sad are the hearts that love you. Silent are the tears that fall: Living without you. Is the hardest part of all. You did so many things for us, Your heart was so kind and true: And when we needed someone. We could always count on you. Some day we hope to meet you, We know not when; We shall meet in a better land, And never part again. Our hearts are heavy as again we recall, All the love you gave us which We miss most of all

- Loved forever Nettie, children and grandchildren

OBITUARY

Edward (Ted) Allen Meade On Thursday, May 31, 2018, Ted passed away at the Eriksdale

Personal Care Home. Ted was predeceased by his parents Allan and Elizabeth; wife Florence; brothers John, Adam, Henry, Helgi, and Frank and sisters Martha and Margaret.

Ted was born in Manigotagan and grew up in a large family on the shores of the Manigotagan River. He moved to Selkirk where he spent his working life at the Selkirk Rolling Mills. After Ted retired and his wife Florence passed away, Ted and his son Sheldon spent the summers in their camper at his brothers Elmer's place in Manigotagan fishing and boating on the beautiful Manigotagan River.

If you were a Meade from Manigotagan, you were a musician and singer. Ted was no exception. He wrote songs and played gui-

tar for many years.

He will be deeply missed by the entire Meade family and especially by his son Sheldon and his brothers Charlie, Arthur, and Elmer.

Ted spent his final years at the Eriksdale Personal Care Home. A very special thank you to the staff for their love and care.

A memorial service will be held at Gilbart Funeral Chapel, Selkirk, MB, on Friday, June 8, at 11:00 a.m. Donations in Ted's name can be made to the Eriksdale Personal Care Home.

Condolences, pictures and videos may be left on Ted's tribute wall at www.gilbartfuneralhome.com

OBITUARY

Gilbart Funeral Home, Selkirk in care of arrangements.

com

1952-2018

Suddenly Theodore (Buddy) Popp passed away at his home in West Kildonan on Sunday, June 3, 2018.

Theodore (Buddy) Popp

He is survived by his mother Lorna; sister Margo; nephews Trevor, Kyle, Braedon; many relatives and friends.

At a young age Bud helped his Dad on the farm and later on drove truck down into the United States and all over Canada. He loved and owned many old antique cars.

Service will be held at Old St. Andrews Church on River Road at 2:00 p.m. Saturday, June 9, 2018 with interment to follow in the St. Andrews Cemetery. Honorary pallbearers are Rick, Craig, Ronnie, Kathy, Ian Matson and Chris Kingsland. Friends and relatives are asked to join the family for lunch at Gilbart Reception Centre, 309 Eveline St, additional parking at the back of the building.

We wish to thank Rev. Karen Laldin for help in taking the service at the church. Also much thanks to Kathy Matson for being there for me and also staff at Gilbart Funeral Home, Selkirk, MB. Condolences, pictures and videos may be left on Buddy's tribute wall at www.gilbartfuneralhome.

OBITUARY

Kerry John Taylor March 14th, 1956 - May 25th, 2018

With heavy hearts we announce the passing of our beloved son, brother, father, uncle, grandfather, and friend, Kerry Taylor. He will be greatly missed by all who knew him.

Kerry is survived by his mother Irene, his sisters Tanis and Deb (Tony), his sons Ed (Becky) and James (Amy), and his companion Karen. Kerry was a wonderful grandfather to Darrion, Olivia, and Emily (Ed), Harlon, Kirston, and Karlie (James). Kerry was also a cherished uncle to Billie (Fed) and Amy (Shaun), and a great uncle to Billie's children Noah and Jackson. Kerry was predeceased by his father Tim.

Kerry approached everything in life with gusto; 100% or nothing. He loved his work in Gillam in his younger years and his 30 years at the Manitoba Rolling Mills. Kerry was a generous man with his

time and help. He would and did drive halfway across the country to help his loved ones. He was the best handyman a person could ask for. Ever humble, Kerry referred to himself as a hacker, but he was a determined hacker. He loved a good game of golf and a get together with the family, but not too long because he always had things on the go that needed tending. Kerry also loved kayaking and canoeing, spending time with the gang from Beaconia, and the Red River AA Group.

A celebration of his life will be held on Wednesday, June 20th, 2018 at the Gilbart Funeral Chapel in Selkirk at 2:00 p.m.

Condolences, pictures and videos may be left on Kerry's tribute wall at www.gilbartfuneralhome. com

OBITUARY

Lynda Wilson (nee Bremner/Mattern) November 1, 1947 – May 25, 2018

Suddenly, on May 25, 2018 at her residence in Selkirk, Mb, Lynda Wilson, aged 70 years passed away.

She was predeceased by her husband Leonard; parents Donald and Gloria, and brother George.

Lynda is survived by her brothers Brian and Gerald; sister Bridget (Adrian); nephew Jordan; niece Shelby; close friend Valerie and her adopted sister Jean.

Lynda was born in Winnipeg, MB and moved to Winnipeg Beach at a young age to live with the Mattern family. She married the love of her life Leonard in 1981 and continued to live in Winnipeg Beach and later in life moved to Gimli, Mb. After Leonard passed away in 2005, Lynda ended up residing in Selkirk.

She loved gardening, swimming, coloring, doing puzzles, playing bingo, biking, and getting her hair and nails done. A memorial service will be held on Tuesday, June 5, 2018 at

11:00 a.m. in the Gilbart Funeral Chapel in Selkirk, Mb. Condolences, photos and videos may be left on Lynda's tribute wall at www.gilbartfuneralhome. com.
