Thunder Bay pilot dies in plane crash near St. Andrews Airport

By Lindsey Enns

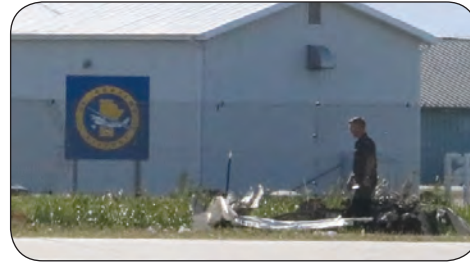

Only pieces remained after a fatal plane crash near St. Andrews Airport last week claimed the life of a 29-year-old man from Thunder Bay, Ont.

St. Andrews Mayor George Pike, who lives near the local airport, said the man was the sole occupant on board the Beech one-engine model A23-19 aircraft when it crashed on Highway 8, between McPhillips Road and Parkdale Road, around 4:30 a.m. last Thursday.

The crash closed Highway 8 for several hours last Thursday while RCMP and local emergency crews were on hand to direct traffic in the area.

"It has now been determined that the plane was taken without the owner's consent," RCMP stated in a release last week. "The deceased was a licenced pilot and known to the owner."

The four-seater plane was reported stolen by the owner last Thursday morning and police confirmed the owner of the plane lives in Manitoba.

RECORD PHOTOS
BY LINDSEY ENNS

RCMP officers investigate after a 29-year-old Thunder Bay, Ont. man died in a plane crash near St. Andrews Airport last Thursday.

The Transportation Safety Board (TSB) confirmed that the plane crashed shortly after takeoff and was destroyed by impact forces.

The RCMP and TSB said they were working together on the investigation. Pike said the incident was "very unfortunate."

"I've lived in St. Andrews for 40 years, not too far from the airport, and the airport has a very good safety record. It's one of the busiest airports in Canada ... and there's been previous incidents," Pike said. "Some have been landing, some have been taking off."

According to their website, St. Andrews Airport is owned by the RM of

St. Andrews. The airport opened in 1962 to relieve the Winnipeg airport of increased flight training and air traffic. As a general aviation airport, it

covers approximately 473 hectares of land and is surrounded by flat farmland and rural housing.

MARKET WATCH
THE MCKILLOP TEAM
RE/MAX TOWN & COUNTRY

#1 HOME SELLING TEAM - THE MCKILLOP TEAM

The Real Estate Market is a favorite topic of many people, whether they are buying, selling or just plain curious and like to follow its trends. As Realtors, a question or two about it is almost an integral part of any casual conversation we have. **That's why we thought a Q & A on Real Estate would be Great!**

Q: When is a good time to sell?
A: The fall market is a great time to sell as many buyers are trying to find that "Perfect Property" before Christmas.

Q: Should I go to the bank before or after starting to look at homes?
A: You should definitely go to your bank first. Knowing what you can afford is Key, and looking at homes beyond your price range can be a discouraging experience. As well you find you can afford more than you thought! Confirming employment and income along with a credit check will ensure you can make a strong, well organized offer when you find "The One". Many times buyers stumble across just what they want first time out and are not in a position to buy.

Q: How can a Realtor help me buy a home?
A: A McKillop Team associate will arrange to meet with you for a Buyer Consultation where we will determine the things you need in a home and the things that you would like if possible. These details will help us sort down the available houses to the ones that will be most suitable to you. We will explain the whole process including, picking a neighborhood, tools to help you make an educated purchase, timing of your move and all associated costs involved, plus explain the benefits of the home warranty.

Q: How much will my current home sell for?
A: Everyone needs to know this! **Call Us Today!** We will prepare a complete **Market Analysis** on your home **FREE!** We thoroughly explain it so you have a complete understanding and feel confident about your plan to move.

Do you have questions about the Fall Market or Real Estate in general?
Email them to us at REMAXTC@SHAW.CA, or Call us at **204-467-8000** and we will answer them and publish the question and answer in the next issue along with more **Q & A!**

West St. Paul Rossmore Ave. paving project gets \$100K boost from province

By Scott Billeck

The province announced on Monday that they are chipping in \$100,000 towards a road renewal project in West St. Paul.

St. Paul MLA Ron Schuler said the funding is part of the Municipal Road Improvement Program, which seeks to help Manitoba's municipalities via 50/50 cost-sharing funding for municipal road projects, including the cost of new road construction and road renewal projects to extend the useful life of a road. In total, 188 projects were approved in 2017 in 99 municipalities across the province.

"When you look at the size of the project, we're a small community, it becomes very difficult for a community of our size to come up with the dollars we need for major projects," said West St. Paul Mayor Bruce Hen-

ley outside of the municipality's office on Monday. "People don't always realize the cost to pave a block. To pave a block of road is a \$500,000 project. That's one-fifth of our budget. It's critical we receive funds from the province. We've been very successful with the Pallister government in receiving these funds. It's a great relationship."

Rossmore Avenue was 85 per cent paved prior to the funding announcement and Schuler said there has been a significant increase in the volume of traffic down the road.

"It becomes a safety issue, with a lot more traffic driving on gravel roads," Schuler said. "It also becomes a wind-shield issue. And it's just a project whose time has come. We want to see, as communities grow, that we build safe roads. That's why people want to come to this community. They come

here because it's a great community and we're doing these kinds of great projects."

Schuler said when it comes to dishing out funds to different communities, it helps when a local government is using those funds to the community's advantage.

"That's important for us as a provincial government, that when we fund projects they are being administered properly, that we know the money is going where it should go and that it's a good return on investment," he said. "We have a very strong council here, a responsible council that are doing what the citizens want."

Henley said the Rossmore Avenue road project will be completed by the end of October.

He said the Rossmore Avenue paving was a top priority for the local

RECORD PHOTO BY SCOTT BILLECK
West St. Paul Mayor Bruce Henley is flanked by St. Paul MLA Ron Schuler while the province announced \$100,000 for a road improvement project in the municipality on Monday.

government this year. He also said the community has grants submitted for the extension of their wastewater project.

"Those are No. 1 priorities for us," he said.

the Year category for this year's
Manitoba Country Music Awards.

A woman with her hair in a ponytail is shown from the waist up, rowing on a water rowing machine. She is wearing a white tank top with orange and black text that says "ORANGETHEORY FITNESS". The background is a warm, orange-toned image of a gym interior. The overall design of the advertisement uses a vibrant orange color scheme with white and black text. The Orangetheory Fitness logo is in the top left, and the tagline "KEEPBURNING" is to its right. The main headline "ORANGETHEORY FITNESS EAST ST. PAUL COMING SOON!" is in a large, bold, white font. Below it, a paragraph of text in a smaller white font describes the founder's rates. At the bottom, the phone number "CALL 204-808-9412" is prominently displayed in a large, bold, white font, followed by the address "OTF EAST ST. PAUL | 7-3014 HENDERSON HIGHWAY | EAST ST. PAUL, MB R2E 0H9" in a smaller white font. A large, stylized white arrow points to the right, emphasizing the "COMING SOON" aspect. The woman's image is positioned on the right side, showing her in motion and engaged in a workout. The background image is slightly blurred, focusing attention on the woman and the text. The overall tone is energetic and motivational, consistent with the Orangetheory Fitness brand.

Bezan hopes to spur blood donations by adopting Selkirk clinic

By Teresa Carey

Selkirk-Interlake-Eastman MP James Bezan was spotted rolling up his sleeve at the Selkirk Rec Complex last Tuesday. He was there, giving blood, in support of the Canadian Blood Services at one of its monthly mobile blood donor clinics.

Bezan has adopted the Selkirk blood donor clinic by committing to recruit new donors and fill appointments to help collect 96 donations at the clinic, the goal set for each monthly mobile blood donor clinic.

"I help promote it. I push it out on social media and hopefully this encourages people to come out," Bezan said.

This is Bezan's second year supporting the Canadian Blood Services in this way. Bezan has been known to support other worthy causes in past years, including participating in Movember by growing a moustache for the month of November to raise awareness about prostate cancer.

"I've given blood on and off over the years," said Bezan. "The Canadian Blood Services is always looking for blood."

Bezan noted that blood collection has had its ups and downs and that there were a few clinics where turn-

RECORD PHOTO BY TERESA CAREY

Selkirk-Interlake-Eastman MP James Bezan rolled up his sleeve to give blood during a blood donor clinic held in Selkirk last Tuesday.

out was very low. He hopes that his involvement will inspire people to show up to make their own donations.

"I encourage other political leaders and businesses to get involved," Bezan said.

Canadian Blood Services staff try to book double of what is needed each time. Approximately 115 people typi-

cally attend the clinics, but some have been very slow, according to Steve Raizen, Territory Manager for Canadian Blood Services.

"Blood donations is a challenging affair, just to get enough people donating," said Raizen. "We welcome all blood types."

"O-negative is a universal blood

type. We only have a few days supply. O-positive is the most common and is always needed."

The blood donor clinics are held on the first Tuesday of each month in Selkirk. Canadian Blood Services staff set up 10 chairs and a large quantity of equipment is trucked in for each clinic.

Donors are required to fill out a health questionnaire at each visit, get a blood pressure and temperature test, as well as quick test for anemia before continuing on to give blood. Technicians will also check arms for skin rashes and evidence of IV drug use.

After giving blood, donors rest and are required to remain for an additional 15 minutes to recuperate and are given complimentary refreshments.

According to Canadian Blood Services, every blood donation makes a difference. It sometimes takes multiple donors to save one life. For example, it can take five donors to save someone who needs cardiovascular surgery.

For information about Blood Donor Clinic dates and locations, call 1-888-2 DONATE (1-888-236-6283) or visit blood.ca.

Lifesaving Society urges fall boaters to be cautious out on the water

Submitted

Boating in the fall offers colourful vistas, quiet anchorages and excellent fishing. But it is not without its challenges that necessitate self-sufficiency and taking some additional precautions to keep from running into trouble.

"Fall boating can be a great time," said Lifesaving Society Manitoba Branch operations manager Kevin Tordiffe. "But with colder weather and colder water, the risks increase. Boaters need to be far more prepared for fall boating which includes better trip planning, more survival skills, and understanding we have reduced daylight."

The Canadian Safe Boating Council (CSBC) and the Lifesaving Society want to remind boaters to check the weather forecast. The mixing of warm

and cold air can quickly spawn high winds and waves making it treacherous for small boats. Fog, too is an issue at this time of year making visibility difficult. Should boaters find themselves in a fog bank, they should proceed slowly and sound their horn at regular intervals to alert other boaters of their presence.

Well into October, daytime temperatures can occasionally be balmy, but dressing for the water temperature will help slow the onset of hypothermia should the unexpected happen and the boater find himself in the water.

Accidental cold water immersion can be shocking, but they shouldn't panic. It may take a minute or so to

get their breathing under control, but they will have at least 10-15 minutes to affect self-rescue before they start to

lose muscle control in their arms and legs. This is where an approved lifejacket, either inflatable or inherently buoyant is an essential part of a boater's wardrobe to keep them afloat after they can no longer

swim.

Visit csbc.ca and lifesaving.mb.ca for more tips on boating safety.

Angler reels in a monster jack fish

Welcome friends.

I like to write early in the morning when the house is quiet. Through the window by my desk I felt an early fall calmness last Sunday watching the trees in the front yard shedding their leaves. I was in that same fall mood days earlier on a grey, early morning when I had a chance encounter with Bob MacIntyre and his daughter Tracey aboard their sailboat "Stormy" off the Hnaua pier. They hail from Stonewall and invited me aboard with the promise of a story for us. I sat in the rear by the wheel pod inside an expansive blue canopy with huge plastic windows. Across from me, Bob a thin chap with long curly white hair and short cropped beard and Tracey, a young lady extraordinarily conditioned with brown hair under a toque began telling how a catfish can deflate your day. Bob and a friend were fishing from his Zodiac on the Rice River and caught a catfish. As they were trying to land it for a picture the cat's back fin bone punctured the rubber craft. Knowing if they didn't repair the hole now it would cause a bother later so the next few days were lost to the fix. A few weeks later, Tracey with dad in the Zodiac caught an even bigger cat. As it came along side Bob cried out, "sorry Trace, that thing's not coming on board to stick us like the last one!" A neighboring boater took pity and hauled it up for a trophy picture.

I was at a birthday party last week and met Kurt Malenchak from Gillam who we see in this week's featured catch. That's a 45" pike we're looking at gang! On a bright warm early September day Kurt and a buddy went swimming and fishing in Moose Camp lake south of Gillam. It had been a couple of years since they had been there and weren't sure if the lines on their rods would be OK after having lay-

SUBMITTED PHOTO

Kurt Malenchak of Gillam holds up the monster jack fish he caught while fishing at Moose Camp lake.

ing around the shack for so long. They held though, catching enough fish for supper and the guys were about to quit when Kurt felt a huge pull on his old neglected 10 pound test line. He knew instantly he had a big jack on, but worried the old line would break, so he loosened the drag on the reel. When the fish fought he let it run, even following it by walking with it along the shore. When it became still, he would bring in some line but never enough to stress and snap the line. At dusk he half "corralled," half angled the monster to shore and got into the water lifting it up for a picture. Pausing after his story, I asked Kurt if he was going to change that line for the next time. He thought for a second then said, "no, it should be alright!"

Then there was Al Martens of Winnipeg who I met riverbank fishing on the Red River off one of the "monkey trails" downstream of Selkirk. He was an intense guy, in good shape, grey haired and full of fishing stories. It so happened that he and Tim, his friend, were boat fishing on the Big Whiteshell using 5 of diamond lures and yes, it was one of those situations where Al was catching everything

right beside luckless Tim. As I said Al was an intense fellow and every minute or so as he was telling his story he would dash to his rod here on the Red to check his bait. Anyway, back on the Big Whiteshell, in the hot afternoon sun Tim got so mad he wasn't catching anything he threw his rod into the water. By reflex Al cast out and quite by luck snagged Tims' rig! He didn't say a word, just brought it in and quietly laid it down by Tim. After regaining his composure, Tim took up his rod and standing beside Al resumed fishing. It's easy to see fish in that lake and at that moment Al saw a few wall-eye maybe a boat length from them. Al said quietly to Tim, "come on we'll both cast out and get them." One took Als' lure but the other fish turned and swam away ignoring Tims' completely! Tim could take no more, he reeled his line in, they packed up and headed home! They had been using Tims' truck to get to the lake and after dropping Al off as he was getting out of the truck at home saw something wrapped in newspaper on the floor. Inside was that last fish! Al had left it as a peace offering to his friend.

Bye for now.

Correction

In the Sept. 7 edition of *The Selkirk Record* in the "Aspects of pot legalization concerns Manitobans: survey" story, it

should have read Annie Penner. The incorrect last name appeared in the previous article and photo cutline. The *Record* apologizes for the error.

City of Selkirk unveils new wastewater treatment plant details

Staff

Selkirk residents got a sneak peek of the city's new wastewater treatment plant project during an open house last week.

"The existing plant was built in 1976 and has now reached the end of its life cycle," Mayor Larry Johannson said. "We now have an opportunity to build a facility that we believe will make our city a provincial leader in wastewater management."

Johannson added the new treatment plant will be built to last 40 years and accommodate Selkirk's projected population growth.

Dan McDermid, the city's director of operations, said if all goes according to plan, they hope to break ground on the new plant in spring 2018 and it will take about 18 months to build. The new \$39.5 million plant will be built near the site of the existing plant. Once the new treatment plant, which is being built on property behind the existing Main Street treatment plant, is up and running, McDermid said the old plant will be demolished.

The waste water treatment plant will be cost shared with the federal and provincial governments, with each contributing \$11.7 million to the project. The Manitoba Water Service Board will partner with the city as the project manager and will contribute

RECORD PHOTO BY LINDSEY ENNS
City of Selkirk staff lead local residents through details surrounding Selkirk's new wastewater treatment plant during an open house at the Selkirk Rec Complex banquet hall last Wednesday evening.

just under \$250,000.

The City of Selkirk will borrow \$14,239,464 and will use \$1,218,316 from its Utility Nutrient Removal Reserve Fund and \$341,639 from its Water and Sewer Reserve Fund.

Sewer charges to Selkirk residents will increase over four years, beginning in 2018, at a rate of 33 cents per cubic litre of water for the first three years and 36 cents per cubic litre in the fourth year.

Homeowners will pay approximately half a cent extra per toilet flush for their wastewater by 2021 when the

cost of the project is fully incorporated into sewer rates.

The new facility's design features a membrane treatment process to provide the highest quality effluent (treated wastewater) for the environment, the Red River and Lake Winnipeg in particular. The City of Selkirk worked with an independent, third-party engineering firm and reviewed seven different types of process systems where the membrane treatment system was determined the best process. Membrane bioreactors are used as an integral part of wastewater treatment, to create high quality water for reuse, and are considered state-of-the-art technology.

As provincial regulations on wastewater have changed recently, the city's existing plant cannot meet the new requirements. Utilizing the membrane process, however, will ensure the city is now compliant and will be when and if provincial or federal regulations change again in the future.

Reminder Public Notice

You're Invited

to share your views about the proposed rate increases from Manitoba Public Insurance

The Manitoba Public Insurance Corporation (MPI) has applied to the Public Utilities Board (Board) for a 2.7 per cent increase to Basic Autopac vehicle insurance rates and premiums, effective on March 1, 2018.

Further details are available at the MPI website, www.mpi.mb.ca or the Board's website at www.pubmanitoba.ca.

A public hearing on the proposed increases will be held on:

Monday, October 2, 2017

9:00 a.m.

Public Utilities Board Hearing Room
4th Floor, 330 Portage Avenue., Winnipeg, MB R3C 0C4

If you are interested in learning about these rate increases, you are encouraged to attend the hearing, observe the hearing via live streaming, or provide your perspectives through the Board's on-line comment tool.

If you wish to speak at the hearing or make a written submission, please contact the Board secretary no later than **September 1, 2017** at 204-945-2638 or toll free 1-866-854-3698.

Manitoba 

25th annual Terry Fox Run to roll into Selkirk Park Sept. 17

By Lindsey Enns

Organizers and volunteers are gearing up to host Selkirk's 25th annual Terry Fox Run this weekend.

The event will once again take place in Selkirk Park on Sunday, Sept. 17.

Registration for the run starts at 12 p.m. and a special ribbon cutting will be held at 1 p.m.

This year cancer survivors Brenna Schellenberg and Fran Mellen, both of Selkirk, will be cutting the ribbon to help kick off this year's run.

"I think it's really exciting that we can have two very different generations standing at the ribbon, being the ones to start our run and follow their lead with the courage they have shown," Selkirk's Terry Fox Run chairperson Jana Pringle said.

Pringle said hosting an annual community run in Selkirk is one way of keeping Terry Fox's legacy and story alive.

"We're not finished the fight and it does take a community to do it ... we're in this for the long haul," she said. "Terry wanted us to continue this for him and so that's what I think we

RECORD FILE PHOTO BY LINDSEY ENNS

More than 100 participants took part in last year's Terry Fox Run in Selkirk and helped raise about \$14,000 for the Terry Fox Foundation. This year's run will take place on Sunday, Sept. 17 in Selkirk Park.

need to do."

Starting at 11:30 a.m. there will also be free face painting, children's train rides as well as a visit from some com-

munity mascots. There will also be a silent auction, canteen and bingo.

All proceeds from the event will go to the Terry Fox Foundation.

The run, walk, bike or stroll route, which is pet friendly, starts at Selkirk Park's Ag Building and runs along Eveline St. There will be one kilometre, five kilometre and 10 kilometre turnaround points set up as well as water stations.

Pringle added this event isn't just for runners and is open to everyone.

"We encourage all those ways of moving to take part in it," she said. "And if that still isn't your fancy, we are hosting a small bingo for fun."

To register online, visit terryfox.org or for more information, contact Jana Pringle directly by calling 204-485-1926.

Last year's run saw 117 participants walk or run through the streets of Selkirk and help raise about \$14,000 for the Terry Fox Foundation.

To wrap-up the 25th annual event, there will also be a Mug, Spud and Steak Fundraiser at the Selkirk Golf and Country Club on Friday, Sept. 22 at 7 p.m.

For tickets contact Dennene by calling 204 485-4568.

Beausejour to host free business seminar for entrepreneurs

By Mel Stefaniuk, Clipper Weekly

Business owners will get a chance to hone their entrepreneurial skills with a free day-long business seminar in Beausejour sponsored by the Beausejour Brokenhead Development Corporation (BBDC) and World Trade Centre (WTC) Winnipeg.

Scheduled for Thursday, Sept. 28 in the Superior Inn Conference Centre in Beausejour, the seminar will be split into morning and afternoon sessions, which will be geared towards two stages of a business' trajectory.

The morning session running from 9 a.m. to noon will be focused on the start of a business and the hoops a new entrepreneur may need to jump

through when getting their business off the ground.

Included in the morning session will be a presentation from North Forge East, an economic development agency that helps to provide entrepreneurs with mentors and start-up programs that can aid in their growth.

The afternoon session running from 1 p.m. to 3:30 p.m. will be geared more towards established businesses with the topic being importing and exporting and how a business should get ready to take the step to that next level.

As a follow up from 3:30 p.m. to 5 p.m., the BBDC will include a 5C business roundtable involving five differ-

ent employers in the area to discuss business challenges, concerns and business needs for Beausejour and Brokenhead.

The sessions will be provided through the WTC Winnipeg's Business InfoCentre service, an information hub for all things related to small businesses. They provide free services for entrepreneurs such as these business seminars and access to tools such as an online business network and training videos.

WTC Winnipeg operated a total of 14 5C sessions with a total of 121 participants, from December 2016 to April 2017. The Beausejour event will be their first 5C roundtable outside of Winnipeg.

BBDC marketing director Anna Mondor said the event was made possible thanks to WTCW's desire to expand their services into rural Mani-

toba.

WTCW is a member of the World Trade Centres Association, the international trade network with more than 300 trade centres in nearly 100 countries around the world. WTCW provides support to Manitoba companies looking to grow their businesses beyond Manitoba and connect with international companies interested in doing business in the province.

Mondor said that bringing the free seminar into the community was a way of encouraging business owners to think big.

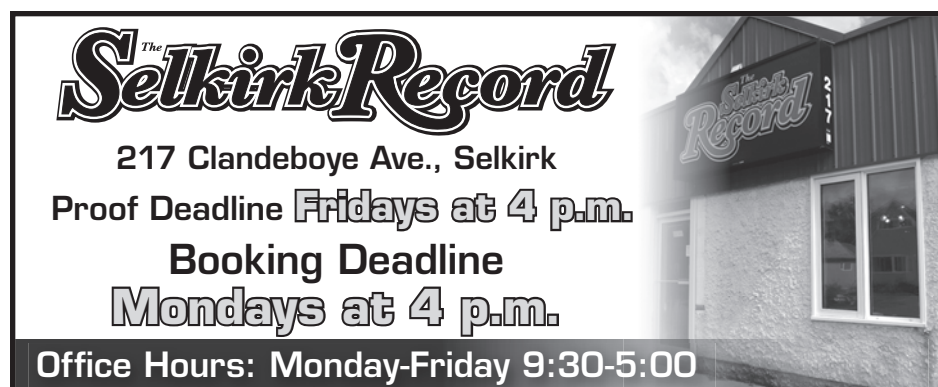

"We have businesses in the area with potential for expansion and we want to help them grow," Mondor said.

Registration for one or both of the sessions can be done by contacting Mondor at 204-268-1956 or at bbdc@townofbeausejour.com. Each session will be limited to 25 people.

Selkirk writer shares personal memoirs in 'According to Me'

By Scott Billeck

Dawn Anderson MacFarlane's new book was never meant for public consumption, according to the 87-year-old Selkirk woman.

The book, aptly named, "According to Me," is a collection of personal memoirs MacFarlane has been writing for more than 50 years.

But a few years ago, MacFarlane's cousin – a professional editor – decided her stories needed to go to print.

"She instigated all of this, it took that long to convince me," MacFarlane said with a laugh.

And while she prefaces the book's contents with fair warning that it contains her own personal account of her life and is not a historical text, the book offers a unique glimpse of the cultural and historical fabric of the area.

"I wanted to try to convey an understanding or a sort of a knowledge of the people who were important to me in the past to the people who are important to me in the future," she said. "It's totally a selfish exercise, really."

MacFarlane started the book after her first child, Laurie, was born. Her mother, Catharine Anderson (nee Morrow), had died roughly a year before her daughter's birth and MacFarlane wanted to bridge the gap between the two so her daughter could

RECORD PHOTO BY SCOTT BILLECK

Dawn Anderson MacFarlane's book was launched a couple weeks back at McNally Robinson Booksellers and the Selkirk woman will be launching the book at the Gaynor Family Regional Library on Wednesday, Sept. 27 at 7 p.m.

know her deceased grandma.

"We were extremely upset that they'd never know each other in this life, so what I could do – all I could do – was write as descriptive a story as possible about mom and make her real rather than a photograph and a date," MacFarlane said. "So that was what got me to start, I started writ-

ing about my mother, and I never stopped."

In the "early days," as MacFarlane refers to them as, she, along with her husband Malcolm MacFarlane, were prominent members of the community. MacFarlane raised a family of three children and taught at Lord Selkirk Regional Comprehensive Second-

ary School, served as a councillor and then as deputy mayor for the city.

Along with helping get the museum up and running and the art gallery going, MacFarlane also had her hand in the formation of what's become a community staple during the winter months in town: The Selkirk Steelers hockey team, which plays in the Manitoba Junior Hockey League.

"One of the fringe benefits of the book, from people who have read it, they now know how these things came about, who was involved in them and the difficulties in the early days," she said. "I think it does a bit of a service to the people who are gone and a depth or interest in the people who are still around."

Despite her initial reluctance, MacFarlane is glad the book is now on store shelves.

"For one thing, the main reason, a number of people have said to me, and not just people required by family affections, that they feel they have been there at the time, that they experienced some of the things I have described," she said. "That's marvelous."

MacFarlane's book was launched a couple weeks back at McNally Robinson Booksellers and she will be launching the book in Selkirk at the Gaynor Family Regional Library on Wednesday, Sept. 27 at 7 p.m.

Manitoba Rural Women's Day to focus on mental health awareness

By Jennifer McFee

A healthy mind is a treasure to find.

That's the theme of Manitoba Rural Women's Day, hosted by the Manitoba Women's Institute (M.W.I.). Women of all ages and from all communities are welcome to attend two upcoming sessions to be held in different parts of the province. The first session will be held on Oct. 14 in Minnedosa and the second will be on Oct. 28 in Komarno.

"We'd be delighted to have ladies from the communities. It's for anybody who thinks they might be interested in this. We've got a jam-packed day with wonderful speakers," said Diane Hall, an individual member in Gimli.

"We're encouraging W.I. ladies to attend, but if we can have other people from the community, that would be great. We've done this before and it's been very successful. We actually got a couple new members out of it."

Both sessions will feature speakers that include Keith Macpherson, a wellness expert, yoga instructor and musician. Elaine Froese will speak about real-life situations gleaned from working with rural families for

more than 40 years. As well, Vicki Olatundun, executive director of the Steinbach Family Resource Centre, will offer insight as a motivational speaker.

Each day will also feature a fireside chat. In Komarno, participants will include marriage and family therapist Cheryl Cohan, Reiki master Carole Teatreault and outreach manager Judy Dunn of the Mood Disorders Association of Manitoba. The Manitoba Canola Growers and the Thomas Sill Foundation are sponsoring the speak-

ers.

With a long-standing history, the Women's Institute has been in Manitoba for more than a century, Hall explains.

"It was Adelaide Hoodless who started it long, long ago in Ontario. It started off almost as an offshoot of the men's farm groups in Ontario. Then it came to Manitoba and it's been here for over 100 years now. The first one to come here was down in Morris," she

said. "Each region was broken up into local groups in the towns. Unfortunately, life has changed over the last 100 years. We used to have 30 or more locals right here in the Winnipeg Interlake Region. Now we only have six, but we have a lot of individual members like myself."

For more information or to register for the events, which run from 9 a.m. to 4 p.m., call the M.W.I. office in Brandon at 204-726-7135 or visit mbwi.ca.

Manitoba introduces new flu vaccine for personal care homes

Staff

Manitoba is the first province in Canada to introduce a high-dose flu vaccine aimed at better protecting personal care home residents.

"Studies show that people over the age of 65 that live in personal care homes are most at risk of complications or death related to influenza," Health, Seniors and Active Living Minister Kelvin Goertzen stated in a release last week. "That's why we're the first in Canada to introduce this new type of vaccine."

This year, the high-dose seasonal influenza vaccine is being offered to those 65 years of age or older who are living in a personal care home.

The vaccine provides a higher level of protection against two types of influenza A and one type of influenza

B predicted to be circulating in North America this fall and winter.

Lower respiratory tract infections, including pneumonia and bronchitis, are a leading cause of hospital admissions in adults aged 65 years or older, especially in frail older adults. The number of personal care home residents admitted to hospital varies considerably between facilities, but is more frequent during the time of peak influenza activity.

To protect people from getting influenza (flu), Manitoba Health, Seniors and Active Living encourages all Manitobans to get a free flu vaccine early every fall. The flu vaccine is typically available from health-care providers in early October. For more information on seasonal flu and the flu vaccine, visit gov.mb.ca/health/flu/.

Changes to e-cig regulations coming into effect on Oct. 1

RECORD PHOTO BY JUSTIN LUSCHINSKI

Changes under The Non-Smokers Health Protection Amendment Act (E-Cigarettes) to address the use of electronic cigarettes by minors will come into effect Oct. 1.

Staff

Changes under The Non-Smokers Health Protection Amendment Act (E-Cigarettes) to address the use of electronic cigarettes by minors will come into effect Oct. 1.

"Electronic cigarettes have been growing in popularity over the past number of years, particularly with youth and young adults. But, there is little conclusive evidence about the potential harm of long-term e-cigarette use," Health, Seniors and Active Living Minister Kelvin Goertzen stated in a release last week. "That's why we are amending The Non-Smokers Health Protection Act to limit access to youth and place reasonable restrictions on these products while allowing access for adults wishing to use e-cigarettes as a smoking cessation aid."

The Non-Smokers Health Protection Amendment Act (E-Cigarettes) received royal assent on Nov. 5, 2015.

The amendments will prohibit the sale of e-cigarettes and vapour products to minors.

They will also prohibit the use of e-cigarettes in enclosed public spaces and other places where smoking is prohibited with exceptions similar to those currently allowed for smoking and place restrictions on the display, advertising and promotion of e-cigarettes and vapour products.

"These restrictions are similar to those currently in place for tobacco and tobacco products," said Goertzen.

Businesses that meet the definition of a vapour product shop in the act will be permitted to continue to allow consumers to test and sample products in-store for the purpose of a sale and use elsewhere.

For more information on the new measures, visit gov.mb.ca/health/tobacco/guide.html.

Interlake farmers to welcome visitors on Open Farm Day

By Jeff Ward

A Lundar sheep farm will open its doors for public tours on Sunday, Sept. 17 during Open Farm Day giving visitors the opportunity to learn more about day to day operations of the facility.

The Manitoba Association of Agricultural Societies (MAAS) organizes open Farm Day with host families going the extra mile to showcase the industry across the province.

Open Farm Day was a hit from the start in 2010 when overwhelming numbers of visitors jumped at the opportunity to visit nearly 40 farms hosting visitors that fall.

The one-day event was launched by the Department of Agriculture to help more Manitobans who might otherwise never venture onto a farm, meet farm families, learn how they operate their farms and spur more awareness and interest in agriculture overall.

This year's event has 46 farms taking part.

The Lundar facility houses 5,000 sheep, which is in the midst of lambing. Farm manager Chuck Ekema said that his farm is a 24-hour a day operation run by nine farm hands. One of the employees at the farm, Eddy Schell said that the farm will open at a perfect time for them as there won't be as high a demand on the workers as there will be in October. Schell said that next month the operation will have 600 lambs born, which for them means long hours and very little free time.

The farm will be open on Sunday from 10 a.m. until noon and then again from 2 p.m. until 4 p.m. Visitors will get a first hand experience of the operation, a tour and might even see some lambs being born.

"It's the perfect time for a tour," said Schell.

"We will possibly see some lambing but also lambs being fed by bottle and eating hay. We will take people on a tour of the pasture and show them what it's like out here."

Directions to the farm: From Winnipeg take the Perimeter Hwy. north to Hwy. 6. north. Drive for approximately 1.24 hours to Hatchery Rd. Turn west (left) 1.6 km to stop sign and turn left and drive ¼ mile and turn left to civic address 110083.

There are three other areas in the Interlake that will open their doors. The Lundar Agricultural Society will host hands on experience with small animals, horses and beef animals. That event will take place from noon until 5 p.m. at the Agricultural Society Grounds. Directions: Lundar is 131 km north on Hwy. 6. Upon reaching Lundar at junction Hwy. 6

RECORD

www.littlebritainunitedchurch.ca

The excitement, joy, and anticipation you'll feel on the big day will make you radiant with beauty. After all, there's nothing like a good dose of happiness to put a blush on the cheeks, a sparkle in the eyes, and a beautiful smile on every bride's face. But to truly glow from head to toe, perhaps you should think about consulting some beauty professionals.

1. THE HAIR STYLIST

A stunning bride needs a fabulous hairstyle. Whichever style appeals to you, you'll want to entrust your hair to the expert hands of a real hair salon professional. Remember to make two appointments: one to try different hairstyles, and another for the big day.

2. THE ESTHETICIAN

Manicure, pedicure, hair removal, facial, eyelash extensions, and massage: a wedding is the perfect excuse to pamper your body. Not to mention that stray body hairs, dry skin, and damaged nails are not on the guest list! Don't forget to make two separate appointments for your makeup as well.

3. THE DENTIST

Because laughter is the right of every newly married couple, treat yourself to a teeth whitening treatment for a sparkling smile.

A BEAUTIFUL AND ORGANIZED BRIDE

- Make your appointments as soon as possible.
- Carry a photo of your dress and accessories to all your appointments, along with inspiring images from magazines.
- Find out the best time to pamper yourself with the various treatments. This way you won't have any regrets, such as hair colouring done too early (hello, roots!) or a microdermabrasion done too close to your big day.

Future brides should make their appointments early; the best beauty professionals are always in demand.

St. Clements welcomes new Little Britain United Church economic developer officer to mark 165th anniversary

By Lindsey Enns

St. Clements has welcomed Gary Marshall as their new economic development officer, a position that has sat vacant for many years, according to the RM.

"I'm extremely excited about the opportunity and I think the growth prospects throughout the area are outstanding," Marshall said during a brief telephone interview recently. "I'm really looking forward to it."

"I've been an entrepreneur for many years and I'm looking forward to the challenge."

Marshall's role will be to assist with all aspects of business development in the RM, which will help fulfill council's commitment to growing and sustaining a healthy and economically viable community.

"Council sees value in working with our community to develop infrastructure that supports economic growth," St. Clements Mayor Debbie Fiebelkorn stated in a recent release. "That's what this economic development position is about, working with engaged citizens and government agencies to diversify our strength."

A chartered accountant by training, Marshall has extensive experience in real estate development, venture capital investments and fiduciary asset

GARY MARSHALL

"I'M EXTREMELY EXCITED ABOUT THE OPPORTUNITY."

management both propriety and on behalf of third parties. Marshall was born in Winnipeg and has lived and worked in the United States and Alberta as well as conducting business in Manitoba.

The RM of St. Clements is one of the fastest growing municipalities in Manitoba.

Staff

Lockport's Little Britain United Church is set to host a special event on Sunday, Sept. 17 to celebrate the 165th anniversary of the church congregation as well as rededicate the restored bell tower to honour members of the Canadian Armed Forces.

The church service will begin at 10 a.m. followed by the rededication ceremony at approximately 11:15 a.m.

Activities planned by the Manitoba Living History Society will begin around 11:45 a.m. with a focus on the historical aspects of the church and

congregation. Light refreshments will be offered in the hall.

Guests are encouraged to dress in period costumes, either 1850s era for the 165th Anniversary or 1920s era when the Bell Tower was added to the church.

Little Britain United Church is located at 5879 - Highway 9 near Lockport on the east side along the river south of Lower Fort Garry.

For more information, visit the Little Britain United Church webpage at littlebritainunitedchurch.ca, call 204-757-2489, or email lbuc@mymts.net.

Will the federal government be able to fix Churchill?

By Harry Siemens

Federal Natural Resources Minister Jim Carr recently told Omnitrax, the U.S. company that owns the only rail line serving the isolated northern Manitoba town of Churchill: fix it or sell it to someone who will.

If they sell, Ottawa is prepared to help with interim funding to repair the rail line.

Omnitrax's Canadian CEO said the company already has an agreement in place to sell the rail line to a consortium of First Nations and the deal has only been awaiting federal support.

But Churchill residents aren't feeling very optimistic as the days without service stretch into weeks and months.

Churchill Mayor Mike Spence said it appears everybody's aware of the

"THE COMMUNITY IS FRUSTRATED BY THIS ALL. OMNITRAX HAS DONE AN EXCELLENT JOB OF KEEPING THE COMMUNITY HOSTAGE, WHICH IS ENTIRELY UNACCEPTABLE."

fact the rail line's been down since the third week of May, but little headway has been made to resolve the matter.

"There haven't been any repairs done. The federal government has indicated that Omnitrax lived up to the agreement, which we know that's not going to happen," said a frustrated Spence. "We continue to speak with the prime minister's office regarding getting the line up and running. The necessary repairs that need doing,

according to an Omnitrax consulting group, are \$43.5 million. I see a lot of inflated numbers.

"So that's where things are at right now ... the community is frustrated by this all," said Spence. "Omnitrax has done an excellent job of keeping the community hostage, which is entirely unacceptable."

He said supplies are coming in—including propane and petroleum products—through the province's

Emergency Measures Organization. Some resupply things have also come in from some of the businesses, but it's expensive.

"Our food products are still being flown in from Thompson, Winnipeg. Even with the Nutrition North Canada program and Affordable Food in Remote Manitoba subsidy, prices are still quite high. The North West Com-

Federal government needs to step up: Churchill mayor

From Pg. 20

pany doesn't seem to understand that their pricing is relatively high, and that's disappointing," said the mayor.

Several groups are looking at ways to work together. One North is a group from Opaskwayak Cree Nation, right up to Churchill and including the communities just north of Churchill. This group is interested in ownership of the port and the rail line and includes a technical team putting the key business elements together.

"A new model is what we're working towards for the best interest of the region," said Spence. "Far too long, 20 years we've had Omnitrac taking everything out of Canada, including the profits. They haven't reinvested, and this is the current situation.

"It's alarming, it's disappointing that we as Canadians gave up a national asset to an American company that doesn't care," he said.

One North wants to control the port and the rail line and is putting together a model that will work, Spence said. It will be an authority type model where money, the reinvestment continues to go back in, he said, similar to the big city airport models that are out there.

"These are the types of models that we're looking at," said Spence. "It makes more sense reinvesting in your infrastructure if they're long term economic growth investments, so that's where we're going with this."

Getting this off the ground, though, will require the federal government to step up and take a leadership role.

"Now it is in the hands of the federal government to relieve Omnitrac of its responsibility of ownership of

the port and rail," Spence said. "So, all hands are focused towards the government of Canada. We are in continuous dialogue with them, and we hope this can be rectified a lot sooner than later.

"We need the rail line repaired. We're running out of time here, but I'm still cautiously optimistic someone can repair line before winter sets in."

"NOW IT IS IN THE HANDS OF THE FEDERAL GOVERNMENT TO RELIEVE OMNITRAX OF ITS RESPONSIBILITY OF OWNERSHIP OF THE PORT AND RAIL ... WE'RE RUNNING OUT OF TIME HERE."

Industry is dealing with the stresses of PED virus

By Harry Siemens

The battle continues as the Manitoba pork industry faced a rash of PED cases since Aug. 25, bringing the total to 73 in this outbreak.

Recently infected premises (IPs) include one sow site, three nursery sites, and three finisher sites.

"Unfortunately, IP 68, a sow farm, and IP 73, a nursery site, are both new infections and pose an increased risk to neighbouring farms," said the most recent update from the Manitoba Pork Council. "The other five sites appear to be a recurrence of shedding from pigs that came from previously infected sites."

On a more positive note, Manitoba Pork said 26 already infected premises have achieved PED Transitional status, meaning that all the animals on the site are no longer clinically sick and, as well, certain groups of animals on the site are no longer shedding the virus. On sow farms, it also means that the site can wean PED negative piglets.

"We can expect to have a trickle of new cases, mostly from direct pig movements and a few new ones from

the regional spread, which highlights the need for swine farms in southeast Manitoba to keep their guard up," said the agency.

Bob Kleinsasser, hog boss at the Suncrest Colony near Steinbach, talked candidly about what the PED virus outbreak, though they're still free of the virus on their premises, has meant to them.

"At first, it really, really was hard for us. We just couldn't wrap it around if it would happen what would we do and we took it too personally," he said. "But now after months of this, we did a lot of different things."

"We had to refocus on our biosecurity, operate smarter ... there's only so much you can do. You can't let it affect your personal life and stuff like that so we just try to do our best to keep it up, hold it out of the environment so if it's not around the barn it can't go in the barn. It's tough. I can almost say it's no fun anymore."

When the first outbreak occurred some years back, Claude Vielfaure of HyLife said it was almost like he hated to open that barn door in the

morning. Kleinsasser can emphasize with that.

"It's the first thing you do when you walk in there you go look for any signs," he said. "But we're pretty confident with the dear Lord around and with prayer and with a lot of input from everybody on the whole farm and the industry, it will turn out okay."

As far as a contingency plan for their farm, there is only one: infect the whole lot to create immunity and then clean out the barn.

"You gotta do what you gotta do," said Kleinsasser. "It wouldn't be fun. We've talked to a lot of people who had it and have it and some of them stated that they never want to see another pig in their life, it's affected them that hard."

Janice Goldsborough, human resources and training coordinator with Manitoba Pork, said swine barn managers should watch for signs of fatigue among workers dealing with PED virus.

"Having to deal with sick animals, especially the baby piglets, is resulting in a lot of stress on farm workers,"

she said. "It could be similar to PTSD, Post-Traumatic Stress Disorder, when people are on a daily basis having to deal with the poor little pigs that either pass away or they have to be put down. After a while, that can get very trying on somebody."

"The symptoms can vary from person to person," Goldsborough said. "Some of it could be that they're not sleeping or they're feeling drained. They might be having nightmares if they are sleeping, poor concentration, there could be memory problems, difficulty thinking, headaches, just an overall feeling of not being able to cope. It can add up for people if they don't stop and focus on themselves and looking after themselves."

Goldsborough said employees need to make sure they're getting enough rest, eating properly and getting breaks from the stresses of their work, and the employer needs to be watching for signs of mental and physical fatigue and be prepared to take action by providing time off, moving workers to less stressful positions and by providing counseling.

IERHA to host FASD community info session on Sept. 21

Staff

International Fetal Alcohol Spectrum Disorder (FASD) Awareness Day was last Saturday, and the Interlake-Eastern Regional Health Authority (IERHA) and its community partners will be hosting an event to celebrate those who have FASD and to highlight the services that are available in the region.

People around the world are encouraged to stop and think about FASD, a medical diagnostic term used to describe the range of effects that can occur in an individual who was exposed to alcohol prenatally.

"There is no known level of alcohol that is considered safe for a developing fetus. Drinking alcohol while pregnant is a risk factor and can affect a child's development in a number of ways," said Sherisse Picklyk Dear, IERHA's FASD diagnostic co-ordinator. "Individuals with FASD have many strengths and gifts."

"The support and information that comes from an assessment goes a

long way to helping kids reach their full potential."

In recognition of International FASD Awareness Day 2017, Interlake FASD Coalition, Northeastern FASD Coalition and Interlake-Eastern RHA are partnering to provide a learning opportunity for the community on Thursday, Sept. 21 from 7 p.m. to 8:30 p.m. at the Selkirk United Church on 202 McLean Avenue in Selkirk.

Guest presenters from the Visions and Voices adult speakers' bureau will talk about living with FASD and share their experiences. There will also be a community partners and services fair that will highlight some FASD

specific services such as the Stepping Out on Saturdays (SOS) program, coming to Selkirk in October 2017. SOS is respite day camp and social skills program for children ages eight to 12 with a diagnosis of FASD.

FASD is often referred to as a hidden or invisible disability because most

people affected have no noticeable physical features. FASD can impair a person's learning, physical, cognitive, behavior and development. The effects of FASD are lifelong. Health Canada estimates that nine in every 1,000 children born in Canada have FASD.

Auditor general releases apprenticeship program report

Staff

There's room for improvement in the management of Manitoba's apprenticeship program.

That's the findings of Auditor General Norm Ricard, who released a report with 20 recommendations recently.

An audit revealed gaps in the overseeing training, both in school and in the workplace. The auditor general also pointed to weak planning and performance measurement for the apprenticeship program, as well as gaps in monitoring the apprentices' progress.

In general, apprentices spend 80 per cent of their time on the job and the remaining 20 per cent in school. The auditor general determined that Apprenticeship Manitoba, which monitors the program, focused more on participation in the apprenticeship system instead of on making sure that apprentices had work experiences that were safe, suitable and properly supervised.

From 2006-07 to 2015-16, the number of active apprentices grew in Manitoba from 5,850 to 11,307, but the number of people completing the programs remained the same without any upward change.

"Apprenticeship Manitoba could do a better job of monitoring each apprentice's progress through the system and following up with those failing to progress," Ricard said in a press release.

Through Apprenticeship Manitoba, employers are required to track apprentices' work hours, but they don't need to track what type of work they do — in spite of provincial legislation that requires employers to report that type of information. At the same time, the auditor general noted that Apprenticeship Manitoba doesn't ensure that school courses meet accreditation requirements.

Since 2010, Apprenticeship Manitoba has spent \$2.7 million to develop online courses; however, few online courses have been offered and enrolment has been low in this stream.

Grape and Ricotta Pita Pizzas

Servings: 4
2 whole-wheat pita pocket breads (about 6 inches in diameter)
1 tablespoon olive oil
1/2 cup part-skim ricotta cheese, divided
1 cup seedless red or black

California grapes, thinly sliced or halved
2 teaspoons honey
1 teaspoon lemon juice
6 large or 12 small fresh basil leaves, cut into ribbons
Heat oven to 450 F. Line two baking sheets with parchment paper.
Slice pita pockets in half so each forms two rounds, creating four rounds total. Place pita rounds on baking sheets cut-side up and brush

top of each with oil.

Spread 2 tablespoons ricotta cheese on each pita, leaving about 1/2-inch border around edges then arrange sliced grapes in single layer on top of cheese. Bake until edges are crisped and cheese is warmed, 5-7 minutes.

In small bowl, stir together honey and lemon juice until honey is dissolved.

When pizzas are done, drizzle each with about 1/2 teaspoon honey-lemon mixture. Sprinkle basil on top of pizzas. Serve immediately.

Banana Sushi Rolls

Recipe courtesy of Produce for Kids
1 large (8-inch) whole-wheat tortilla
3 tablespoons peanut butter, divided
1 banana, peeled

1 strawberry, sliced
1/2 kiwi, sliced
1 tablespoon shredded coconut
Lay tortilla on flat surface. Spread with half of peanut butter. Place banana on one end of tortilla and roll up. Cut into even slices and place strawberries and kiwi slices on top. Microwave remaining peanut butter on high 30 seconds, or until melted, and drizzle over banana sushi. Top

Brown Bear Bento Box

Recipe courtesy of Produce for Kids
1 tablespoon soy butter
3 graham cracker squares
3 banana slices
9 blueberries
variety of colorful fruit, chopped
Spread soy butter on graham crackers. Arrange banana slices

and blueberries to create eyes and noses to resemble bear faces. In another container, add colorful fruit, such as raspberries, cantaloupe, pineapple, honeydew, blueberries and blackberries, to create a rainbow fruit salad.

Suggested Side: 1 tablespoon ranch dressing and three mini sweet peppers, sliced into strips.

Blackberry Avocado Smoothie Bowl

Recipe courtesy of Chef Audrey, ALDI Test Kitchen
Prep time: 10 minutes
Servings: 1
3/4 cup blackberries
1/4 cup blueberries
1/4 cup Friendly Farms Plain Nonfat Greek Yogurt
3/4 cup Friendly Farms Unsweetened Original Almond

Milk
1/2 avocado
1/2 frozen banana
1 teaspoon Pure Vanilla
1 teaspoon SimplyNature Organic Wildflower Honey
2 teaspoons lime juice
Optional garnishes:
SimplyNature Flax Seed
Southern Grove Chia Seeds

Southern Grove Sliced Almonds, toasted
Blackberries
Blueberries
Lime zest
Place all ingredients in blender and blend until smooth. Transfer to serving bowl and add garnishes as desired.

BINGO
SUNDAY NIGHT BINGO

Adoption days help raise over \$14K for pet rescues

RECORD PHOTOS BY LINDSEY ENNS

The sun was shining and the tails were wagging during the eight annual Adoption Days hosted by Lockport's Canvasback Pet Supplies last Saturday. Hundreds attended the two-day event, which wrapped up last Sunday, and featured the popular Dock Dogs competition, children's activities and plenty of adorable adoptable animals including dogs, cats, horses and ponies. Organizers said preliminary numbers show they raised around \$14,500 for more than 15 Manitoba pet rescues. Last year's event raised \$13,562.85.

Royals crowned U of W tournament champs again

By Brian Bowman

The Selkirk Royals varsity girls' volleyball team is expecting to have a special season this year.

With loads of talent at every position, the Royals have very high expectations for this year's team. And Selkirk certainly started the season on the right foot with a dominant tournament victory at the University of Winnipeg.

For the 14th time in the past 15 seasons, the Royals were crowned U of W tournament champions after they swept Westgate 2-0 in the championship game last Saturday.

Selkirk won the match by scores of 25-20 and 25-21. The Royals were in control throughout the match.

"We didn't drop a set all weekend," said Royals' co-coach Kyla Michalski. "We were undefeated in every set. But I would say Westgate played very (well) in the final and we had a few runs that we gave up."

To reach the final, the Royals swept the Oak Park Raiders 2-0 (25-17, 27-15) in a semifinal clash. Selkirk, which was 5-0 in pool play, had a quarter-final bye.

The tournament victory was a great way to start the season for a veteran-laden Royals' team. Eight girls have

returned from last year's varsity team.

"It seems like the level that we're starting at this season is a little bit higher than some of the other years," said Michalski, noting Jamie Yuzdepski is the other Royals' co-coach this season. "Some of those things that you have to work at at the beginning of the year in past years, we have already surpassed that because the girls have played enough volleyball."

Selkirk will be looking to make it two consecutive tournament championships to begin the season when they host their home tournament Sept. 29-30.

Expectations are high and a lot of wins are expected in both league and tournament play.

"We have a chance to have a pretty special season," Michalski said. "But it's not going to be easy. With the amount of club volleyball, I would say girls' volleyball is getting closer and closer each year."

"It's going to be a challenging year, but we should be in that mix of top teams contending for the (KPAC and provincial) title."

KPAC play should start in the final week of this month. The Royals expect to face some tough competition from teams like River East and MBCI.

RECORD PHOTO SUBMITTED

The Selkirk Royals varsity girls' volleyball team won the University of Winnipeg tournament last weekend.

Back row, left to right: Jared Laberge (manager), Kely Warmington, Tayler Nickart, Bella Cierys, Asha Gurney, Jessica Kowalski, Kyla Michalski (coach); Livi Weremy, Bella Benson, Janet Clegg, Annika Loeppky, Cassidy Dudek. Missing from the photo is Jaimie Yuzdepski (coach).

"They have a lot of returning players and we had really good games against them last year," Michalski recalled. "We were all young last year, so we

should have some good battles. KPAC (competition) will be top-notch and definitely will be a challenge.

"To win KPAC will be huge for us."

Thunder dominates Nationals in Bantam play

By Brian Bowman

The Interlake Thunder made it look real easy against the Transcona Nationals in their Bantam "AA" league game last Sunday in Stonewall.

Interlake defeated the visiting Nationals by an official score of 30-0. The Thunder was very dominant on both sides of the ball.

"Our offensive line played amazing and our defence had the best game that they have had all year," said Thunder head coach Ed deLaroque. "(Our defence) did everything well – they couldn't move the ball on us."

Interlake's 3-4 defence stifled Transcona's offence the entire game.

"Our outside linebackers were doing a really good job of keeping their offence contained," deLaroque noted.

On offence, the Thunder did a good job with both the run and the pass. Still, there is a lot of work to be done to move the ball even better.

"I'm going to say that our offence needs to be a little better," deLaroque admitted. "It's not as crisp as it needs to be yet."

Thunder quarterback Josh Charison of Teulon made several really good passes that were not caught by his receiving core, deLaroque noted.

With the lopsided victory, Interlake improved to 2-2 and they are currently tied for third place with the Fort Garry Lions (2-2).

"I'm very pleased with (where we are in the standings)," deLaroque said. "There is a lot of progress happening and I would say that we are past the hardest part of our schedule. We have played the top two teams already and we won't see them in the second half."

The Falcons Football Club and St. Vital Mustangs lead the six-team division with 4-0 records.

The Eastman Raiders and Transcona, each with 0-4 records, will now be re-

RECORD PHOTO BY LANA MEIER

aligned to the Bantam "A" division.

Two teams from the Bantam "A" division will now take their place for the second half of the season.

The Bantam "AA" schedule for the second half of the season was not known at press time.

PeeWee Thunder improving on the gridiron

By Brian Bowman

Player development is the main goal at the PeeWee football level.

The Interlake Thunder may not be winning games on the field, but they are certainly winning in getting their players better and better on a weekly basis this season.

"It's certainly not the way we would like it to be going," said Thunder head coach Chad Thoresby. "There are some new players, new coaches, and we haven't found the end zone yet but we're getting better each week."

Record-wise, the Thunder are 0-4 in the PeeWee "A" division and have been outscored by an official 120-0 count. Teams at this level can only lose by a maximum 30-0 score per game.

Interlake's latest 30-0 loss came against Eastman last Sunday. The game was scoreless until about "four or five minutes left in the first quarter" which was nice to see, said Thoresby.

"It was 16-0 at halftime and we were moving the ball up the field a little bit," noted the Thunder head coach. "We have a trio of backs...and we were getting the ball upfield."

The Thunder has seen their roster number increase the last few weeks and they are now up to 28.

"At least now, we can field a full team," Thoresby said. "And kids don't have to play both ways, which is nice."

The attitude of the players has been very good. This is a group that is eager to learn the game of football.

"The players are showing up early for practice and they might be getting their butts kicked in a few games but everybody is still smiling and happy to play football," Thoresby observed.

The Thunder are currently at the midway point of their season but, in an odd twist, were still awaiting their second-half schedule at the beginning of this week.

"We're looking forward to the next few weeks and, hopefully, we can get some more gas in our offence," Thoresby said. "Our defence should be holding (the opposition) to 10 or 20 points per game and we should be able to score that."

PeeWee teams in the Manitoba Minor Football Association have been split up into two divisions – a "AA" and

RECORD PHOTO BY LANA MEIER

The Thunder's Jackson Doak of Selkirk moves the ball upfield during Interlake's 30-0 loss to the Eastman Raiders last Sunday.

"A" one – this season.

Thoresby expects the Thunder to play four more regular-season games before advancing to the playoffs.

"We're still waiting to see if we have

a bye this week or what the plan is," Thoresby said Monday evening. "We'll practice like we have a game but we don't know when and where it is."

Midget Thunder bucked by Mustangs

By Brian Bowman

For the second game in a row, the Interlake Thunder had a slow start to a Midget Football League of Manitoba game.

But for the second time in a row, the Thunder closed out the game with a real strong second half.

After spotting the St. Vital Mustangs a 24-0 halftime lead, the Thunder kept with the league's best team in a 31-6 home loss Sunday in Stonewall.

"I always see the Mustangs as the top team and the toughest team to take on," said Thunder head coach Mitch Obach Monday afternoon. "It was a heck of a windy day and that definitely factored in the game."

St. Vital took advantage of the strong wind to score 17 second-quarter points. Interlake had that wind at their backs in the third which allowed them to sustain a couple of solid drives.

One of those drives was converted into a touchdown as Thunder receiver Evan Krahn hauled in a pass from Carlin Doak.

The Thunder was successful on offence by using a short passing game. St. Vital chose to bring a lot of pressure most of the game, which opened up the passing game.

"Both teams that we have seen this year have brought a lot of pressure from inside the box," Obach noted. "Our offence is always a work in progress so we will be looking at some adjustments that we can maybe make to be better prepared for the next time that we see the Mustangs and the Falcons."

And, because of the stiff wind, the Thunder were often forced to gamble on third down instead of electing to punt, which cost them field position.

St. Vital's top running back, Breydon Stubbs, closed out the game's scoring with a fourth quarter TD. Despite that touchdown, Obach was very impressed with the play of the Thunder's defence, especially in the second half.

Still, Obach feels the Thunder must have better starts to their games and play four quarters of solid football.

If they do that, Interlake should be successful in their next two games against the last-place Sunrise Coyotes.

The Thunder (1-1) will host the Coyotes (0-2) on Sunday (4:30 p.m.) at Stonewall Collegiate. The two teams will then hook up again Sept. 24.

"We're going to take it one game at a time but if we want to be a top-tiered

team in the league, we can't afford to be losing to the Coyotes," Obach said. "We have to go hard at them at home

on Sunday and then travel there and do the same thing the next week."

Dear signs pro volleyball contract

Staff

For many years, Devren Dear has smashed volleyballs against opponents here in Manitoba.

Now, he'll get paid to do that same thing in Sweden.

Dear has signed a pro contract with Habo Wolley and will take over the right-side position.

"I'm really looking forward to finally playing volleyball at the professional level," said Dear on his new team's website. "I hope to contribute a lot of power to the attack game and (bring) a winning mentality."

Dear is looking forward to making the transition from being a star player with the University of Manitoba

Bisons to the pro game.

"It will be interesting to see how much I can develop, especially in the leadership on and off the (court)," he said. "It has been a bit of a dream destination (for me), so it's going to be really fun to spend an entire year here."

Coach Jackson Maris is pleased to have signed the former Selkirk Royal.

"Devren was at the top of my wish list of possible players, so I am very pleased that he and the club could agree (to a contract)," Maris said. "In him, we get a stable point (producer) who can lead the team to great successes."

Steelers knock off Norskies in Thief River Falls

By Brian Bowman

The Ralph Engelstad Arena in Thief River Falls is a pretty impressive venue.

So, it was only fitting that the Selkirk Steelers put forth an impressive effort on the ice in a convincing 7-3 win over the Thief River Falls Norskies Sunday afternoon in Thief River Falls.

"I think on the whole, we had good spurts and bad spurts," said Steelers' head coach Dustin Hughes Monday morning. "Yesterday's game in Thief River, we certainly had a very good start and I think we played hard and fast the entire game."

The short trip down south to play against an American team was a good one for the Steelers.

"(The rink has) been around for a while and I remember playing there with the Steelers when I played in '04 and it's still beautiful," Hughes said. "It's a great rink."

Selkirk grabbed a 4-0 lead just 13 minutes into the game with goals from Carter Barley, Nathan Hillis, Nash Dabb and Connor Barley to chase Norskies' starter Brock Lefebvre in favour of Bailey Schmitz.

Thief River Falls' Cody Aarvig and Aslan Akeryik replied early in the middle frame before Brady Castellano gave the Steelers a 5-2 lead after 40 minutes.

The Steelers' Shanan McFadden and the Norskies' Parker Simonson traded goals early in the third before Selkirk's Ryan Piwniuk closed out the scoring midway in the period.

Dabb, Castellano and Will Middleton each had two assists apiece for

Selkirk.

Steelers' veteran netminder Hayden Dola started in goal, stopping 11 of 13 shots in a half a game's work. Landon Poiron made 10 saves in his time in goal.

Road blues

On Saturday, the Steelers were edged 4-3 by the Winnipeg Blues at the Bell MTS Iceplex.

"I didn't think it was the greatest game," Hughes admitted. "We had a good first period and then the second was not very good at all."

Curtis Rebeck and Josiah Vanderhooft scored to stake Selkirk to a 2-0 lead by the midway mark of the first period.

But the Blues came back in the middle frame, getting a pair of goals from Cam Olstead and Dexter Kuczek.

Hillis then tallied at 19:16 of the third to make it a one-goal game.

First preseason win

Last Friday, the Steelers hung on for a 4-3 home win over the Blues. Selkirk played real well in the first half of the game, said Hughes.

Nathan Halvorsen led Selkirk with two goals while Connor Barley and McFadden also tallied. Garrett Armour (two) and Mikol Sartor replied for Winnipeg.

Poiron made 17 saves in two periods of play to post the win.

Pistons pound Steelers

The Steelers started their preseason with a 5-1 loss to the Pistons in a rookie game in Steinbach on Sept. 6.

Noah Couch and Matt Boonstra

RECORD PHOTO BY BRETT MITCHELL

scored for Steinbach in the first period while Nathan Driver replied for Selkirk.

Couch put Steinbach up 3-1 at 6:45 of the middle frame and then Troy Beauchemin and Austin Thorarinson scored to give Steinbach a four-goal cushion after two periods.

The third period was scoreless.

Selkirk hosted Thief River Falls last

night but no score was available at press time. The Steelers will host the Pistons Friday and then the same two teams will hook up Saturday in Steinbach to wrap up the preseason.

Selkirk will begin its MJHL regular season next Friday in Steinbach. The Steelers' home opener will be the following evening against the Pistons at the Selkirk Rec Complex.

Female Midget Lightning hoping to improve this season

By Brian Bowman

The Interlake Lightning Midget female hockey team is looking to forget about last season and focus on the present.

After a very tough year record-wise a year ago, the Lightning have welcomed a young group of players to their program this season.

The team has already been selected and the focus on player development will play an integral role in this year's team.

"It's going to be a challenge but I'm excited," said new head coach Paul Miller. "We have a good group of girls and we have the right attitude but it's going to take us 60 to 90 days to get there."

The Lightning had 31 girls come out for tryouts, which is a real good num-

ber. That number dwindled down to 27 after a few different reasons but Miller was very pleased with the interest in their program.

"The numbers were up significantly from past years by probably 10 more girls," Miller noted.

Of those players, just six have returned from last year's team.

"We have eight 15 year olds, so we are going to be very young and we have 10 first-year players that have never played at this level before," Miller noted. "We're going to be very young and there's lots of work to do. But we have already had three team practices and we're progressing in the right direction."

Miller would like to change the atmosphere surrounding the Lightning Midget team. Players have to start

thinking about winning rather than losing.

"We need to change to a winning culture and kind of forget about the past," he said. "The team has been around for two years...and their record last year was probably similar to the first year."

"The five girls that have been there from Day 1 probably haven't won too many games, if any, in two years."

A positive attitude on the bench - and in the dressing room - will be a must this season.

"We need to start building on the little successes to get the culture we need to (have)," Miller stressed.

The Lightning does not have a lot of offensive firepower up front, so they will have to play low-scoring games to be competitive.

"Offence is going to be a challenge for us," Miller admitted. "I'm a huge defence-first coach so we do need to look after our own end. We have two young goalies that I believe are going to help us be competitive and keep the puck out of our own net to grind out those 2-1 wins."

As for the Manitoba Midget Female Hockey League, seven teams will be vying for a league title this season. The league is expected to have more parity amongst teams this season compared to previous years.

Interlake, meanwhile, will see its first exhibition action on Sept. 22 in Portage la Prairie. The Lightning has four games scheduled that weekend and then will begin their regular season Sept. 30 when they hit the road to play Yellowhead.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

IN MEMORIAM

Tom Pruden
March 22, 1936 – September 12, 2016
 It has been one long, lonely, heartbreaking
 Year since my beloved Tommy died.
 I am thankful for the wonderful memories
 We made together.
 Missing him always, loving him forever.

-Penny

In memory of our Dad, Grampa, and
Great Grampa, Tom Pruden
 We were blessed to have had such a
 wonderful Dad,
 We couldn't have asked for better.
 Thankfully, we had the time to show and
 tell him
 How much we loved and cherished him.
 He is so sadly missed and lovingly
 remembered.

-Candace, Karyn, Tom Jr. and
 Pamela (deceased) and families

ANNOUNCEMENT

IN MEMORIAM

Wilma Goodbrandson
In Loving Memory of Our
Mother, Grandmother and
Great-Grandmother
June 15, 1929 – September 11, 2016

Our lives go on without you
 But nothing is the same.
 We have to hide our heartache
 When someone speaks your name.
 Sad are the hearts that love you
 Silent are the tears that fall,
 Living without you
 Is the hardest part of all.
 You did so many things for us
 Your heart was so kind and true,
 And when we needed someone
 We could always count on you.
 The special years will not return
 When we are all together,
 But with the love in our hearts
 You walk with us forever.

-Always remembered and forever loved
 From your family

OBITUARY

Laurits Sorensen Buus
June 7, 1925 -
September 7, 2017

It is with great sadness the
 family announces the passing of
 Laurits Sorensen Buus Thursday,
 September 7, 2017 at the age of
 92.

Dad was born June 7, 1925 in
 Denmark. Dad married the wom-
 an of his dreams Herdis Thogers-
 en August 23, 1947, together they
 came to Canada with their two
 sons Paul and Svend. Within the
 first week dad secured employ-

ment in the construction field. Dad worked for numerous companies until 1969 when he started his
 own construction business. Then in 1975 started Buus Construction with his sons. They worked in
 many towns in Manitoba and Northern Ontario. Their home was always open to other Danes who
 immigrated to Canada. Together they always found room for one more.

In the early 60's together the family cleared and built a cottage in Betula Lake, making many more
 lasting friends. Dad enjoyed swimming, boating, fishing, blueberry picking, music, dancing and play-
 ing cards. Dad also enjoyed snowmobiling, being a long-time member of The Springhill Trailblazers.
 His love of the water lead to building their home on the bank of the Red River North of Selkirk. He also
 built a houseboat where he took many family and friends up and down the Red. 10 a.m. coffee time
 at the Lord every day with his buddies. Laurits had an amazing memory which he turned into writing
 his memoirs. He always had stories of his life, places he has been, his childhood at the age of five,
 the war and names of his friends he worked with in Denmark and Manitoba. Stories of his brothers
 and sisters and working from a young age of 10. Laurits retired in 1990. Dad and mom took many
 trips back to Denmark to visit family and friends, trips in their motorhome to Alaska, all over the United
 States, Mexico, the Western provinces of Canada and all over Manitoba.

Laurits was predeceased by his wife Herdis; three sisters (Anna Marie, Mette Marie, Hilda); three
 brothers (Soren, Henning, Karl); brothers-in-law and sisters-in-law and also a grandson Kaleb.

Dad will be lovingly remembered by his sons, Paul (Linda), Svend (Diane), John (Kim) and nephew
 Soren who was like a son. Grandchildren Cheryl, Ken (Anjie), Nancy (Russel), Erik (Erin), Craig
 (Tamsyn), Lindsay, Arden. Great-grandchildren Connley, Grayce, Liberty, Tori, Jonas (Brittany), Da-
 mon, Koltin, Brooklyn and Ryker and many nieces and nephews. Great-great-grandchildren Josten
 and Eve.

We the family and friends would like to thank all of dad's caregivers on ward 8 of the Tyndall Build-
 ing, Selkirk. Thank you for your excellent care, dedication and patience.

A celebration of dad's life will be held on Thursday, September 14, 2017 at 1:00 p.m. at Spring's
 Church 479 Eveline Street Selkirk, Manitoba.

In Lieu of flowers donations may be made in Laurits memory to the charity of your choice.

Funeral arrangements entrusted to:
 Rock Fontaine, Funeral Director
 Honor-Respect-Dignity in Winnipeg
 223-2576 or toll free 1(866) 499-2601

Our memories of both of you will live forever ~ Engraved within our hearts

ANNOUNCEMENT

IN MEMORIAM

Harold Taylor

February 26, 1929 – September 14, 2009

Our hearts are filled with memories,
Which we gather through the years;
All the happy times we shared,
Are truly treasured souvenirs.

-Ever remembered and sadly missed
by wife Liz, children, grandchildren
and great-grandchildren

ANNOUNCEMENT

IN MEMORIAM

Parker Sutherland
September 17, 2014

Although we are not together,
We will never be apart;
Because you have that special place,
Right here within our hearts.
You are missed so very much, Parker.
Always and forever loving you.

-Brenda, Madison and Brandon

ANNOUNCEMENT

IN MEMORIAM

Scott Gordon Wazney

August 10, 1972 – September 16, 2016

There is a special kind of feeling,
That is meant for you alone;
As time unfolds this very first year,
A place within our hearts that
Only you can own.
There will always be a sadness,
And a silent tear;
But always special memories,
Of the days you were here.

Lovingly remembered and deeply missed.

-Mom and Dad, Carla, Darin
and family

OBITUARY

Fern Massey

Fern Massey passed away peacefully on September 7, 2017 at the age of 93 at Betel Home. Fern was born in Hodgson, Manitoba. She is survived by daughter Susan (Gerry), son Robin (Laurie), and daughter Sandra; grandchildren Chantel (Steve), Anastasia (Alisson), Brennan, John and Allan; great-grandchildren Connor, Eric, and Casey; sister Phyllis; sisters-in-law Kathleen (Kaye) and Doreen, and many nieces and nephews. Fern was predeceased by her parents Olive and Andrew Truthwaite; sister Olive; brothers Victor, Ronald, Miller (Buddy), and Thomas; sisters-in-law Lorna and Connie, and brothers-in-law Clarence and Stanley.

Fern was a well-known member of the community. She was an active member of Christ Church, working for the vestry, choir, and Sunday school. She belonged to the Legion Ladies Auxiliary, held many officer positions in the Army, Navy and Air Force Ladies Auxiliary and was a lifetime member. She joined the ANAF in 1954, was 1st and 2nd Vice President, and President in 1975 and 1976. Among other things, Fern had worked as a hairdresser, a newspaper editor, and during the war she was a welder for the Air Force. She enjoyed curling, gardening, traveling and loved politics and spending time with her grandchildren.

Prayers will take place in the Gilbert Funeral Chapel, Selkirk, MB at 7:00 p.m. Thursday, September 14, 2017. Funeral services will be held at 11:00 a.m. Friday, September 15, 2017, in the Christ Church Anglican, 227 McLean Avenue, Selkirk, MB, with Archdeacon Gordon Payne officiating. Interment will follow at St. Matthews Churchyard Cemetery in St. Andrews.

We would like to thank pallbearers: Greg Dewar, Randy Dewar, William Loutit, Brennan Massey, John Coneybeare and Allan Coneybeare. The family would also like to extend a heartfelt thank you to the staff at Betel Home, where Fern resided for the past nine years.

Gilbert Funeral Home, Selkirk in care of arrangements.
