Selkirk's hospital set to get new expansion

30 more beds will be added and project set to be completed in 2024

By Katelyn Boulanger

Last week Premier Heather Stefanson joined Marion Ellis, the CEO of the Interlake-Eastern Regional Health Authority, to announce the expansion of the Selkirk Regional Health Centre. This expansion will accommodate 30 additional beds for patients at the hospital as well as three emergency department treatment spaces.

"The new beds will support more in-patients from across the region locally and will help enhance this facility's capacity to treat and monitor patients. Surgeries performed at the sites, which include general procedures, gynecology, urology, and endoscopy, will be increased as part of this significant expansion. This project will also include updates to improve patient flow and expand treatment capacity within the emergency department,

which sees patients from across the Interlake Eastern Health Region, as well as some from the northern suburbs in Winnipeg," said Stefanson.

The total cost of the project will be at least \$31.6 million and construction has already started with renovations to the emergency department taking place this fall.

Ellis thanked the government on behalf of the health care providers working at the site for making this investment based on the feedback that was received from the Clinical Preventative Services Plan.

She went on to say that earlier in the year the site was the place of a water drum and pipe ceremony prior to this construction.

The project is currently in its first

Continued on page 4

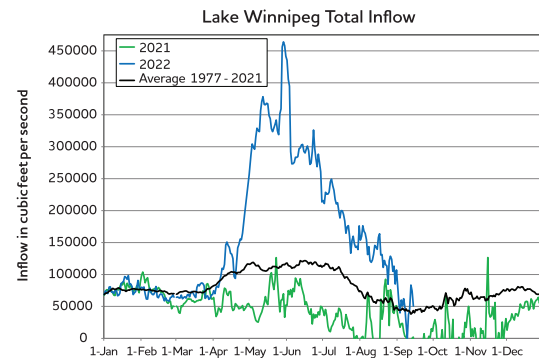

RECORD PHOTO BY KATELYN BOULANGER

Construction has begun at the Selkirk Regional Health Centre.

Fall Update on Lake Winnipeg Levels

Water levels on Lake Winnipeg have gradually fallen since the mid-July peak of 717.5 feet above sea level (ASL) and are currently forecast to fall below 715 ASL prior to winter freeze up.

The high water levels are due to unprecedented spring flows into the lake, representing the highest volumes of water since records began in 1913.

Outflows remain at maximum

Manitoba Hydro regulates outflows from Lake Winnipeg through the Jenpeg Generating Station and Control Structure.

Outflows were ramped up in January in anticipation of a heavy spring melt. Those outflows were further increased through April and reached the maximum possible in May following near record spring precipitation throughout the southern part of the Lake Winnipeg drainage basin.

Outflows will remain at maximum until lake levels fall below elevation 715 ASL. For up-to-date water level and flow information visit hydro.mb.ca/waterlevels.

Available in accessible formats upon request.

> HOSPITAL EXPANSION,
FROM PG. 3

phase which is to be completed by next summer and includes the emergency room renovations. The project's overall completion is planned for late 2024.

"That was a new experience for our staff and at this time of truth and reconciliation, it meant a lot," said Ellis.

This expansion, and the ability to have 30 more patients at the hospital, will require the hiring of staff in order to care for those people. In July of this year the Manitoba Nurses Union put out a release indicating that there was a province-wide nursing shortage with a province-wide vacancy rate of 21.4 per cent because of this, questions about whether or not this expansion would be able to be properly staffed came up.

"We need to be out listening to doctors, listening to people in communities as to, what is needed, what is necessary. [Ellis] mentioned earlier about the Clinical Preventive Services Plan that was derived as a result of being out and listening to Manitobans. And so, that's something that we're committed to doing," said Stefanson.

Ellis continued on along the same vein saying, "In terms of our staffing, and I don't want to jinx us, but right now, at our hospital, in our work, we've been successful. We didn't have to reduce surgery over the COVID period. We have our permanent positions all filled on our medicine floor and our surgery floor. . . Where we are a bit strained sometimes, if I'm honest, is in our emergency department. We haven't cut back services at Selkirk in our emergency department. And, we realize that across the country we have had some challenges staffing emergency departments. Having said that, the Manitoba Métis Federation established an LPN course that was here and they're just graduating from that here in Selkirk."

She also mentioned that there are recruitment efforts ongoing across the country and a planned recruitment trip to the Philippines in November.

Happy Thought School gets new trees thanks to donation

By Katelyn Boulanger

Selkirk Home Hardware Building Centre and Tree Canada celebrated National Tree Day by making Happy Thought School's playground a little more scenic for the students and community members who use the space.

"I'm pleased to be here today to celebrate this tree planting event and to recognize the grant of up to \$3,000 from Selkirk Home Hardware Building Centre," said Ken Fosty, representative for Tree Canada.

This time around the school received eight trees to add to the landscape. This new group of trees are willow trees and they are being added to the playground by the entrance and also to the shelter belt at the school which is between the two soccer fields.

"The trees that we're planting here today, that will be planted, that are already are planted, will provide multiple benefits, including shade, shelter, aesthetic beauty, recreational opportunities, wildlife habitat, as well as clean air," said Fosty.

Rob Borthistle, owner of Selkirk Home Hardware said that they were glad to continue this ongoing tradition.

"It's become a legacy of Home Hardware. It's a tradition. It's something that we're very proud to be part of delivering to our hometown," he said.

Trish Goosen, principal at Happy Thought School was very happy to see the trees take their place on the school's grounds.

"It's a great opportunity to continue to beautify our green space at our school, because not only is our playground used by our students, but it's also used for the school community. It

is really important to have the green space, but also the variety of trees and greenery because the community's using it, but then also students and staff could be using it as part of their curriculum as well," she said.

Goosen said that the students were also very interested to see the new trees coming to their school.

"The students were very excited to see new trees. We use the trees for a variety of curriculum. We use them for teaching about science. They can be used for art, math, ELA, literacy, so many different subject areas and the students are really excited to have more trees, especially in the winter-time as they utilize the trees underneath for forts and to make shelters," she said.

Goosen wanted to give a huge thank you to everyone involved with the project.

"On behalf of Happy Thought School, I'd like to thank Selkirk Home Hardware for continuing to donate and to Tree Canada for choosing Happy Thought School to be the location of this very, very worthwhile project," she said.

For more information about what Tree Canada does and how you can be involved visit <https://treecanada.ca/>.

Honouring National Day of Truth and Reconciliation Day Sept. 30

By Katelyn Boulanger

If you would like to take part in Truth and Reconciliation Day in our community there are a few events that residents have the option to take part in on Sept. 30.

The Selkirk Friendship Centre will be partnering up with the City of Selkirk in Selkirk Park to host a commemorative ceremony, remembering the lost children and survivors of residential schools. The event will start at 10 a.m. and have information from knowledge keepers, drumming, and dancing. At 10:30 a.m., attendees are invited to take part in a self-guided walk with information about the 94 calls to action made by The Truth and Reconciliation Commission. This will be followed by a community connect art installation. Residents are advised to please bring lawn chairs if they would like to sit at the event. At 1 p.m. residents are invited to the Gaynor Family Regional Library where the new Healing Garden will be opened. This garden joins the Manidoonsag Imaa Mikinaako-Mini-siing-Sacred Spirits Of Turtle Island 3D mural which commemorates murdered and missing Indigenous women, girls, and two-spirit people. Residents should note that the library itself will be closed on Sept. 30.

For residents that would like a quiet place to peacefully reflect, the pocket park on Manitoba Ave. East hosts the Anishnaabe Mashkiki Gitigaan – The People’s Medicine Garden.

Also, don’t miss the Selkirk Water Tower being lit orange all week.

Triple S Fair and Rodeo is looking for volunteers

New board members needed to keep annual fair in community

By Katelyn Boulanger

The Triple S Fair and Rodeo is in need of new board member volunteers to keep the annual tradition alive in our community.

"What's happened is we've lost a few board members over the past two years, due to resignations, and [people finding that it was time for them to step down from the position] and we're losing four more, two are moving out of province in the next month or two and two of the chief pillars, my wife, and myself, my wife is definitely stepping down this year and I'm stepping back significantly," said Rea Pennington, president of the Triple S Fair and Rodeo.

The rodeo has been a staple in the community for over a century with the oldest fair book held at the Provincial Archives building in Winnipeg being from the year 1883. This makes the fair at least 139 years old.

The board of the Triple S Fair and Rodeo typically has between 12 and 15 members at any given time but with these six people either taking a step down or a step back since 2020, it's going to be a struggle to put together future events without help from more volunteers.

"We're probably at the lowest level I've ever seen as far as board members," said Pennington.

He described the situation as desperate.

"We have had some contacts, people have come forward and said, 'Yes, I'd be willing to help.' but nothing is confirmed. I have no numbers or anything to that effect," he said.

Being a board member is not a large time commitment from volunteers during the year, however, it does require quite a bit of time before and after the fair every July as it is a large event to organize.

"We have meetings, pretty much ten months of the year, one evening a month, usually it's about a two-hour meeting. And usually, a board member will take on an area of responsibility [at the fair]. For example, the rodeo will have [one or two] people who're looking after it and the same with the beer garden. And, all of our little venues, our children's entertainment, our demolition derby and our mud bog, they kind of go together as

RECORD FILE PHOTO BY KATELYN BOULANGER

A competitor at the 2022 Triple S Fair and Rodeo.

they don't happen at the same time so, the same people look after those few events, but that's what happens. The board members take on responsibility for a certain area and the whole board makes decisions on how that event is run, but then the specific board member that's looking after it is the hands-on person that's making sure it's set up properly and everything's there that's needed," said Pennington.

He says though there is no financial incentive to be part of this community activity as it's something that is very fulfilling to take part in.

"Knowing that you're doing a good thing for the community. People watching [the event and] people enjoying what you've put on and complimenting you on how it was," said Pennington.

He and the other board members are hoping that there will be some residents in the community that want to make sure that this tradition continues and who are looking for a fulfilling group to be a part of. If that sounds like you Pennington says to give him a call.

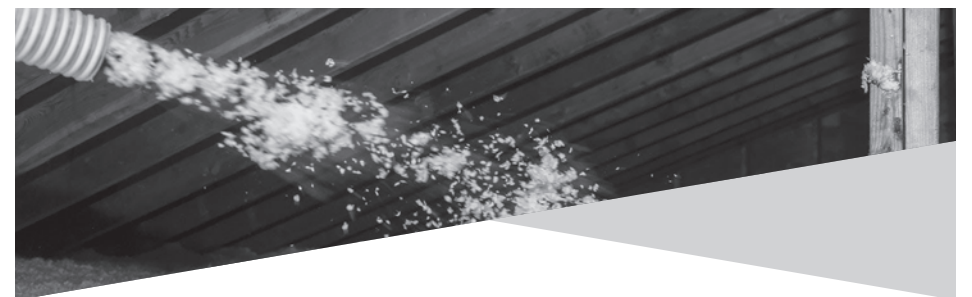

"Our Fair phone is active at 204-485-4854 and we also have our website. We have an email address there that connects to us but the Fair phone is probably the more easy way to go," he said.

Though Pennington is planning to step back a bit this year after volunteering on the board since 2003 he

says that volunteering has been a very positive experience for him.

"I've always enjoyed it all. [It's been] a very fun thing to do. It was lots of

lots of comradeship and so on," he said.

Province removes COVID outbreak list from public report

By Patricia Barrett

The provincial government's COVID surveillance report for the period Sept. 11-17 (reporting Week 37) shows an increase in infections and in hospital and ICU admissions.

There were 87 hospital admissions from the virus, including 11 people needing intervention in the intensive care unit. The previous week's report showed 65 hospital admissions including 10 ICU admissions.

The provincial government doesn't report data showing the total number of COVID patients in hospital on any given day or week.

Manitoba's COVID death toll now stands at 2,143, an increase of six additional deaths since the previous week's report of 2,137 total deaths. The previous week saw a spike in deaths, with 19 people having lost their lives.

There were also 377 new laboratory-confirmed COVID infections for Week 37, up by 35 infections over the previous week's report of 342.

The public shouldn't fully rely on government data as a means by which to judge COVID risk because the data are an undercount; the government restricts access to PCR testing and rapid antigen tests aren't tracked.

The surveillance report's heading (in green) shows "decreased activity" in COVID despite increases across the board for hospital admissions, ICU admissions, the positivity rate and new COVID infections. Wastewater data to Sept. 12 for the city of Winnipeg also indicate an increase in COVID activity.

The report used to provide a link to weekly current and historical COVID outbreaks in facilities such as hospitals and personal care homes, but that data was found to be no longer available in Week 37. The link is still there, but it takes users to a Shared Health website that says the public shouldn't use this site unless they're a health-care professional (last viewed Sept.

24).

Personal care homes across the Interlake and Manitoba have been experiencing unceasing COVID outbreaks despite the advent of vaccination.

When the *Record* asked the government why the outbreak data have been removed from the surveillance report, a spokesperson said by email:

"The new COVID public reporting frequency and content are now consistent with how we report other endemic reportable diseases such as influenza[,] and as part of the infection prevention and control measures implemented with the Stevenson Review [link to the report on COVID outbreaks and 54 deaths at Maples PCH][,] each facility is required to provide regular communications to affected staff, patients and their families."

Endemic refers to a disease or pathogen that's limited to a certain area or areas. Because COVID has spread around the world and is continuing to sicken and kill people, the World Health Organization (WHO) says we're in a pandemic and that it's not over.

Globally, more than 6.5 million people have died from COVID.

Other health news:

-The WHO's weekly epidemiological update of Sept. 21 shows there were 3.2 million new infections compared to the previous week, with over 9,800 new deaths. But those numbers are an undercount as "several countries have been progressively changing COVID-19 testing strategies, resulting in lower overall numbers of tests performed and consequently lower numbers of cases detected."

The omicron subvariant, BA.5, has the highest relative global prevalence of 76.6 per cent while BA.3, BA.2 (excluding BA.2.75) and BA.1 have declined in global prevalence to less than 1 per cent, according to the update.

There are also five new strains of BA.5 (an omicron subvariant) that have been "rising" and are currently being tracked.

"The prevalence of these Omicron subvariants under monitoring is still low but rising over the last four weeks," states the epidemiological update.

-A COVID outbreak at the Teulon Hunter Memorial Hospital was declared on Sept. 15. Outbreaks continue at the Stonewall hospital, Ashern PCH and Tudor House PCH in Selkirk (as of Sept. 24).

-Two COVID outbreaks, one at Gimli Betel Personal Care Home and another at the Red River Place Personal Care Home in Selkirk, were declared over Sept. 21 by the Interlake-Eastern Regional Health Authority.

-Hospital ERs in some communities remain unavailable or have drastically reduced service hours.

The IERHA's ER schedule for Oct 1-15 shows no ER availability at Ericksdale hospital's ER. The Arborg ER will have a doctor available on only two days during that period (schedule viewed Sept. 24).

In the eastern half of the health region, Pine Falls' ER remains temporarily suspended while ERs at Pinawa and Beausejour continue to experience service disruptions on some days. The schedules are subject to change.

-The Manitoba Association of Healthcare Professionals (MAHCP), a union representing about 85 per cent of allied health professionals including rural paramedics, said allied health is "desperate" for staffing and rural health care is in "crisis." That came in response to a government announcement of an expansion to the Selkirk Regional Health Centre.

Standing in front of a backhoe at the hospital on Sept. 21, Premier Heather Stefanson said an investment of over

Vintage treasures come out of hiding

East Beaches sees new show and shine events in region this year

By Laura Tutlies

Within a 20-kilometre radius of Belair in East Beaches, there are treasures. They have been lovingly maintained and some diligently restored. Some are rescues, and some have always been the sparkle in their owner's eye. Some rarely see the light of day (beyond the garage door) and a few have spent a great deal of time under a tarp, while others hit the road on a regular basis - just for fun. There is one thing all 'vanity cars' have in common. Someone who loves them. You see there is nothing that a serious vintage car owner likes better than to take their treasure for a Sunday spin, then park that "baby" where folks can ooh and ahh over their prized wheels. When it comes to classic vehicles there are plenty of people who want to look and maybe to dream about owning or riding in a collector car.

Pete Peterson and Brian Danyluk decided it was time for a Show & Shine that featured some of the special vehicles that reside undercover within the resort communities along the east side of Lake Winnipeg. Both gentlemen reside in the area and are well connected with other like-minded car, truck, and motorcycle owners.

Danyluk has owned his bright orange Roadrunner since 2008. Like Peterson he has had a long intense passion for older vehicles and an ongoing lust for really fast new muscle cars.

There were both fast cars and ancient cars at the first annual event.

Dave Jonkers has lost track of how many vehicles have passed under his oil rags. His wife Liz said, "We would love to sell them all and just get one good 'daily driver'. One of the cars in their stable was bought as a therapy

experiment after a serious accident changed the Jonkers's lives forever.

Really, every vehicle at the show had a really great story, one or more proud "keepers".

Jonkers's buddy Clark Baldwin was there to show off his three-wheeled Harley-Davidson Servi-Car. HD made Servi-Cars from 1932 until 1973. Jonkers found the frame buried in rubble and then scrounged parts to build a bike that is a fun ride for this East Beaches entrepreneur. So many cars - so many stories.

It was gratifying for the organizers that so many classics and collectables showed up. Not less than fifteen really diverse vehicles were on display at each of the summer's shows. The crowds that gathered were enthusiastic and suitably impressed. As is often the case, visitors to the show weren't expecting what they got. One guest said, "I just came to the Crossing to get gas for

my lawn mower and 'Wow' here were all these gorgeous cars and trucks. I just had to look at every one."

Three shows were held in August. The first was held at Traverse Bay Corner - which is home base for Rescue 59 Towing, a sponsor of the idea; then in Belair with Thomson Crossing offering the hospitality and Juan More Thing of Grand Marais providing some nifty take-home loot; and a final show at Hillside Beach where Hillside Store & Eatery provided the venue for the 2022 gala of classic cars. Danyluk and Peterson are hoping that their little experiment to tickle the fancy of both the vehicle owners and those that just like looking, with continue next year as a regular summer event.

"I JUST CAME TO THE CROSSING TO GET GAS FOR MY LAWN MOWER AND 'WOW'."

Fishing successful despite construction on Lockport bridge

By Autumn Fehr

For about a year now, Lockport residents have endured the bridge construction, waiting for the process to be complete.

But it hasn't stopped fishermen from doing what they love, nor has it been a deterrent for the fish they catch.

Despite the needed construction on the Lockport bridge, Eric Stone, a resident of Lockport who fishes in the area a couple of times a week, has yet to see it affect the fishing.

Depending on the time of the year, he will catch goldeye, catfish, wall-eye, pike, carp, etc.

Stone said he had gone fishing for about three hours in the spring and caught 50 fish.

He said that the fishing in Lockport has been great this year, even though it's been a little weird because of the temperatures they've been getting and the high water, making it a bit slower than previous years.

It was noted that the bridge crew has been doing an excellent job to ensure construction debris isn't getting into the water.

"The water is constantly moving, so it's very aerated, so that attracts the bait fish, and therefore it will attract their predators... the Locks is always a pretty good fishing spot."

Although the construction hasn't caused any changes to the fishing, Stone says that some of the guys he knows with bigger boats are indeed looking forward to the construction being finished so that they can come around that way with their boats again.

"I know that's been a concern over the last year. As a lot of guys, if they have bigger boats, aren't comfortable bringing it over the bridge because it's so tight. And if they ding their boat, it's kind of a big deal," said Stone.

"Nobody had a problem before the

RECORD PHOTO SUBMITTED

Photo from 1900 to 1910 when the Lockport bridge was built. This photo was taken by the inspector that built the bridge.

construction, it was just with the construction, it has been a concern with a couple of my guys," he said.

Instead, they are taking a different road, or the long way around, to be safe rather than sorry.

"They make it work; it's just definitely not ideal," said Stone.

The bridge was built in 1900, finished in 1910 and had a sister bridge that has since been torn down, making the Lockport bridge the last bridge of its kind in the world.

The current construction is being completely redone, and some new walkways and railings are being added.

> COVID UPDATE, FROM PG. 8

\$31 million will see 30 acute care beds in Selkirk created to serve inpatients from across the region.

MAHCP said in a Sept. 22 tweet that, "Beds don't provide care, people do. Yesterday's announcement about construction starting on an expansion to Selkirk Regional Health Centre again ignores staffing. Rural health care is in crisis."

The Selkirk hospital expansion is expected to be completed in late 2024, according to the government's Sept. 21 news release. The government also plans to expand the Lakeshore General Hospital in Ashern.

NDP Leader Wab Kinew said in a statement that the Selkirk ER was forced to cut staff because of government under-funding, and that creating more beds won't solve the staffing crisis.

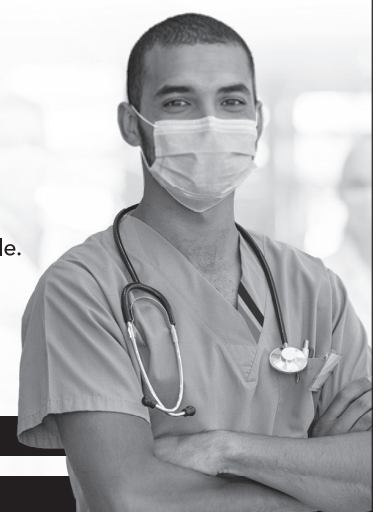

"Premier Stefanson and Brian Pallister cut \$7 million from Selkirk's ER, forcing them to cut doctors and nurses," said Kinew. "The impacts are real; in the last two years, Selkirk's ER has been under diversion 22 times. Without more health-care workers in the system, these beds won't fix the crisis the PC's have caused."

DOUBLE PROTECTION

New booster. Double protection.

The new bivalent booster is recommended this fall for people aged 18+. It has been developed to target 2 strains of COVID-19 and provides the broadest protection available.

Minds and Motions providing support for those living with dementia and their caregivers

By Autumn Fehr

According to the Alzheimer's Society, there are currently over 500,000 Canadians living with dementia today, and 76,000 Canadians will be diagnosed with dementia every year.

Dementia is a general term for those with impaired ability to remember, think or make decisions, that interferes with their everyday activities. Alzheimer's disease is the most common form of dementia.

Minds and Motion, a province-wide program, hopes to brighten up the lives of those living with dementia, and those caring for them during this time.

The program is designed for people with early or moderate signs of dementia to attend an event with others going through the same thing they are, alongside a family member or friend.

The sessions start Sept. 28 and will continue every Wednesday until Nov. 16 from 1 to 3 p.m. at the Gordon Howard Centre in Selkirk.

The weekly, 8-week pro-

gram includes a gentle chair fitness class, aimed at promoting functional ability, followed by cookies and refreshments, conversation, and engaging activities.

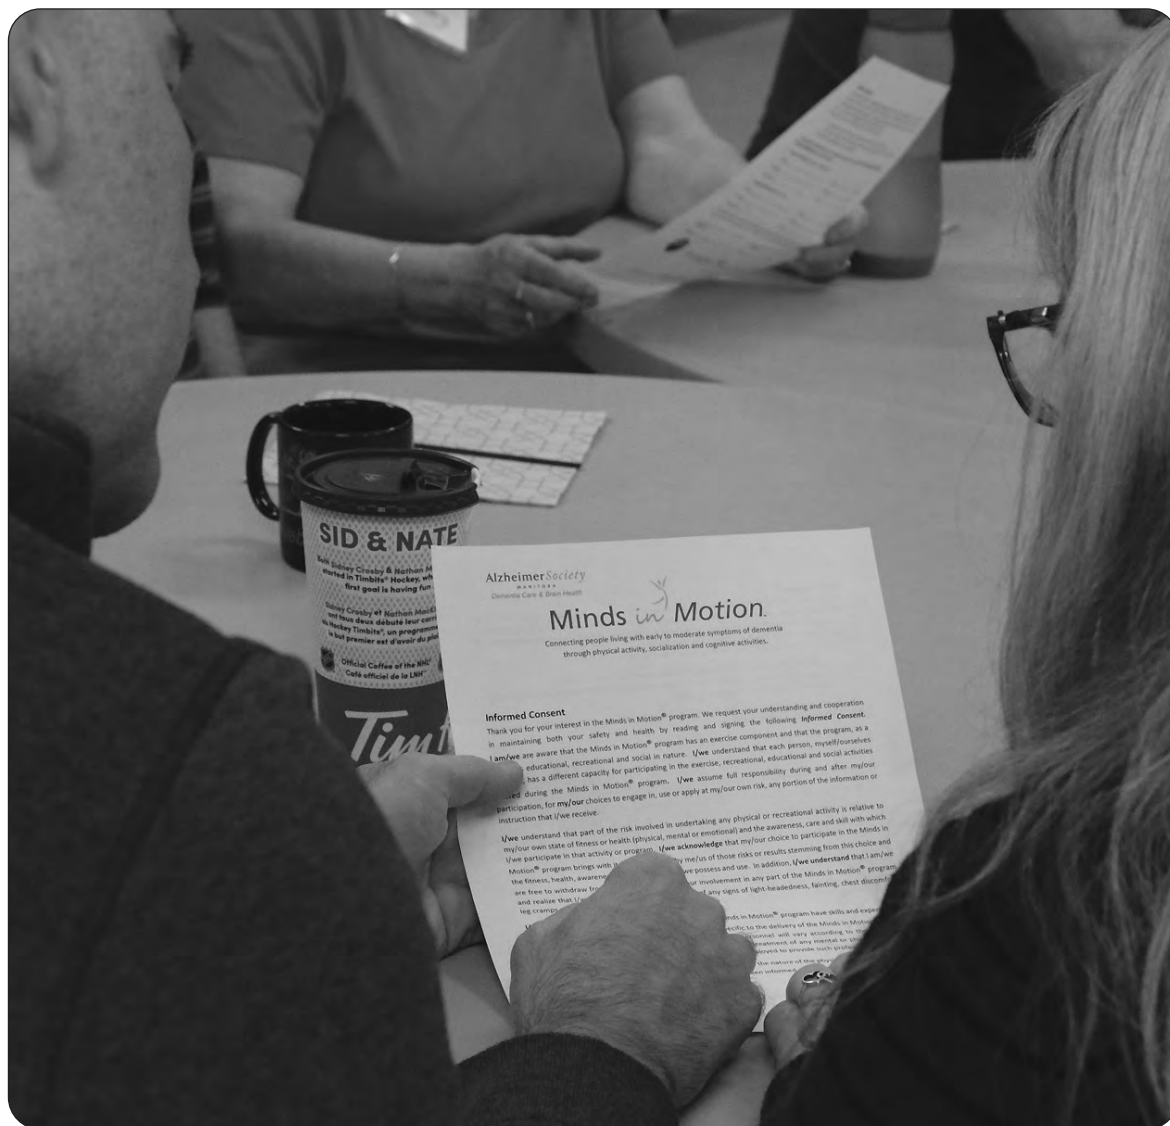

"There's something for everybody, and everyone just leaves with a smile on their face," said Samantha Holland, Interlake/Eastern Regional Coordinator.

"This program allows those individuals to feel included, it reduces isolation, and they are out in the community participating like anybody else. It also gives their caregivers a little bit of respite time," she said.

The cost for the 8 sessions is \$65 per pair.

There are still a few spots for the fall sessions. To register, call 204-785-2092.

If you are unable to get a spot this time around, or if you want to participate again, Minds and Motion will be hosting another set of sessions in the spring.

Bridgework over floodway ahead of schedule

Submitted by the Province of Manitoba

Construction on the replacement bridge on Provincial Trunk Highway (PTH) 59 over the Red River Floodway will be completed ahead of schedule and under budget, Transportation and Infrastructure Minister Doyle Piwniuk announced.

"I am pleased to announce that construction on the southbound bridge is nearing completion, approximately eight weeks ahead of schedule and well within the project budget," said Piwniuk. "This new bridge will en-

sure people and goods can continue to move safely along this important trade corridor that connects Winnipeg to other areas in Manitoba."

The anticipated project cost is just over \$50 million, which is \$16 million under the project budget of just over \$66 million, the minister noted.

Southbound traffic was switched to the new bridge on Wednesday but will be intermittently reduced to a single lane until the end of October to accommodate shoulder work. Traffic on the northbound bridge, which was

also completed ahead of schedule, will be reduced to a single lane while final paving is completed.

Work on Oasis Road, the Oasis Road underpass and the Springhill Drive service road extension are on schedule to be completed by the end of October. Final channel excavation in the floodway will occur this winter, while final cleanup and remaining work is expected to be completed next summer, the minister said.

The previous bridge, built in 1964, had reached the end of its service

life. After evaluating the damage the bridge sustained after being hit by an over-height vehicle in July 2018, it was determined that proceeding with the construction of the new northbound and southbound bridges would be more cost-efficient than rehabilitating the bridge.

Construction began in the fall of 2020 and progressed in stages to ensure traffic disruptions were minimized and to accommodate the operation of the Red River Floodway.

Selkirk RCMP respond to 19-year-old male being shot

Submitted by the Manitoba RCMP

On Sept. 24, at approximately 12:55 p.m., Selkirk RCMP received a report of a 19-year-old male, from Winnipeg, who had been accidentally shot while he and his three friends, all from Winnipeg, were target shooting on a rural property located off Road 84 N, north

of Selkirk near Highway 59.

The victim was transported to Winnipeg hospital with non-life threatening injuries, where he remains in stable condition.

The preliminary investigation determined the four males were shooting at targets from a distance of approxi-

mately 25 metres in a grassy area off of a side road. The victim began walking towards the targets and was struck.

Officers arrested the 19-year-old male who had fired the shot and later released him for a court appearance scheduled Jan. 13, 2023, in Selkirk. He is charged with Careless Use of a Fire-

arm, Discharge Firearm while being Reckless and Unauthorized Possession of a Firearm.

At the scene, officers located and seized four rifles and ammunition.

Selkirk RCMP continue to investigate.

Free translation services to help Ukrainian newcomers

By Jennifer McFee

A Manitoba company is walking the talk by offering free language services in an effort to ease the transition for Ukrainian newcomers.

CanTalk offers round-the-clock language support in more than 200 languages, 365 days a year.

Maureen Mitchells, the company's president and CEO, explained that language provision is the essence of CanTalk.

"It's not just that we provide language services, we are specialists for over 25 years in immediate on-demand language support — when it's needed, where it's needed," she said. "All you need is a phone or smart device."

This offer of free language services applies to organizations and businesses of all sizes that are helping Ukrainians — right here in the Interlake and extending all the way to Ukraine.

"It applies to all those involved in helping on the frontlines or as settlement arrangements are being made — and whatever or wherever the need is where language may present itself as a barrier to sharing information and providing guidance and direction," Mitchells said.

"They can be in Canada or North America or those in Ukraine. We felt if we set accessibility from within Ukraine, maybe we can support at the grassroots level within where doctors, journalists and aid organizations could benefit from our services."

CanTalk has set up two toll-free numbers for Ukraine support. The first number is geared for Canadian organizations and businesses that are helping newcomers with a job, school or anything else they need. These businesses and organizations can call CanTalk at 1-833-215-0586 to sign up.

The call will be answered by one of CanTalk's language facilitators, who will take some basic information, request the language and then arrange the conference call with the CanTalk interpreter.

"Then the English caller can speak to the Ukrainian party using the interpreters to translate," Mitchells said.

"It's a three-party call with the interpreters in the middle facilitating the conversation. We are providing 250 interpretation minutes at no cost to each qualifying organization."

The second toll-free number is geared to help callers based in Ukraine.

"The other number from within Ukraine is for calls placed into North America that will come to the CanTalk centre. In this case, they will get

immediate access to interpretation without pre-approval after CanTalk gathers brief caller information," Mitchells said.

"Again, we are providing 250 interpretation minutes. Any organization that is assisting Ukrainian newcomers is eligible. We will be monitoring the usage to ensure the intent of the no-cost service is indeed being applied for Ukrainians in need."

CanTalk will review the usage after 250 minutes to determine if it will extend the service for a particular business or organization.

Like many Manitoba companies, CanTalk aims to help in this situation.

"Language support is what we do. This is what we are good at and been doing so for 25 years. Reaching out to help business with qualified translations with real-time support, when and how it's needed, is a benefit for them as they try to engage with newly hired Ukrainian newcomers and help them reach their full potential," Mitchells said.

"It removes that sting of feeling intimidated or distressed because they can't quite understand the direction or information being shared. Services like Google Translate can help to a point but not for serious exchanges of information and certainly can't replace the intimate warmth of a real human voice."

It's fundamental to CanTalk's business services to help people communicate in a time of need, Mitchells said, noting that CanTalk offered the same type of free service when an influx of Syrian refugees was coming to Canada.

"Certainly, this recent offer is just an extension of our mission — that is, to foster greater understandings between diverse groups, ensuring equitable and easy-to-access language support within our global communities. The demographic shifts, due to a multitude of factors, are causing such great strife and desperation among those seeking to find a better life for their families. We all need to reach deep and reinforce what makes us human," Mitchells said.

"CanTalk is in a unique position because of its cultural and language experience. We are making our services available so they, in turn, may offer support to Ukrainian newcomers. It's all about paying it forward so we can all participate towards a greater common good."

The request for Ukrainian language support has grown over the last two months by 190 per cent and is now among CanTalk's Top 10 requested

RECORD PHOTO SUBMITTED

CanTalk customizes its services to meet the needs of clients all across North America. They provide translators from a selection of 200 languages.

languages. The company's Top 3 requested languages are Spanish, Mandarin and Punjabi.

"It's absolutely critical to make the initial effort to provide an avenue for clear communication in one's native language. The immediate effect of hearing one's native language being spoken is to lower the stress levels and remove feelings of apprehension," Mitchells said.

"There are so many nuances in one's language that can be misconstrued and misunderstood. Providing accurate language translation offers hope to an individual and opens up their confidence. That can release a floodgate of potential. It can't be understated."

The need for understanding and connectivity continues to grow exponentially, she added.

"CanTalk's immediate language support allows individuals the freedom of expression in their language of choice at any time," Mitchells said.

"This ultimately may help to reduce marginalization and stigmatization and rather reinforce the value of a diverse nation that sustains our fundamental beliefs in equality."

Callers can access localized services in all offered languages through voice and remote technology.

"We are very much a Canadian company, a Manitoba company top

to bottom, including secure in-house customization and technology. In fact, we were the first in Canada operating both a virtual and on-site language resource centre, 'just-in-time' language service methodology. When you need it, you have it," Mitchells said.

"All of CanTalk's services are offered from one platform within one infrastructure, instead of a shared platform as the case with cloud-based interpreting."

The company customizes its services to meet the needs of business clients across North America, Mitchells said.

"Many client types use CanTalk services from governments, commercial businesses, health care, hospitality, travel, legal, immigration and refugee services, education facilities, telecom services, school divisions — and the list goes on. This is the world we live in, and English cannot dominate all conversations," she said.

"In real time, as you need language support, we connect the caller from a selection of 200 languages. We have the qualified interpreters and translators, over 2,000 both as a network across the country and on site in Winnipeg. They are the heartbeat of CanTalk and provide the accuracy of the message with human voice connection."

Experienced artists connect through artwork and with each other

By Autumn Fehr

Selkirk and St. Andrews locals have been waiting to showcase their work to the community since 2021.

Like many other things, artists Jordan Miller and Sari Habiluk postponed their exhibition until the curve slowed down due to the pandemic.

From Sept. 22 to Oct. 4, Tuesday to Saturday, 11 a.m. to 5 p.m., the artists are showing their dual exhibition, *Current Connections*, for the first time at Cre8ery Gallery and Studio on 125 Adelaide Street in Winnipeg.

Executive director of Cre8ery Gallery and Studio, Miller said she is looking forward to finally being able to hold this exhibition with her mentee, Habiluk.

Through this exhibition, the artists express their emotions through art after going through life events and coming out of it with a sense of strength to regain their emotional balance.

Miller and Sari both fell in love with art at a young age and pursued it as they went into their teenage years.

When Miller was diagnosed with Type 1 Diabetes at 11 years old, her doctor told her she needed a quiet activity to do, so she dove into the world of art.

There was a lot of support in Miller's corner when deciding to pursue art. The help of her mentor at the Golden Prairie Arts Council, her high school teacher, and her parents, said Miller.

"I wasn't sure what to do, so the guidance from everybody else around me, who kind of saw what I couldn't fully see was the reason why I went into art," said Miller.

As both artists entered adulthood, they started to pursue the medium professionally.

Habiluk said that many of her influences came from her mentorship under Miller before they developed a friendship.

"She really challenged me to push myself more in terms of art. I was painting what I saw, and she challenged me to paint more emotionally, with what I felt," said Habiluk.

It's allowed me to try a lot of different mediums and discover what I like to paint while developing my style, she said.

Habiluk paints in acrylic, creating intuitive abstracts, which means she goes into painting without a plan.

She recently tried acrylic pouring but found it to be a challenge, but she hopes to try more of it in the future.

Within *Current Connections*, Habiluk has a few pieces, but she mainly works in acrylic.

Miller also paints in an abstract style with acrylics, as well as acrylic inks, and alcohol inks.

The artists met at Miller's gallery in 2014 but didn't connect much then.

It wasn't until later that Miller got the sense that she was a very talented artist but didn't have any formal training and hadn't found her niche style.

This sprung Miller's desire to mentor Habiluk.

"When people look at her art they're like, 'that's a Sari piece.' They identify that style as hers, and because we did collaborations, the paintings that we did together they're finished by Sari, so they look like her paintings a little bit more than mine," said Miller.

Both Miller and Habiluk explain that their connections as friends are drawn together through art.

The artists have some collaboration pieces within the show, where Miller started some of the pieces, Habiluk started some of the pieces and Habiluk finished all the pieces, as she is the detailed painter when it comes to the blends of colours.

The name of the exhibition has significant meaning to the artists.

It's supposed to symbolize our connections over the last few years and how they've changed, but kept on going, said Habiluk.

"It's a way of continuing forward."

"It's about supporting some I've mentored and supporting myself," said Miller.

For more information on Miller or Habiluk's work or their exhibition, visit <https://www.cre8ery.com/portfolio/currentconnections/>.

Winnipeg Beach Recreation Hockey program gearing up for 7th year of fun

By Patricia Barrett

The Winnipeg Beach Recreational Hockey program is getting set to take to the ice to teach kids and young adults aged 4 to 19 hockey skills in an easy-going environment.

On-ice volunteer Jay Adam said the program provides a no-pressure, soft-competitive environment that stresses fun while teaching hockey fundamentals such as puck control and shooting.

"We're an easy-going program that allows kids to have fun while they learn how to play hockey," he said. "The kids can go out there and have a good time. They learn the skills and get better at playing. The volunteers are there to help."

The program is in its seventh year. It started out with a small number of kids and grew to about 70 participants. It has drawn kids from various Interlake areas including Matlock, St. Andrews, Petersfield, Rockwood and Teulon.

Even the youngest kids with little or no skating experience are welcome to get in the game.

"Little kids have equipment on. They do fall a lot but it doesn't hurt as much with the equipment. And it is fun for them, especially the four-, five- and six-year-old kids because they've got something to chase. It's a fun way to learn to skate."

Because the program doesn't schedule competitive hockey games in other Interlake towns, there is no heavy travel commitment parents have to make. And it's relatively affordable.

"The program does suit a lot of parents who might not have the money for organized hockey, which is a time-intensive activity. This program takes up a lot less family time," said Adam.

For more information and to register for the program, email wpgbeachkidsrechokey@gmail.com or visit the Town of Winnipeg Beach's recreation page for a link to the program.

The Winnipeg Beach Recreational Hockey program welcomes kids aged 4 to 19.

Plan to bring over 400 women into construction sector

Aim is to dramatically increase the number of women in construction trades, including Indigenous and newcomer communities

by Staff

The Manitoba Construction Sector Council (MCSC) announced that the not-for-profit organization will host a Manitoba Women in Trades Conference in Winnipeg on Wednesday, Nov. 16. The conference will be of interest to new entrants, any women who are considering a career change or want to advance in the construction industry.

By 2027, 4,500 (11 per cent) of Manitoba's construction workers will be retiring. Employers are already competing to attract new workers in the industry. At the same time, our labour market information shows that women currently make up only four per cent of the construction workforce in Manitoba. Recruiting women holds the key to filling the void being created by an expanding market combined with an aging, retiring workforce.

All 50 presenters, panelists, Elders and performers will be women. The

conference will focus on:

- Learning best practices for entry and advancement
- learning how to address challenges and work effectively in a male-dominated workplace
- connecting with mentors and organizations that support women
- networking and building relationships with other women, employers, construction and safety associations, the Apprenticeship Branch and educational institutions

This conference is also an excellent opportunity for construction companies to recruit talent.

MCSC has secured financial support from industry, government and educational institutions to recruit and sponsor 75 women in Indigenous, new immigrant and vocational student communities to attend the one-day event. These groups have been identified as having tremendous potential to fill construction profes-

Manitoba celebrates Food And Farm Awareness Week

By Ty Dilello

The Manitoba government is encouraging all Manitobans to celebrate the province's vibrant, diverse, safe and sustainable agri-food system during the eighth annual Food and Farm Awareness Week, which took place from Sept. 19-23.

"Manitoba's agri-food industry produces a diverse range of delicious foods," said Derek Johnson, Manitoba's Minister of Agriculture. "I encourage Manitobans to celebrate Food and Farm Awareness Week by trying new local products."

Since its inception in 2015, the awareness week has been launched on the third Monday in September. The minister said last week's activities provide essential opportunities for Manitobans to learn about and celebrate the diversity of food production in the province, the hard-working people in the agri-food industry, and the importance of agriculture to the provincial economy.

Adagio Acres is a small family farm run by Donald and Amy Nikkel that occupies 80 acres near Lundar. They have been in operation for nearly ten years now and are known for producing their incredible oats.

"We started farming near Lundar with a goal of making locally grown and milled oats more accessible here in Manitoba so that consumers could better understand some of the processes that bring food to their plates," said Amy Nikkel of Adagio Farms.

PHOTOS SUBMITTED

Manitoba celebrated Food and Farm Awareness Week for the eighth consecutive year from Sept. 19-23. Adagio Farms in Lundar is one of the province's finest oat producers.

Manitoba grows a very high quantity of grain, but much of it is exported or processed out of the province.

"We have found that Manitobans are really excited to know where their grains come from, and our Naked Oats are available all around the province at Red River Co-ops, Sobeys, Safeways, Vita Health, and many independent shops as well."

"We have always felt really supported by porridge enthusiasts, but for the past few years, the weather has been our greatest challenge. Last year, with the drought, we weren't able to harvest any oats, as the grasshoppers got to them before the plants were fully grown."

This year, most farmers were struggling with the opposite problem, with flooded fields and rain making fieldwork much more difficult.

"We like to plant oats in late April, but this year it was mid-June before we could get onto any of our fields. We planted about half the acres we were planning, but we consider ourselves fortunate, as many farmers in the Interlake weren't able to get any seeds in the ground at all."

With a good summer and great weather in mid-September, Adagio Farms was able to harvest its fields last week. They are beyond excited that they have another year's worth of oats ready to mill for people's porridge pots this coming winter!

Nearly 40,000 Manitobans work in the agricultural industry, contributing significantly to Manitoba's economy. To learn more about agriculture in Manitoba, visit www.gov.mb.ca/agriculture.

Manitoba Beef Producers announce schedule for fall meetings

By Becca Myskiw

Manitoba Beef Producers is gearing up for their fall meetings, with the local district having an election year.

District 3 includes the Carman and Miami area. This year, all odd numbered districts will be holding elec-

tions for their directors just as the even districts had last year. Andre Steppler is the District 3 director, and he said he will be running again.

"I stepped onto the board to give back to a community that's been very great to us," he said. "And to learn

more about the industry and all the sectors you're not exposed to unless you're on a board like that. And of course, I love networking with people and working for a membership-based organization. I also have a bit of politics in me, but I don't want to be a politician, so it works perfectly."

The odd district meetings will start at 4 p.m. with presentations, followed by a break around 5:15 p.m., followed a free beef meal and fellowship. At 6:15 p.m. presentations will resume, and director elections will be held. Producers from even-numbered districts are welcome to join odd-numbered district meetings but cannot vote in their elections.

For those who can't attend a physical meeting, one virtual meeting will be held on Nov. 7 at 7 p.m. Go to www.mb-beef.ca to register.

The annual district meetings are a way for members to sit down and talk with each other, bring concerns to the board, ask questions, dis-

cuss projects, and talk about anything else producers may see fit.

Issues and projects Manitoba Beef Producers may discuss at meetings this year are securing assistance for producers affected by the spring storms and flooding, the Livestock Predation Prevention Pilot Project, ongoing engagement with the provincial government about the Agricultural Crown Lands Leasing Program, providing feedback to governments as the Next Policy Framework, which will replace the Canadian Agricultural Partnership is being developed, advocating for the province to fund more training seats for Manitoba veterinary medicine students, work on issues under federal jurisdiction such as proposed front-of package labeling on ground beef, trade challenges, and livestock transportation requirements, and outreach to help inform the public and policy makers about the beef industry and its value from both economic and environmental perspectives.

Steppler encourages producers to attend their local meetings. The in-person meeting schedule is as follows:

- Oct. 19: District 9 at the South Interlake Rockwood Ag Society in Stonewall
- Oct. 20: District 11 at the Ashern Legion
- Oct. 24: District 13 at the Rotary Arena upper floor
- Oct. 25: District 7 at the Minnota Community Centre
- Nov. 1: District 3 at the Carman Legion Auxiliary Hall
- Nov. 2: District 5 at the Austin Community Hall
- Nov. 3: District 1 at the Mountview Centre

Biggest Grandmother's Walk yet in

Teaching kids that they are important to our community

By Katelyn Boulanger

Last week the City of Selkirk saw the largest turn out at The Friendship Centre's annual Grandmother's Walk yet, with over 260 people getting out to support children in our community.

"The Grandmother's Walk is about our elders protecting our children. We've had, as you know, many losses of our kids in our communities and in this country, and we want to show kids that we care about them and that they do have adults that care and that they're a very important part of our community and of this world. [This walk helps spread the message that] the people that have come before us, our ancestors, our grandparents and parents, they're people we can look to for safety and connection," said Lorie Fiddler, Daycare Director at the Selkirk Friendship Centre Daycares and councillor for the City of Selkirk.

In addition to adults from the community, students from Lockport Jr. High, École Selkirk Jr. High, Robert Smith School, Ruth Hooker School, Ecole Bonaventure, and LSRCSS - Indigenous Student Centre also attend-

ed the event which was put on with the combined efforts of the Selkirk Friendship Centre and the Interlake Sexual Exploitation Educators.

In the past two years the walk hadn't taken place as a gathering in Selkirk because of the COVID-19 pandemic, so having such a large turnout for the event was a great way to send the message to these students that there are many people in the community that value them.

Before the walk took place many people presented to the students letting them know how important the connections between grandparents, whether biologically related or not, and youth in the community are.

"The Grandmother's Walk. It's heartfelt among everybody. I can remember my own grandmother when I was a child. When I had my highs when I had my lows. When I had my wins when I had my losses, [it was] my grandmother that I went to first," said Larry Johannson, mayor of Selkirk.

Jeannie White Bird, a local knowledge keeper, shared a teaching about tobacco ties and how they are put in a sacred fire with the students that were there. She told them that tobacco is a sacred medicine from the creator and that you should hold the tie to their heart and say a little prayer before putting it in the sacred fire.

"We have a lot of our grandmothers

RECORD PHOTO

Jeannie White Bird showing a Ruth Hooker throw a tobacco tie into a sacred fire.

in the spirit world. We have a lot of our grandmothers who may not necessarily live close to us but we also have so many grandmothers here in the community and that's where I've gotten my strength, that's where I've gotten my courage and that's where I've gotten my drive [from] the grandmothers that have come to me," said White Bird at the event.

Members from the Selkirk Women's Cultural Group played four songs before the walk to help welcome chil-

dren, and then tended the ties and a sacred fire volunteers.

The Grandmother's Walk is held every year to keep up with the Selkirk Friendship Centre on SelkirkFri at https://

Why you should wear orange on National Day for Truth and Reconciliation

The second annual National Day for Truth and Reconciliation takes place Friday, September 30, 2022. The day is intended to educate and remind Canadians about the dark history of residential schools, honour the victims and celebrate the survivors. The day is also known as Orange Shirt Day. Here's why.

WHY WEAR ORANGE

Orange Shirt Day was inspired by the experience of residential school survivor Phyllis Webstad, whose grandmother bought her an orange shirt when she was six years old. She proudly wore the shirt on her first day attending residential school.

However, when Phyllis arrived, school officials took her shirt away from her and cut her hair. She never saw her orange shirt again. Webstad says orange reminds her that her feelings didn't matter while attending the school and that no one cared.

A DARK LEGACY

Webstad is one of 150,000 First Nations, Métis and Inuit children ripped from their families and communities and forced to attend residential schools between the late 1800s and 1996. The Canadian government and the Catholic Church ran the schools designed to strip the children of their language and culture. It's estimated that between four and six thousand children died due to the schools' rampant abuse and poor living conditions.

ORANGE IS THE COLOUR OF HOPE

Many residential school survivors are still coping with the trauma they experienced as children. Wearing orange recognizes the resilience and strength of those who survived while paying tribute to those who didn't.

Wear orange this National Truth and Reconciliation Day to show that every child matters, that their feelings count and that someone cares.

Hit the trails and enjoy nature around Gimli this Saturday

The former CPR rail line, known as the rail trail, along PR 222 is shown here.

Want to learn about the trail system around Gimli? Now is your chance to learn from experienced community members

By Patricia Barrett

The Gimli Active Trails Advisory Committee will be hosting nature walks this Saturday to get people acquainted with the trail system in the municipality and get them engaged with nature.

Volunteer member Leona Johnson said the committee decided to host a few walks to highlight the unique trails that exist around Gimli, get people out and active, point out the native plants and animals (including endangered species) along the trails and share the committee's strategic plan for the future development and enhancement of trails.

The trails are free to use and draw walkers, cyclists, nature lovers and birders to the municipality.

The advisory committee is made of community volunteers, RM staff and a council member. The committee reports regularly to Gimli council on trails in and around the municipality, highlighting progress made to date on trail enhancement, progress on developing new trails and issues on trails such as trail head signage, etiquette and bylaw enforcement. It developed a comprehensive strategic plan on trails that it presented to council earlier this year.

Committee members Cheryl and Zoe Bailey will be the tour leaders on Saturday. The walk will take 90 minutes but people can drop out at any time. Participants are asked to bring a travel mug or water bottle for free Flatland coffee and water.

There are two walks scheduled on Saturday, Oct. 1. The first walk starts at 10 a.m. north of town. Participants will be meeting on the Gimli Rail Trail at the junction of McElheran Road and PR 222. The second walk starts at 2 p.m. south of town. Participants will be meeting at the corner of Siglavik Road and Waller Drive.

For more information, visit the Gimli Active trails social media sites on Gimli Active Trails on Facebook and gimliactivetrails on Instagram.

RCMP warn against tampering with elections signs

By Jennifer McFee

If you tamper with election signs, you could face serious repercussions. That's the message from RCMP as

the municipal election approaches and more signs start to show up in communities.

"It is very serious to tamper with

election signs. Election advertising is protected under the Canada Election Act. Any tampering with or theft of election signs would be offences as per the Criminal Code of Canada under mischief or theft. The punishment can see a jail term of up to two years or significant fines," said Tara Seel,

media relations officer with the Manitoba RCMP.

"It is important to note that any interference with election signs is taken very seriously to ensure those running for election have equal opportunity to put forward their position."

Celebrating the Queen

PHOTO SUBMITTED

Little Britain United Church in Lockport honoured the memory of Queen Elizabeth II with the ringing of the church bell 96 times. Little Britain Church was built in 1852 and the bell tower and bell were dedicated in 1920 to honour those who served and died in WW1. Carol Anderson (pictured), a long-time member of the church along with the adults and children took a turn in ringing the bell.

Survey - Identify Watershed Natural Assets

WHAT IS THE PURPOSE OF THIS SURVEY?

The EIWD is in the process of renewing the Integrated Watershed Management Plan for the Netley-Grassmere-Willow Creek Watersheds. We will be working with governments, professionals, and watershed residents to help prioritize and develop ways to protect, restore, and manage the Watershed Natural Assets.

WHAT ARE WATERSHED NATURAL ASSETS?

Watershed Natural Assets are things and places in the watershed that are environmentally, socially, and economically important. These can be biological assets (rare birds, fish, bugs, plants), land and water areas (specific rivers, lakes, wetlands, grasslands, forests), or the soil and air in the watershed.

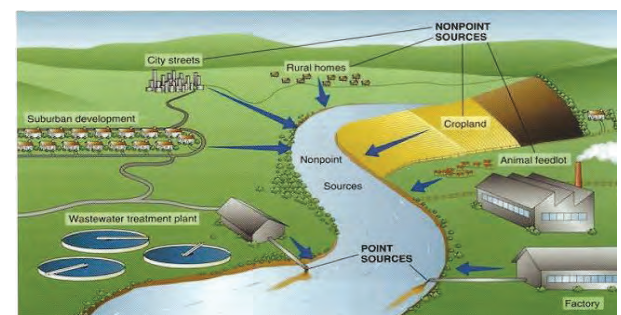

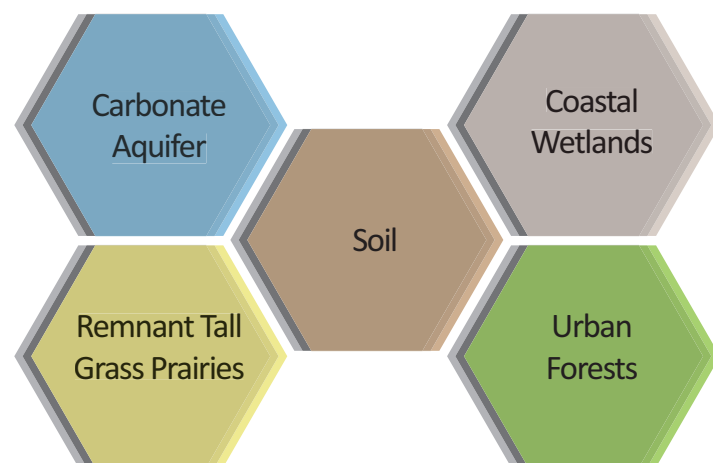

WHAT IS A WATERSHED?

A watershed is a topographically defined area of land where all of the precipitation that lands within it flows either downwards into the soil to become groundwater, or across the landscape through waterways to a common downstream point.

WHAT ARE RISKS TO WATERSHED NATURAL ASSETS?

Risks can be any activity that reduces the size, functionality, or sustainability of a natural asset. Examples include pollution, urban development, deforestation, and climate change.

EXAMPLES OF WATERSHED NATURAL ASSETS:

Risks to a Natural Asset. In this example, the surface water in a specific stream is the natural asset and the risks are point and nonpoint sources of pollutants.

TELL US MORE!

WHY ARE THESE WATERSHED NATURAL ASSETS IMPORTANT TO YOU?

> MEAL IDEAS

Prep time: 20 minutes
Cook time: 2 hours
Servings: 8
2 cups diced onion
3 cloves garlic, minced
1 green pepper, seeded and chopped
2 tablespoons cooking oil
2 pounds coarsely ground lean beef
2 cups kidney beans, soaked overnight
1 jar Newman's Own Sockarooni or Marinara Pasta Sauce

RED RIVER CO-OP FOOD STORE

Chili Con Carne

2-3 cups water
2-3 tablespoons chili powder
1 teaspoon ground cumin
salt, to taste
pepper, to taste
1 cup chopped celery
1 can (8 ounces) corn
sour cream, for garnish
lime wedges, for garnish
Saute onion, garlic and green pepper in oil until soft. Add beef and brown. Add kidney beans, pasta sauce, water, chili powder, cumin and salt and pepper, to taste. Simmer, uncovered, 1 hour, stirring frequently.
Add celery and corn; simmer 1 hour. Garnish with sour cream and lime wedges. Substitution: Use 3 cups cooked rice for meat to make vegetarian chili.

Roasted Garlic Whipped Feta Crostini

Recipe courtesy of Liz Della Croce of "The Lemon Bowl" on behalf of Milk Means More
Prep time: 10 minutes

Cook time: 10 minutes
Servings: 16
1 bulb garlic (about 12 cloves)
4 tablespoons olive oil, plus additional for drizzling, divided
1 1/2 teaspoons salt, divided
1 1/2 teaspoons pepper divided
32 baguette slices
8 ounces feta cheese
1/2 cup whole milk, plus additional, if necessary (optional)
2 tablespoons lemon juice
1/2 cup pomegranate seeds
1/4 cup parsley, minced
Preheat oven to 400 F. Slice garlic bulb in half, exposing garlic heads, and place in center of large piece of tinfoil. Drizzle each half with 2 tablespoons olive oil, 1/2 teaspoon salt and 1/2 teaspoon pepper. Wrap foil tightly around garlic and roast

Recycling 101 - Glass bottles and containers

By Karl Dahr

As members of the Rockwood Environmental Action Community Taskforce (REACT), people will often approach us with questions. The most frequently asked questions we get are about recycling in their community.

Most often, the questions are about if a specific item can be recycled or not, such as can I recycle Styrofoam containers? (Spoiler alert: you cannot). At other times, the questions are about how to recycle a specific item; these may be about the need to wash containers, break down boxes, etc. Over the years, we have compiled a number of these recycling questions and answers, and over the next few months we will be writing about what people have asked us about recycling.

We'll start off this series on glass recycling in Manitoba.

Glass jars and bottles from food products can be placed in blue bins and bags. Any colour of glass bottle or container is accepted. Glass should be lightly rinsed, but does not need to be washed (you'll understand why it doesn't need to be spotless later in this article.)

Lids should be removed from glass jars and bottles, but labels do not need to be removed. Please do

not include any broken glass in your recycling, as this cannot be handled by the recycling process. In terms of glass, only include food jars and bottles. Items such as windows, mirrors and pyrex containers, even if unbroken, should not be included in your recycling. These items need to be disposed of as regular waste.

Glass is not recycled in Manitoba, per se. While glass that is collected is crushed, it is not used to turn into other glass containers. Instead of being recycled, it is used as an aggregate in road construction. Much of the glass aggregate is actually used in roads within landfills. This reduces the need for landfill operators to truck in gravel for the same purpose.

Not convinced to put your glass into the blue bin? An important fact to consider is the funding model for towns and municipalities when it comes to recycling. Recycling funding payments are paid to towns and municipalities for each metric tonne of eligible material recovered from the residential waste stream. As you can imagine, the weight of glass really adds up here when it comes to payments to municipalities. Rather than pay to landfill glass, why not help keep waste collection fees low by putting it in the blue bin?

until caramelized, about 30 minutes.

Place baguette slices on large baking sheet and drizzle with olive oil. Bake on second rack in oven until golden brown about 10 minutes; set aside.

In high-speed food processor, pulse feta cheese, milk, lemon juice, remaining salt, remaining pepper and roasted

garlic cloves until whipped and creamy, adding more milk as needed to reach desired consistency. Check for seasoning and adjust, to taste.

To serve, spread each baguette slice with whipped feta and sprinkle with pomegranate seeds and minced parsley.

History on display for 82-year-old family business

By Jennifer McFee

History is on display at a longstanding local agricultural business that has served the Interlake for more than eight decades.

Leo's Sales and Service, an 82-year-old business with roots in Argyle, continues to forge forward with the third generation now at the helm.

It all began in 1940 when Leo Grandmont bought a blacksmith shop where he worked on horseshoes, ploughs and more.

"Then he was a sub-dealer for a Case dealer in Stonewall," said Leo's grandson Patrick Grandmont, who remains involved in the family business.

"They were in Argyle at that time, and he ended up selling more tractors than the dealer in Stonewall. So in 1955, he got the Case franchise. We're now the oldest Case dealer in Manitoba."

Over time, Leo passed the business down to his three sons Gerald, George and Philip.

From there, the business continued into the third generation with Patrick and his cousins Jena and Josh. Today, the company is still thriving in its current location on the north Perimeter Highway at Sturgeon Road.

Although decades have come and gone, the family continues to pay tribute to the earlier years of the enterprise.

They maintained connections with the Scott family in Warren, who bought the first 1955 Case tractor after they became a dealer for the brand. After Mrs. Scott became a widow, she no longer used the tractor. The Grandmonts made an arrangement to fix her baler in exchange for the old tractor, which marked an important moment in the company's history.

In 2005, Patrick — along with Leo's employees Harry Voth and Pete Gunther — restored the 1955 Case Vac 14 Tractor from the Flam Beau series. In addition, Martin Teerhuis did the bodywork.

The tractor, which weighs more than 3,173 pounds, features a four-cylinder gas engine and four-speed transmission.

"It was beat up pretty bad and we spent a pile of money on it, but it's in the showroom now," Patrick said.

"It wasn't completed in a day, that's for sure. But it's a nice showpiece to have now. It's priceless."

Another historical piece on display is a 1970 combine in perfect running condition that came from customers in the Beausejour area.

"They bought some land and there

PHOTOS SUBMITTED

Some of the tractors that are on display.

was an old shed on the property. They were going through some of the stuff in the shed and came across this combine. It happened to have a Leo's sticker on the side," Patrick said.

"It was sold brand new from our store back in 1970. They were going to scrap it and I said we would take

it for scrap price. So I had our truck go pick it up and bring it to the dealership. We gave the engine a little bit of a tune-up and we drove it onto the front lawn."

Last year, the combine remained on display in front of the store, and now it's set up in the back.

"It was too nice of a machine to get rid of," Patrick said. "It's a neat thing to have."

To learn more about Leo's Sales and Service, visit www.leoscasaih.ca, call 204-694-4978 or follow Leo's Sales and Service on Facebook and Instagram.

Manitoba Rinks Sweep PointsBet Invitational

By Ty Dilello

Team Jennifer Jones and Team Reid Carruthers took home a cool \$50,000 for winning the inaugural PointsBet Canada Invitational in Fredericton, New Brunswick this past weekend.

The PointsBet Canada Invitational was a single elimination tournament-style event for 16 of the top Canadian men's and women's curling teams playing off for big cash prizes.

On the women's side, St. Vital's Jennifer Jones (with Altona's Emily and Mackenzie Zacharias now on the team) ran the gauntlet and won four matches in a row, extending the team's current winning streak to 12 games.

On Sunday morning, Jones defeated Alberta's Casey Scheidegger 7-4 in the championship final. Accompanied by third Karlee Burgess, second/vice-skip Mackenzie Zacharias, lead Lauren Lenentine and alternate Emily Zacharias, Team Jones pocketed a \$50,000 payday for winning the event.

"We felt chemistry instantly, and I wasn't sure because they were already an existing team, and I'm just a couple of years older than them, so I wasn't sure how that would all work," said Jones. "But I honestly feel like it's so easy. They're easy to be around, and I feel like we've just become one united team, which is crazy because it's only September."

It's been a tremendous start to the season for the new Team Jones. Jones, an Olympic gold-medallist, two-time world women's champion and six-time Scotties Tournament of Hearts winner, joined forces with the 2020 world and Canadian junior women's champions in Altona's Mackenzie

Zacharias this past offseason.

Mackenzie Zacharias has moved from her traditional skip position to second while calling line for Jones when she throws as vice-skip. Mackenzie's younger sister Emily, who has played second the last few seasons, has been the odd one out on Team Jones, for the most part, usually being the team's fifth while also getting into some games at lead or second.

"I've had a couple of tournaments now to kind of figure it out," said Mackenzie Zacharias. "There wasn't a whole lot that's changed, but sweeping was probably the biggest thing for me. I hadn't really swept before, but I'm on a team with some amazing sweepers. They were able to give me some good pointers, and we've had a few people come out and teach me as well."

On the men's side, Team Reid Carruthers of the Morris Curling Club was the last team standing at the end of the day. Carruthers defeated Fort Rouge's Matt Dunstone (with Gimli's B.J. Neufeld and Winnipeg Beach's Colton Lott) 8-4 in nine ends in an all-Manitoba championship final.

This was Team Carruthers third event together as a new team and their first title for skip Reid Carruthers, third Jason Gunnlaugson, second Derek Samagalski, and lead Connor Njegovan.

"We've been pretty good this whole trip, and this is an amazing cap of a three-week stretch for us," said Jason Gunnlaugson. "We're having a lot of fun. Reid is probably one of the best leaders of a team on the ice, as he has us doing the right things. We're going to get there, I think."

RECORD PHOTOS BY CURLING CANADA

Team Reid Carruthers took home a cool \$50,000 for winning the inaugural PointsBet Canada Invitational in Fredericton, New Brunswick.

Team Jennifer Jones, including third Karlee Burgess, second/vice-skip Mackenzie Zacharias, lead Lauren Lenentine and alternate Emily Zacharias, took home a cool \$50,000 for winning the inaugural PointsBet Canada Invitational in Fredericton, New Brunswick.

Fishermen win pair of preseason games

Staff

The Selkirk Fishermen picked up a pair of preseason victories in Beausejour last weekend.

Selkirk capped off a solid weekend with a 3-0 victory over the North Winnipeg Satellites on Sunday.

Nolan Milgaard scored a first-period goal and then Jordan Donald tallied in the second. Nick Magwood closed out the scoring in the third.

The Fishermen started their preseason with a 6-5 win over the Arborg Ice Dawgs last Thursday.

Izzy Aime led Selkirk with a pair of goals while singles were scored by Guy Rozin, Magwood, Karter Andrushko, and Gage O'Neill.

Cadrick Dueck scored twice for the Ice Dawgs while Tyson Barylski, Brody Maxwell and Ben Danielson also tallied.

Sandau, Munoz run well at KPAC cross-country meet

Staff

The Selkirk Royals' had some nice performances at the first KPAC cross-country meet of the season last Thursday at Kildonan Park.

Joachim Munoz finished third overall in the varsity boys' race with a time of 16:12.6. Selkirk's other runners in the race included Jakob Dainard (17th, 19:14.0), Tanner Vaughan (29th, 21:21.9), and Michael Wiebe (30th, 21:24.0).

In the varsity girls' race, the Royals' Andrea Sandua placed fourth overall with a time of 14:52.3.

Other Selkirk runners featured Martina Ferioli (20th, 18:57.4), Stella Boehmer (22nd, 19:41.1), and Jessica Sigurdson (26th, 26:06.0).

The junior varsity girls' race saw Selkirk's Lucia Sanchez Garcea finish 16th with a time of 13:45.0 and Eva Mate Sanllorente place 32nd after crossing the finish line at 15:12.5.

There were no junior varsity boys' results because several runners cut the course which made it too difficult to figure out the results.

The next KPAC cross-country race is this Thursday (4:30 p.m.) at Kilcona Park.

The Selkirk Royals' Andrea Sandau placed fourth in the KPAC varsity girls' cross-country race.

Selkirk JV girls win Niverville tournament

Staff

The Selkirk Royals won a Niverville junior varsity girls' volleyball tournament last weekend after beating St. Maurice 2-0 (25-13, 25-8) in the final.

After going 4-2 in pool play sets, Selkirk earned playoff wins over Neelin (25-18, 25-13) and Niverville (25-14, 25-17).

In KPAC play, the Royals' junior varsity girls swept the Titans 3-0 by scores of 25-14, 25-6, and 25-9 last Thursday.

On Sept. 20, Selkirk swept Murdoch MacKay 3-0 (25-6, 25-10, 25-12).

The Selkirk Royals' varsity boys' volleyball team defeated the Transcona Titans 3-1 (24-26, 26-24, 25-17, 25-21) in KPAC action last Wednesday at

the Comp.

Selkirk beat the River East Kodiaks 3-1 by scores of 25-22, 25-15, 19-25, 25-21 in their KPAC season opener on Sept. 19.

In varsity girls' action, the Royals downed the Kodiaks 3-2 (25-15, 22-25, 22-25, 15-8) on Sept. 19.

Selkirk's junior varsity boys' team lost 3-1 (25-20, 18-25, 23-25, 23-25) to River East last Thursday in league play.

In tournament action, the Royals won the consolation title at the DMCI JV Boys Invitational last weekend after beating Jeanne Sauve 2-0 (25-22, 25-13).

Interlake Thunder rolls past Falcons

By Brian Bowman

There were a lot of points scored between the Interlake Thunder and the Falcons Football Club last Friday.

In fact, there were 94 of them.

And it was Interlake that came out on top with a 56-38 victory in varsity exhibition action in Stonewall.

"It was a non-conference game for us so it didn't count towards the standings," said Thunder head coach Mitch Obach. "We had quite a few guys out with different injuries so we just rolled with who we had and everyone stepped up and played some pretty good ball, for the most part."

The Thunder offence, once again, did a very good job moving the ball and scoring points.

"Our starting quarterback was injured in the previous week and he's still out so our young Grade 9 Ben Cook came in and for the second straight week he looked super poised, mature beyond his years," Obach said. "He ran that offence smoothly all day."

The Thunder will resume Rural Manitoba Football League action this Thursday when they host the Neepawa Tigers at Stonewall Collegiate. Kickoff is 4:30 p.m.

At 1-2 in league play, this is a big game for the Thunder.

"It's huge. Neepawa is 2-1 so if we can beat them we can place ourselves alongside them and have a tie-break with them but if we lose we're down

RECORD PHOTO BY JO-ANNE PROCTER

The Interlake Thunder's Dwight Bell carries the ball against the Falcons Football Club during varsity exhibition action last Friday in Stonewall. Interlake won the game 56-38

to 1-3," Obach said. "It's a big one on a bit of a short week but we made some nice progress last week and we're looking forward to some healthier

players this week and we're going to give it everything we can against the Tigers."

Steelers remain winless with pair of close losses

By Brian Bowman

Four games into the Manitoba Junior Hockey League regular season and the Selkirk Steelers have yet to earn a victory.

But they've been close.

The Steelers were defeated 5-4 in a shootout by the Steinbach Pistons on Sunday.

Lucas Brennan scored for Selkirk in the shootout while Davis Fry and Travis Hensrud replied for Steinbach.

Brandon Ambrozik, Lucas Brennan (shorthanded), Tyson Smith and Matthew Gerke (power play) scored for the Steelers in regulation time.

Steinbach goals were tallied by Hensrud (two, on the power play and shorthanded), Ty Paisley, and Spencer Penner (power play).

Steelers' goaltender Hunter Tarves made 37 saves.

On Friday, the Steelers lost 3-2 to the Winnipeg Blues at the Selkirk Recreation Complex.

ation Complex.

The Blues' Liam Krupczynski scored the game winner at 13:18 of the third period.

Jack Kaiser gave the Blues a 1-0 lead at the 19:50 mark of the opening period and then Ryland Kuczek made it 2-0 at 7:20 of the middle frame.

But Brennan cut that lead in half with a goal at 15:11 of the second period, assisted by Joel Purdom and Ambrozik.

Josh Kirton made his Steelers' regular-season debut and stopped 11 Winnipeg shots.

Selkirk outshot Winnipeg 33-14.

The Steelers were 0-for-9 on the power play while the Blues finished 0-for-5.

The Steelers will host the Niverville Nighthawks on Thursday and then visit the Pistons Saturday. Both games start at 7:30 p.m.

RECORD PHOTO BY RAYME THOMSON

The Selkirk Steelers' Ty Russell is stopped by Winnipeg Blues' goaltender Jackson McLeod during MJHL action last Friday at the Recreation Complex. Winnipeg won the game 3-2.

Reporter/Photographer Wanted

Are you a natural born storyteller with an eye for photography and a passion for community news? Carman-Dufferin Standard is currently seeking a full-time reporter and photographer to join its multi award-winning weekly community newspaper.

We are looking for someone who is both motivated and passionate about being the best outlet of interesting and breaking news stories and event coverage in the Carman-Dufferin area and surrounding area communities.

Qualifications:

- A post-secondary degree/diploma in journalism or equivalent experience in a related field
- Strong photography and writing skills with an interest in social media
- Self-starter with the ability to exercise solid news judgement
- Ability to establish professional relationships to consistently source and write a wide range of stories and cover events in a fair, balanced and accurate manner
- Able to work both independently and as a team on a flexible work schedule including both evenings and weekends to meet our weekly editorial deadline
- Experience covering council and school board meetings
- Knowledge of CP Style and about the Interlake and its surrounding communities would be an asset

Please forward your resumé along with three writing and photography samples to:

Lana Meier
Email: news@stonewallteulontribune.ca

Deadline to apply is Friday, October 7, 2022.

OBITUARY

Susan Mary Rivers

Peacefully, on Monday, September 19, 2022 at the Selkirk Regional Health Centre, Susan Rivers, aged 65 years of St. Andrews, Manitoba, beloved wife of Bill passed away.

Susan was born May 11, 1957 and is survived by her husband Bill of 43 years.

She was predeceased by both her parents John and Annie Pike and brother Wayne.

Susan's career was with MPI in Selkirk and moved to other locations and returned to Selkirk until her retirement. She was with MPI over 30 years.

Susan loved the outdoors, gardening, her gazebo but most of all she loved her dogs and cats.

Susan and Bill travelled extensively landing in Arizona for the last 12 years. Susan's love of adventure lead her to getting her motorcycle license and her love of nice cars lead her to her SSR.

Bill wishes to send a thank you to the compassionate staff at the Selkirk Regional Health Center and the Medicine Ward and Dr. Lindenschmidt. The kindness and professionalism shown was greatly appreciated.

In keeping with her wishes, cremation has taken place and no formal service will be held.

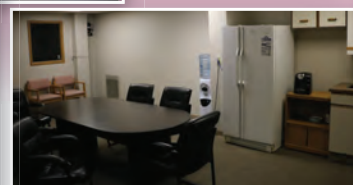

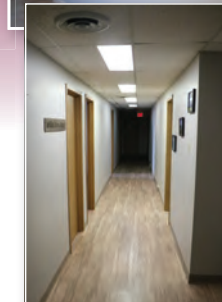

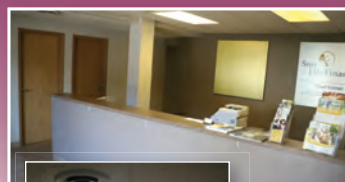

In lieu of flowers, memorial donations can be made to the Alzheimer's Society or the Selkirk Regional Health Center.

Condolences can be left on her tribute wall at www.gilbartfuneralhome.com

Gilbart Funeral Home, Selkirk in care of arrangements.

OBITUARY

**Marguerite Maude Fidler
(nee Bowman)**

August 6, 1929 – September 21, 2022

Peacefully, after a brief illness, Marguerite, age 93, slipped quietly into the arms of Jesus.

Left to mourn her passing, but rejoice in her release are her daughter Sheri, son-in-law Scott and beloved grandson Douglas; brother Gordon (Anne) and sister Irene as well as many nieces, nephews, extended family and friends.

Marguerite is reunited with her husband Cecil, daughter Christina, son Cecil Douglas, brother Ray and sister-in-law Lucy and parents Annie and Herb in Heaven.

While we are deeply saddened at her passing, there is joy in knowing that it is not goodbye, and that we will meet again. Mom has waited for the day when she would join Jesus for eternity.

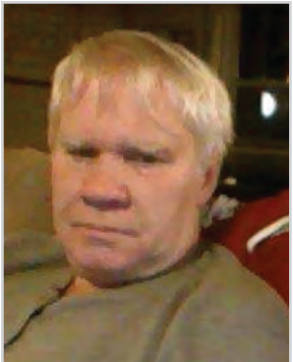

Funeral services will take place on Wednesday, September 28th at 11:00 a.m. at Selkirk Community Church, 6569 Provincial Trunk Hwy 9, Saint Andrews, MB R1A 4E6 with viewing one half hour prior. Reception and interment to follow.

Condolences may be left on her tribute wall at www.gilbartfuneralhome.com

Gilbart Funeral Home, Selkirk in care of arrangements.

OBITUARY

Ralph Miller

On September 22, 2022 in Selkirk, MB, Ralph Miller, passed away. His battle with dementia kept him strong and determined.

He leaves behind his wife Corrie Miller; son Patrick Miller (Dawn); two grandchildren he adored, Jackie Walls-Miller and Dakota Walls-Miller (Bronte).

Ralph will be honored with a short private gathering at Victoria Beach Pioneer Cemetery on Saturday, October 15, 2022.

Yet a little while and the world seeth me no more but ye see me because I live, ye shall live. John 14:18

In lieu of flowers please donate to the Victoria Beach Senior Scene, cheques payable to Senior Scene.

Condolences may be left on his tribute wall at www.gilbartfuneralhome.com

Gilbart Funeral Home, Selkirk in care of arrangements.

OBITUARY

Lila Mary Smith (nee Paulson)

It is with great sadness that we announce after a brief battle with cancer on September 19, 2022 at the Selkirk Regional Health Centre, with her family by her side at 11:56 a.m. Mom took her last breath and went home to be with her Lord and Saviour, whom she loved and served, where she will no longer suffer in pain.

Mom was predeceased by the love of her life Edwin (Dad); daughter Susan; great-grandchild Jazlyn; her parents Felix and Florence Paulson; little brother Gerry Paulson.

Left to cherish mom's memory, daughters Janice (Randy), Kim (Norm) and Karen (Doug); nine grandchildren, Jeremy (Jessica), Jenine (Dan), Jordan (Caycia), Preston (Larissa), Phylisha (Bailey), Pamela (Don), Brittany (Shanley), Peter (Mandi Brandi) and Leanne (Nathan); her loving 24 great-grandchildren; sisters Rita, Barbara and Emily (Maurice); brother-in-law Graham (Ada)

Smith; sister-in-law Dale Smith; numerous cousins, nieces, nephews and friends. Also her special friend and neighbour Diana and her dear old friend and sister Lois.

Mom was born August 10, 1938 in Selkirk, MB and was raised and grew up at Stony Point. Mom was an active member at Wayside Chapel and Selkirk Chapel, where she is greatly missed. Mom also volunteered at the Betel Home, where she would play piano and sing to the elderly. She and Dad would volunteer cooking at Faith Bible Camp.

She was a precious mother, grandmother, great-grandmother and friend who will always be remembered with love, for her open heart and home, with her great bakings and of course a good game of 5-crowns with family.

Funeral Service will be held on Saturday, September 24, 2022 at 10:00 a.m. in the Gilbart Funeral Chapel, Selkirk, MB with Ken Hayes and David Hnatiuk officiating. Interment will follow the luncheon at the Balsam Bay Cemetery.

Pallbearers are Jeremy, Jordan, Norman Yarish, Preston, Doug McLeod and Peter Differ. Honourary Pallbearer Randy Laye.

In lieu of flowers, donations may be made in mom's memory to Faith Bible Camp.

Condolences may be left on her tribute wall at www.gilbartfuneralhome.com

Gilbart Funeral Home, Selkirk in care of arrangements.

OBITUARY

Betty Porhownik (Orbanski)

Betty Porhownik, age 78, passed August 21, 2022 in Selkirk, MB. Betty is survived by her 3 sons, Kirk Porhownik, Cory Porhownik and Daryl Orbanski, granddaughter Danielle Verschoore and grandsons Connor and Carsen Porhownik. She was preceded in death by her husband Raye Porhownik. Betty was a remarkable woman, she took great care of those she loved and will be deeply missed by all that were blessed to know her. Betty loved her dogs, cooking, baking, flowers, her family and was always ready to whip up a meal for guests or those that were having hard times. She was a kind hearted, empathetic soul. Respecting her wishes there will be no funeral, the family thanks everyone for their condolences and kind words and stories they've shared about Betty.

OBITUARY

CJ Mowat

July 21st, 1989 - August 7th, 2022

It is with great sadness to announce the tragic passing of our dear son, brother, grandson, nephew, cousin, godfather, and friend CJ Mowat.

CJ leaves to celebrate this life, his mom Laureen (Joe), sister Sarah (Harlen), brother John, Granny Shadie, Aunts Janice (Doug), Charlene (Robert), Rhonda (Mervin), Leona (Sam), Uncle Brad, Godson Anthony Smith and numerous cousins and good friends.

CJ was born in Winnipeg but spent most of his younger years growing up in Matheson Island with his cousins whom he was like a brother to, and lived in Selkirk where he made many friendships, his bros, the wolf pack. He valued many friendships and cherished those moments with each. CJ loved skateboarding, playing and strumming his guitar. He could be found at the Selkirk skate park working on his tricks. He will pick up a guitar and strum many tunes such as "Wish you were here" by Pink Floyd. He loved music and songs from Metallica, Nirvana, AC/DC, CCR, and Johnny Cash. CJ valued his time with he spent with family and enjoyed family dinners. Pumpkin pie and meatballs were his favourite. CJ loved his little cousins and was called Uncle Cheejay. CJ had a gentle soul, he was kind, loving, caring, and a respectful young man. He always helped others and didn't ask for anything in return. CJ worked at Fresh Water Fish, the Peat Moss Plant, and the City of Winnipeg in Recreation.

CJ was predeceased by his Grandpa Bun, Uncle Sheldon, Great-Grandparents Nora and Tom Mowat, Great-Grandparents Eva and Alphonse Johnston, cousins Brent and Ernie Mowat, Kevin Smith, and Corey Thordarson, and best friends Barret Peterson, Devon Fontaine, Dylan Kirton, and Uncle Sydney Michaud.

A memorial service will be held at 2:00 p.m. on Friday, September 23rd 2022 at Gilbart's Funeral Home, Selkirk, MB. Honorary pallbearers will be his numerous cousins and friends. The service will be available via the link <https://youtu.be/f20PU03zX7c>

"The sun, the moon, the stars will be around reminding us of the love we shared and the peace you finally found" We love you CJ, fly high you have been set free.

In lieu of flowers, donations can be made to Ndinawemaaganag Endaawaad Inc. or Addictions Foundation of Manitoba in honour of CJ.

Gilbart Funeral Home, Selkirk in care of arrangements.

OBITUARY

Jack Mike Rogowski

Peacefully, on Saturday, September 17, 2022, Jack Rogowski, at the age of 73, passed away with his family by his side.

He will be lovingly remembered by his daughter Cynthia (Ray) Romanchuk; grandsons, Owen and Logan; son Jason (Ian); partner Diana Dickson; sister Helen; brothers-in-law Keith, Larry (Janet), Allan (Diane); and many nieces and nephews.

He was predeceased by his loving wife of 38 years, Elaine (nee Houndle); his parents Lena and Mike; and sister Marie.

Jack was born December 7, 1948 and raised in Komarno, MB. He married Elaine in 1972 and created a beautiful family in Petersfield. Jack had a long 37-year career at Manitoba Hydro working out of Gillam for a short time and then onto the Dorsey Station, retiring in 2005. In addition to Hydro, he was the community go-to person and was the definition of Jack of all trades, "modifying" as required.

He always offered his time and skilled hands to anyone in need. His stubborn nature often led others wanting to repay his kindness to no avail. You would often find Jack in the yard, whether keeping a perfect lawn in summer, or clearing snow in winter. The end of the driveway was always a welcome meeting spot to catch up with friends and neighbours. Jack took great pleasure in passing on his knowledge and skills, most recently to his grandson Owen; always considered a loving mentor. We will forever miss your hugs and warm embrace.

No funeral will be held, as Jack wished to have a private family gathering.

Flowers are gratefully declined; if so desired, donations can be made to a local charity of your choice. In honor of Jack, make someone smile today.

Condolences may be left on his tribute wall at www.gilbartfuneralhome.com

Gilbart Funeral Home, Selkirk in care of arrangements.

Your memory will live forever Engraved within our hearts
